COMMERCIAL.

FRIDAY EVENING, August 8, 1856.

Our general market has [illegible] no [illegible] changes during the week [illegible] still been [illegible] in all [illegible] stocks and light receipts. Cotton [illegible] Sugar has advanced. Flour and Grain [illegible] quest for export, and [illegible] for them [illegible] in India Bagging and Gunny Bags, the transactions have been large, and prices have materially advanced.

COTTON.—Arrived since the 1st instant, [illegible] bales. Cleared in the same time for Boston, [illegible] bales, New York, 115 bales—making a reduction in stock of [illegible] bales, and leaving on hand a stock, &c., of [illegible] bales.

The past week has been again a period of dullness and inactivity in our Cotton market, the receipts being yet so very scanty and the stock so small and ill assorted, as to prevent buyers from operating even for the few small orders which are held here for European and Northern account. The sales of the week embrace barely [illegible] bales, including [illegible] on Saturday, [illegible] Monday and Tuesday, 300 on Wednesday, and [illegible] yesterday and to-day, taken mostly for England, and at rates conforming to our last week's quotations, which we repeat. Three more bales of new crop have been received, one from Carroll parish, Louisiana, and the others from Waterloo. The receipts of new thus far are only five bales against 181 bales to same date last year.

TOBACCO—The market has exhibited a still more quiet appearance since our last review, the views of holders being above those of buyers, who, however, generally continue pretty firm, owing to the continued unfavorable advices in regard to the coming crop. The sales, however, up to this morning, have not exceeded 300 hhds., mostly sales not made public, but supposed to be at about the range of our quotations, which, though, of course, little better than nominal, are repeated for the present.

SUGAR.—The market, with a better demand, has shown more firmness this week, and prices are higher, the total sales being about 120 hhds., at rates within the range of the following quotations: Inferior, 5¾@6—c; common, 7@8¾; fair to fully fair, 8¾@9c; prime, 9¾@9¾; clarified, 9@10¾c ℔ lb.

MOLASSES.—This article, with limited receipts, has continued dull and neglected, the nominal range of prices, however, being still 32@40 and 47c ℔ gallon for inferior fermenting to choice reboiled. Refinery reboiled, in very limited request, also at 40@45c ℔ gallon in bbls. and 52@55c in half bbls.

FLOUR.—We have again to notice a good export enquiry for superfine, and in consequence of which, prices have been pretty well sustained, with sales up to last evening of about 10,000 bbls. at $6 61¾@$6 87½ for good to choice superfine; $5 25@$5 5 for fine, and $7@7 75 and $8 for ordinary to choice extra. Yesterday the ruling rate for superfine was $6 75, some holders asking higher rates for lots in store.

CORN.—The arrivals continuing trifling, prices have still tended upward, andstill the receipts, besides some lots in store, (comprising about 12,000 sacks) have found buyers quite ready at 61@75c. ℔ bushel for ordinary mixed to prime white. The stock in store is unusually light, and held at 75c. and upwards.

WHEAT.—This article has continued in active request for export, and prices have advanced 5 to 10c, with sales of about 8500 sacks at $1 45@$1 55 ℔ bushel for ordinary red to prime white, the ruling rate for the former being $1 50 ℔ bushel. Yesterday 5 00 sacks (half prime white) sold at $1 55 round.

BRAN.—Prices have again improved, the latest sales being at $1 10@$1 15 ℔ 100 lbs. for lots of 200 to 300 sacks on the Levee.

HAY.—The market is dull, and prices may be quoted at $24 50@$25 ℔ ton for Western.

PORK.—Extreme dullness has continued to prevail in the Pork market, and so limited have the transactions been, as to render prices little better than nominal at $[illegible]@$[illegible] 75 for Mess, the latter being a mere retail rate. Yesterday and to-day, little or nothing has been done except by retail at about $20 50 for Mess.

