G. BOYER'S INSTITUTION,
No. 146 Conti Street, between Dauphine and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. This institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly well adapted. The course of studies, which expressly engages the attention of the pupils, extends over all the branches of learning which are necessary to a useful, polite and finished education; from primary instruction, to the most elaborate subjects which appertain particularly to the province of a collegiate course. The disciplinary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from assiduous study, nor from a good education, is conducted with solicitude. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

—BRANCHES OF INSTRUCTION—
The English, French, Spanish, Greek and Latin languages, Mathematics, History, Geography, Elements of Natural Philosophy, and Philosophical Science.

—TERMS—
Day Scholars, $ 6, 8, 10 per month.
Half-Boarders 15, " " payable quarterly
Boarders, 25, " " in advance.

YOUNG LADIES' ACADEMY.

MADAME PARENT has removed her Institution to Customhouse st., between Royal and Bourbon, No. 88, the house heretofore occupied by Mme. Granet, and is ready to receive boarders, half boarders, and day scholars. There is a very large yard, together with a garden for the young ladies to amuse themselves. The apartments are vast and well aired. There is every advantage and inducement offered to parents, as to the moral and intellectual cultivation of the minds of their daughters. The best Professors are employed. Every branch of a solid and refined education is taught, in both languages, with accomplishments such as drawing, Painting, Embroidery, &c.

MADAME PARENT would inform the public that she has made permanent engagements with Professors Le Sesque and Aschnaity, late (principals of the Franklin High School) It would be superfluous to add anything respecting the two distinguished talents of these gentlemen, so long known and so justly appreciated in the community at large. The former has charge of the French language and French literature; the latter, the superintendence of the higher English classes and natural sciences.

The Musical department is under the direction of three of the most competent and acknowledged talents in the city.

Professor Allston has the special charge of the Mathematical branches.

Mr. Genibrel has been engaged as a Teacher of Vocal Music.

For terms apply at the Institution. Parents are permitted to visit this institution on Sundays.

Once a week, (Saturday,) between 12 and 1 o'clock, the young ladies assemble in the parlor, in order to acquire those polite and graceful manners so necessary to young persons when they enter society.

SHOLASTIC YEAR, 1851-1852.

THIS Institution which for the last twelve years, has followed a constant career of progress and prosperity, has resumed its usual course of studies since the first September.

Madame Deron, formerly a pupil and professor of the "Maison Royale of St. Denis," and a graduate of the University of France, ... [illegible] ...

The locality of the institution well known and appreciated in New Orleans, as one of the most suitable and salubrious in the city, is perfectly well arranged; the class and study rooms and dormitories are spacious and airy, looking over several gardens, and there are besides a hand some yard and a terrace sheltered from the sun and intended for the recreation of the pupils.

The general instruction is given both in French and English; it embraces all the branches which constitute a finished education for young ladies. The English language is the object of especial care, the Creole pupils are required in their communications with each other, and with their professors, to speak the English language exclusively.

Mr. Orton, who has been attached to the Academy from its foundation, directs a great part of this time to impart to the pupils of the higher classes, a thorough knowledge of the English language and literature, the other classes are intrusted to well qualified American governesses.

Madame Deron has reserved to herself the direction of the French classes. She has besides secured the assistance of an excellent Professor of the higher sciences. Monsieur H. Jagon, who divides with Monsieur H. Deron and Madam Deron, the care of the French department.

The Spanish language forms a part of the system of study.

With respect to religious instructions M. l'Abbe Tholomere, whose zeal is so justly appreciated, continues to prepare the pupils for their first communion in the chapel of the institution.

MUSIC.

The study of Music is the object of particular care. Madame Levilleleuve, an artist of the higher order is attached to the institution as Professor of the Piano and Harp. A course of Vocal Music by one of the best Professors of the city.
