# THE MARKETS.

NEW ORLEANS, April 22, 1840.

REMARKS.—The market during the last three days has exhibited but little animation, in any department. The supplies of almost all descriptions of produce are amply sufficient to sustain an active business, but a recurrence of the extremes of red tape, and the consequent advance in the rates of freight have had the effect to check the demand for articles of export; and in this circumstance, mainly, is to be attributed the inactivity which at present prevails. The weather, since Saturday, has been clear and very warm.

Yesterday we received late intelligence from Liverpool to the 16th of March, and as that market is reported as having been even more buoyant and decidedly more active than before, the effect here was to add to the depression already existing, and to establish a decline of fully ½ of a cent in our previous quotations for qualities below good fair, prices for the finer grades being still maintained on account of their comparative scarcity. The sales yesterday were 2000 bales, and for the three days and S.N.O. which we notice as follows, of Louisiana and Mississippi 5 ⅛@7; 120 at 6; 67 at 5¾; 133 at 7 1-16; 25 at 7; 100 at 7; 7 ½; 47 at 8; 220 at 9; 22 at 7; 36 at ⅞; 110 at 9; 90 at 7; 65 at 7; 35 at 6; 116 at 8½; 63 at 7½; 34 at — 27 at 7½; 14 at 7½; into at 6 at 5; 75 at 8½ cents and 138 Louisiana and Tennessee at 8½ cents. Our quotations have been altered in conformity to the decline noticed above. We may once more congratulate the friends of strict economy on will being higher rates than we quote, and that poor ordinary can be bought below our lowest figures.

TOBACCO—There has been only a moderate business doing in tobacco since our last release. The demand, as then noticed, is chiefly confined to fine parcels of colorado, and there is a very limited supply of such, which, from positive scarcity, fully maintain previous rates, while prices for inferior and common lots are barely supported. The sales for the last three days amount to about 60 hds and as note—the sales follow: Virginia—5 hds at 3¼; 2 hds at 3½; 2 hds at 3¾; 2 hds at 3¾; 2 hds at 3¾