BACON.—Prime meat being scarce, prices for it have advanced, the ruling rates recently being 10¾@11c for prime ribbed and clear Sides, and 8¾@9c. for Shoulders. Hams dull at 9¾@14c. for ordinary plain to choice and extra brands of sugar-cured. Yesterday 15 casks good ribbed Sides sold at 10¾c, and 20 of Shoulders at 9c ℔ lb.

BEEF.—Some small transactions have taken place at $14@$15 for Mess in bbls., and $7 50@$8 in half bbls., and $9 50@$10 75 ℔ bbl. for prime.

LARD.—Early in the week 450 tierces prime were purchased for Havana, at 12¾c., and 500 kegs at 13¾c. ℔ lb., since which nothing of any consequence has been done, except 300 kegs prime at 13¾c., and 200 choice at 14c ℔ lb.

BUTTER AND CHEESE.—Prices are nominally about the same as last week, say 16@18c. for Western Butter, and 10@11¾c. ℔ lb for Cheese.

BAGGING AND BALE ROPE.—Kentucky Bagging has improved, with sales of 900 to 1000 pieces hand-loom at 18@[illegible]c, according to quality, though power-loom, which is scarce, is held at 20@21c ℔ yard. India has been quite active recently, and the advance is sustained, the last transactions being at 21@23c ℔ yard. Bale Rope continues firm, and moderate sales are making at 10¾@10¾c. for hand-spun, and 11@11¾c. cash for machine manufactured.

GUNNY BAGS.—These articles have been in considerable request, and 4500 to 4300 bales were sold up to Thursday, at 13@16c. for light to fair weight, and 15¾@16¾c. for extra heavy, holders now asking a further advance.

WHISKY.—We have another dull week to record in the market for this article, the sales having been confined to a few hundred barrels at 31@33c for ordinary and extra brands of Rectified, and 34@35c. ℔ gallon for Raw. Yesterday 30c. was refused for several hundred barrels Rectified held at 31@32c. ℔ gallon.

COFFEE.—Still another week of dullness must now be noticed in the Rio Coffee market, the sales not exceeding 1500 bags at 10@10¾c., mostly, though small parcels have brought 11c. ℔ lb for prime quality. The week's receipts are 6800 bags, making a total of 375,715 since 1st September. Stock on hand to-night about 38,000 bags against 7000 at same date last season.

SALT.—Early in the week a cargo of 3000 sacks Liverpool coarse was sold at $1, to arrive, since which little or nothing has been done either in Liverpool or in bulk Salt.

STAR CANDLES.—Dull, but selling occasionally at 28c. for full weight, and 25c. for light.

RICE.—This article has been more active at about 4¾@5¾c. for fair to prime and fresh beaten Carolina.

TALLOW.—Some 300 bbls. have been contracted for or sold this week at 10c. ℔ lb—a further advance.

NAVAL STORES.—The demand has been limited at about previous rates for Spirits of Turpentine, of which about 250 bbls. were sold at 31@33c. cash, and time. Of Rosin, we have noticed sales of nearly 1000 bbls at $1 [illegible]@$1 35 for common and No. 2, and $1 50@$2 25 ℔ bbl. for ordinary to extra No. 1. [illegible] bbls. Florida were also [illegible] at $3 1 25 ℔ bbl.

ALCOHOL.—Holders ask 80@90c., but we notice a sale of 50 bbls recently at 55¾c. ℔ gallon.

LIME.—Thomaston and Rockland have been selling of late at $2@$2 25c., and by the single package at $2 50 ℔ bbl.

LARD OIL.—This article has been retailing at 90¾c. ℔ gallon for the best, and round lots held at 80c., with few buyers.

EXCHANGES.—The rates have not varied materially, and close about as follows:

Sterling, 10¾@11¾; Francs, 5f 06¾@5f. 15; New York sight, ¾ @1¾ and 1¾ ℔ cent disc; New York Sight, par @ ¾ prem.

FREIGHTS.—The market has been inactive, and we notice only one ship taken up for Liverpool at 6c ℔ lb. for Tobacco, and one or two for Havre, some large lots of Wheat being shipped to the latter port at 25c. ℔ bushel. Cotton to Liverpool 13-32@7-16d.; Flour 2s. 6d., and Wheat 8d.

