Steam Dyeing Establishment.
[illegible] Street, between St. Philippe and Ursulines, and No. 73 Royal street, between [illegible] and Conti.

THE subscriber respectfully informs the Dry Goods Merchants and the public in general, that in return thanks for the patronage which he has been receiving so liberally at Conde street, he has opened a new store, No. 73 Royal street, for the convenience of the residents of the Second Municipality and of the first District of the First, where he will receive all orders relative to his profession, being now enabled through his steam apparatus, the only one in the city, to dye all colors, as they are done in France. Competent persons and judges are invited to call and examine the whole apparel; they will be convinced that it is in operation on the most approved principle. The pins formerly used in the process, are now dispensed with, thereby saving silks from being torn or scraped. The great rapidity of working enables him to afford a reduction in prices, and Dry Goods Merchants will find it their advantage to send him damaged goods, as they can be made perfectly new at such low prices as no other house can afford to take.

Dyeing and cleaning in general, of all kinds of goods, in whole pieces; of furniture calicoes and woollen goods: Carpets, Church ornaments, Ball and Theatre dresses, Costumes; Straw and Panama Hats; Paments, Cashmere shawls, the designs and ornaments being kept in their primitive colors all kinds of mournings at 24 hours notice, fast colors, Black dyed in any other color.
