NOTICE

Baton Rouge, AUDITOR'S OFFICE, 1st January, 1851.

LOUIS DUBUCLET, Auditor.

OFFICIAL.

PROPOSALS FOR CARRYING THE MAILS.

Extract from the act of Congress of 3d March 1845, section 18:

"*And be it further enacted.* That it shall be the duty of the Postmaster General, in all future letters of contracts for the transportation of the mail, to let the same, in every case, to the lowest bidder tendering adequate guarantees for faithful performance, without other consideration than the speedy, certainty, and economy of such transportation; nor shall any such contract be made after he required to purchase out, take at a valuation, the stock or vehicle of any previous contractor for the same route."

Bidders will be careful to read the forms and instructions appended to this advertisement. They are requested to state, in their proposals, the mode by which they intend to convey the mails. When the size and weight of the mails, or the speed called for in the schedules shall require it, the contracts will be made for coach, steamboat, or railroad conveyance, as the case may be, and, consequently, such modes will be let to bids proposing such mode of conveyance. In all other cases, the routes will be assigned to bids proposing the cheapest mode of transportation.

Railroad companies are specially notified that their regular bids are to be understood as including the supply of such offers on the line of their respective roads, not over a quarter of a mile from a depot. Separate proposals for offers more than a quarter of a mile off, will be considered.