DAY AND BOARDING SCHOOL.

UNDER THE DIRECTION OF MADAME PARENT, *Corner of Rampart and Du Maine streets.*

THIS Institution occupies one of the best locations in the city with respect to health and many other important advantages. The building is magnificent, the apartments are vast and well ventilated, and are particularly well adapted for classes.

There are four fine dormitories with dressing cabinets; also spacious galleries all through the house; a splendid terrace commanding a most beautiful view of the city as far as the Lake.

The best advantages are offered to parents, as to the moral and intellectual cultivation of the minds of their daughters.

Madame Parent is always present with her pupils; she teaches during the hours of class, and superintends the different divisions. There is an ample number of the best professors employed, besides ladies residing in the institution.

Every branch of a solid and refined education is taught in both languages; all accomplishments, such as Drawing, Painting, Dancing, and Embroidery, &c. *The Musical department (including vocal and instrumental) is conducted by four of the most competent and acknowledged talents in the city.*

It would be superfluous to say anything respecting the special attention that is paid to the English, it being Madame Parent's native language. The best guarantee that she can give to the public is that the French young ladies who have been educated by her speak it as fluently as their mother tongue.

For terms, apply at the Institution, where prospectuses can be obtained.

YOUNG LADIES residing at a distance in the different Districts, will be conveyed gratis to and from the institution. s26

DAY AND BOARDING SCHOOL FOR YOUNG LADIES.

UNDER THE DIRECTION OF MADAM CHARPAUX,

At the corner of Bayou and Claiborne streets.

THIS SEMINARY, whose existence dates some six years back, has met with a success that proves, beyond all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Mad. Charpaux will spare no pains to make her seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city, and the better to consult the health of her pupils, she has had spacious and elevated apartments built on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preparatory catechisms all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and an artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eye of the professor. The study of the notes will precede the performances, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the pupils, and improve their singing, on the morning of the last Saturday in every month there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer the classes will open at 8 o'clock, and close at 2. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 3. Re-open at 4½ and close at 6 o'clock, P. M.

St. Louis Institute.

213 Dauphin street, between Ursulines and Hospital.

MRS. DEBON tenders her thanks for the confidence reposed by parents in her Institute, which she has found in the same prosperous condition, and she hereby renews the assurance of her zeal and devotion to the welfare of their children. Mrs. Debon has been enabled, by her residence in Paris, to study the new systems in the education of young ladies; she has visited the most renowned Academies, and intends to adopt for her establishment a plan based upon what she has seen.

Mrs. DEBON wishes that modest and elegant manners be imparted to her pupils whilst receiving a solid instruction based upon morality and religion; in a word, a complete education, which will enable them one day to guide their own children. She hopes that her motives will be appreciated by intelligent mothers, who prefer profound studies to a brilliant success in a public exhibition. The award of premiums in the St. Louis Institute, following a serious examination, will then always be a family fete, but none but parents feeling an interest in the progress of the pupils will be admitted.

Music, as well as general instruction, (which will not interfere with the latter,) will be carefully and constantly attended to. Mrs. Debon has engaged in France, for her establishment, the services of an Italian lady, who is an excellent professor and very talented singer. The course of solfeggio and singing cannot fail to be admirably conducted by Mrs. TACCANINI TASCA, whose splendid voice will always be assisted by her excellent method. Pupils in the city can be taught by Mrs. Tasca at the Institute.

NOTICE.

Mrs. DEBON having often been applied to for private lessons by young ladies who could not follow the regular classes, a French class, on the plan of Misses Bossy and Levi, in Paris, will be opened on the 1st of January next, three times a week, in the establishment, and be divided into a primary and superior class. The pupils of the establishment will, of course, be the first admitted to the same, and will doubtless contribute to the progress of the newcomers by exciting a general emulation.

Mothers may attend the course, should they choose to do so. dec3 12t
