Mayoralty of New Orleans.

COUNCIL OF MUNICIPALITY No. ONE, Sitting of Tuesday, 11th June, 1850.

SPECIFICATIONS concerning the Wharves and Levee in front of Municipality No. One. The contractor shall be bound to repair and keep in good order all the wharves and the levee in front of Municipality No. One, from Canal to Esplanade street, in the following manner, viz.—

As soon as there shall be a hole in the planking of said wharves, the contractor shall have the same repaired immediately; and as soon as there shall be a hole in the levee, he shall have the same filled up with hard materials, such as bricks or oyster shells, or gravel.

Whenever any portion of the wharves shall have sunk below the level which shall be fixed by the Surveyor, at least two feet above the highest water mark, it shall be the duty of the contractor to have the same raised immediately, either by means of clots, or by making a new work in the manner hereafter explained.

The piles shall be 12½ inches square at the top, and shall be driven from 15 to 25 feet in the ground, at distances of 10 feet from centre to centre. The head of the piles and the caps, which shall be 12½ inches square, shall be framed with 9 inch tenants and mortices. The joists to receive the flooring and the horizontal and inclined planes shall be 12½ inches square, placed at a distance of five feet from centre to centre, and shall be strongly nailed on the caps with drop nails, 16 inches long, ¾ of an inch square. The floor shall be of 3½ inches yellow pine or cypress planks, nailed with 6½ to 7 inches pressed spikes. In all that part of the steamboat landing where an inclined plane is necessary, there shall be driven at the outside edge of said inclined plane a double row of piles, which shall receive a cap 12½ inches squared, and shall be framed with 9 inch tenants and mortices. On the top of said cap shall rest a fender cap, 12½ inches square, which shall be bolted every five feet to the two other caps with two screw bolts of one and a half inch in diameter. The two first rows of piles shall be bolted together with two screw bolts of one and a half inch in diameter. The four rows of piles of the inclined plane shall be braced every ten feet with 12½ inch brace, which shall be bolted to each pile with a screw bolt one inch in diameter. Mooring posts 12½ inches square shall be driven at every 20 feet, and shall project three feet above the flooring of the wharves. Each mooring post shall be strongly fastened to the piles with two screw bolts of one inch in diameter. The wharves for the shipping shall have two fender caps, one at 3 feet above low water mark, and one at 1 foot below the flooring.

Whenever any part of the levee shall have sunk by the cause of the bank of the river caving in, or by any other cause, it shall be the duty of the Contractor to have the same filled up with river sand immediately after its becoming necessary, and to cover the same with a sufficient quantity of shells or gravel.

Whenever the Council shall deem necessary to have any wharf or portion of wharf extended into the river; to have the slope of any wharf changed; to have any portion of the batture filled up, in order to widen the levee, or to have any portion or the whole of the levee graded, it shall be the duty of the Contractor to have the same done agreeably to the foregoing specifications, without any extra compensation.

The outside edge of the levee shall, at all times, be kept on a level with the flooring of the wharves.

All the materials shall be of the best quality, and shall be furnished by the contractor.

The contractor shall comply immediately with all orders from the Mayor, Recorder, Surveyor, Deputy Surveyor and Wharfinger, relative to the repairs to be done by him; and in case of any neglect on the part of the contractor, the Surveyor is hereby authorized to have the work done at the expense of said contractor, and to report the same to the Council, which, on satisfactory proof, shall have the right to declare the contract, *ipso facto*, null and void without any application before a court of justice.

The contractor shall furnish good and solvent securities to the amount of $30,000, for the faithful performance of his contract; said securities to be renewed annually, or at the pleasure of the Council.

Payments to be made quarterly, on the presentation of certificate of the Surveyor, stating that the work has been executed, and the Treasurer retaining one third part of the amount of each certificate as a guarantee; the parts retained to be paid at the expiration of each and every year.

All the lines, levels and grades shall be given by the Surveyor, who will have the superintendence of the work.

COUNCIL OF MUNICIPALITY No. ONE, Sitting of Tuesday, 11th June, 1850.

RESOLVED, That the Mayor be, and he is hereby authorized to advertise, for thirty days after the promulgation of this ordinance, the leasing of keeping in repairs the wharves and levee of this Municipality, for a period of five years, in accordance with the specifications and terms herewith—the same to be given in two sections, say from Canal to St. Ann, and from St. Ann to Esplanade street, the contractor to furnish mortgaged security in the sum of twenty thousand dollars.

Resolved further, That the contractor will not be allowed to sell, transfer, or dispose of the said contract in favor of any person or persons during the term of his contract; otherwise the said contract will be declared forfeited, and the Surveyor is required and authorized to continue the same for account and risk of said contractor and securities except in case of death, or physical disability on the part of said contractor.

Ordinance respecting Dogs, in the Municipality No. One.

BE IT ORDAINED, That the owner of every dog shall place on such a dog collar, with the owner's name inscribed thereon; and further, that every dog shall wear a muzzle during the summer months, to-wit: From the first of May to the first of November in each year.

Be it further ordained, That it shall be lawful for every person to kill, except with fire arms, at any time, by day or night, each and every dog found in the streets of Municipality No. One without a collar, during the year round, or without a muzzle during the summer months.

Be it further ordained, That for each and every dead dog brought to the Watch House of Municipal Hall, the sum of one dollar shall be paid cash, under the control of the Finance Committee.

Be it further ordained, That it shall be the duty of the Captain of the Watch to send such dead dogs to the nuisance boat of the Municipality No. One, as soon as they are brought to the Watch House.

Be it further ordained, That all resolutions, ordinances, or part thereof, contrary to the present, be and they are hereby repealed.

MEDICAL.

[illegible]

SPRING AND SUMMER MEDICINE.

[illegible]

TEN THOUSAND CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

as it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Cleanse and Strengthen—Consumption can be cured—Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness of the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side &c., have been and can be cured.

Spitting Blood.

New York, April 28, 1847.

Dr. Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has been a wonderful change wrought in me. I am now able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 65 Catharine st.

Rheumatism.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter.

Blackwell's Island, Sept. 14, 1847.

Dr. Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep, or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully, JAMES CUMMINGS.

To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all of the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body—not so far stimulating the system as to produce a subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon childbirth ever discovered. It strengthens both the mother and the child, prevents pain and disease, increases and enriches the food; those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in costiveness, piles, cramps, swelling of the feet, despondency, heartburn, vomiting, pain in the back and joints, false pains, hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great virtue of this medicine is, it is always safe, and the most delicate and most successful; very few cases require any other medicine; in some a little castor oil or magnesia is useful. Exercise in the open air and light food, with this medicine, will always insure a safe and easy confinement.

Owing to the great success and immense sale of Dr. Townsend's Sarsaparilla, a number of men who were formerly our agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts to Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stolen and copied our advertisements, they are only worthless imitations, and should be avoided.

TRICKS OF QUACKS.

Let Everybody Read This Carefully.

THERE is a Sarsaparilla for sale in the different towns called old Dr. Jacob Townsend's Sarsaparilla. It is advertised as the original, &c. This is a notorious falsehood. While we exonerate many of the respectable agents for the sale of this miserable compound, throughout the country, from any participation in the fraud, we feel it our duty to caution the public against the tricks of the manufacturers, who unblushingly put forth to the world such notorious falsehoods.

Dr. Townsend has expended over $250,000 the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States, and a greater part of the world, the sale being enormous.

This excites the cupidity of certain unprincipled men, and an old man who has been engaged in peddling cheap publications for a number of years. This man's name is Jacob Townsend. He applied to a number of men to get employment, or to sell the use of his name to put up Dr. Townsend's Sarsaparilla, stating the large sales and sums we had expended in advertising, as an inducement to embark in the business. Among others he applied to Charles Watrous, Esq., editor of the Jamaica Farmer, who scorned such a proposition. Mr. H. G. Andrews, formerly one of the proprietors of the Atlas; Mr. Ralph Pomeroy, formerly cashier and head clerk of the broken shinplaster bank at Belleville, New Jersey; John Stillman and Wm. Thompson, under the name of Stillman, Thompson, & Co., have employed this old man, and agreed, as we understand to pay him seven dollars per week for the use of his name.

Another Trick.

We went to an expense of two hundred dollars to get up a splendid steel engraving for our Label, and had the portrait of Dr. Townsend on it to distinguish it from all others and prevent mistakes. These men are now getting up a label on steel, with a portrait of old Jacob Townsend—let the public decide upon such transactions, and let them remember that none is genuine and original, unless signed with the name of S. P. Townsend. The plate is engraved on steel and contains the portrait of Dr. Townsend, three female figures and a view of our factory. The spurious has no factory or female figures.

Dr. Townsend No Physician.

These men also publish that Dr. Townsend is no Physician. This, like all other statements, is false. Dr. Townsend attended two of the best medical schools in the country, has studied the different theories of medicine, and practised for the last fifteen years; has experimented several years and expended large sums of money in bringing his medicine to perfection.

☞ Among other recommendations of this article is, it is warranted to keep sweet in all climates.

☞ Prepared and sold by S. P. TOWNSEND M. D., 126 Fulton street, New York. ☞ All persons who want the Original and Genuine S. P. Townsend's Sarsaparilla, which has given such universal satisfaction in this city during the last three years, can procure the same of the *Only Agents* for New Orleans.

JEFFERSON ACADEMY,

58 Bourbon street, New Orleans.

CONDUCTED BY J. G. LORD.

THE plan of this Institution comprises a general and extensive system of education. Pupils are admitted at six or seven years of age, and can continue till their education is complete, or till they are prepared for their future pursuits in life.

They are distributed into classes according to their talents and advancement.

The premises are perhaps the best to be found in the city, with ample space for exercise and recreation, every necessary convenience is combined for an institution of learning on a large scale.

The Professors are gentlemen of talents, chosen with care. Good order reigns in the establishment, and efficient attention is paid to the moral conduct and improvement of the pupils.

Day and Boarding School for Young Ladies.

Founded in 1832, by Madame Lairis, and conducted since 1840, by MADAME DESRAYAUX; Burgundy street, between Customhouse and Bienville streets, New Orleans.

MR. and MRS. DESRAYAUX, formerly in Rampart street, having removed their institution upwards of a year ago, to more extensive accommodations, assure parents and guardians of youth, that their new building in Burgundy st. has met their expectations, and supplies every great and almost indispensable requisite—viz: ample accommodations, adapted to the object they had in view. It is scarcely necessary to state, that the building which they erected, is supplied with all the modern improvements for the comfort and convenience of domestic life, and for educational purposes. The apartments are spacious, airy, well lighted, and properly furnished. The large and well shaded garden in the rear of the building, purchased for the accommodation of the pupils, is found to be attended with many advantages, as regards health, exercise and amusement—in short, every arrangement has been made, at no small expense, to increase the facilities of education, to guard the health of the pupils, and to procure their comfort and happiness.

The Institution provides thorough and substantial instruction in every stage and department of education. It possesses great facilities for the acquirement of the French language, and for the cultivation of Music, and it is sufficient to say, that no efforts will be wanting to sustain the reputation which the School has already acquired in these departments.

DR. MACAULAY, who has taught in the Institution for upwards of five years, and who divides his time equally between it and Mrs. Macaulay's, takes the entire charge of the department of English Literature, including Natural and Moral Philosophy; and teaches not only the outlines, but enough of Mathematics, Chemistry, Geology and Astronomy, as to enable young ladies to understand all the ordinary phenomena which are constantly presented to their observation.

For further information, the proprietors of the Institution respectfully refer parents to their prospectus, published in pamphlet form, to be found at any book store and at the Institution. je5 ly

G. BOYER'S INSTITUTION,

No. 146 Conti street, between Dauphine and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, seizes this opportunity to make a new appeal to the confidence of parents.

The institution is conducted in a large mansion occupying a fine central position, being well ventilated, and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education, from primary instruction, to the more abstruse subjects which are specially the province of a collegiate course.

The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction.

Discipline, which must not be separated from assiduous study, was from a good education, ... to be regulated according to the age and character of the students and is tended to give them an accurate idea of duty and good behavior.

BRANCHES OF INSTRUCTION.

The English, French, Spanish, Greek and Latin languages, Mathematics, History, Geography, Elements of Natural Philosophy, and Philosophical Science.

Unreserved Sale to effect a Partition between heirs. Estate of the late M. Treme—Valuable and very elevated Tract of Land below the City.

BY J. A. BEARD, Auctioneer.

SATURDAY, 13th July, 1850, will be sold at auction, at 12 o'clock at Banks' Arcade, the following described valuable property, to wit:

A PLANTATION, situated in the Parish of St. Bernard, at about three miles below this city, and on the same side, bounded on the upper line by the Brick Yard, belonging to the estate of L. G. Hellsbergh, and on the lower line by the plantation of Mr. Nessville Bienvenu. Said plantation measures one arpent and 90 feet 3 inches front on the Public Road, by 80 arpents in depth, opening 2 degrees 3 minutes and 40 seconds, in such manner as to be 2 arpents, 36 feet and 9 inches wide on the South side of the rail of the Mexican Gulf Railroad, and from thence still extending and widening in the same proportion to the utmost depth of said property, and measuring altogether about 136 arpents, 63 yards and 9 feet superficial.

The batture in front is yearly increasing, and well suited to the purposes of a brick yard.

The land is high and dry, and susceptible of being cultivated as far as from 20 to 40 arpents from the river. There exists a Canal in the rear of said land, which serves for the transportation of firewood, lumber and materials. The buildings consist of a dwelling house, containing five rooms, with a front and back gallery, built upon brick pillars, 4 feet above the ground, kitchen, infirmary, negro cabins, hen houses, &c.

Terms—The purchaser will assume the payment of a stock note of $3,500, due on the 11th April, 1850, on 37 shares of the capital stock of the Citizens' Bank of Louisiana, payable by yearly instalments, or instalments, according to the charter; and for the balance of the price of adjudication, said purchaser shall pay one fourth cash, and the remainder at 1 and 2 years credit, for notes to be divided into coupons to suit the convenience of the heirs.

Act of sale before A. Ducatel, Esq., notary public, at the expense of the purchaser. jy2

BY JOS. LE CARPENTIER, Auctioneer.

SATURDAY, 24 August, 1850, at 12 o'clock M., will be held at the City Exchange, St. Louis street, at the risk of EDWARD H. KING,
