BOARDING AND DAY SCHOOL

FOR YOUNG LADIES,

Under the Supervision of Madame ED. LOCQUET,

No. 203 Camp Street,

BETWEEN JULIA AND ST. JOSEPH STREETS.

THIS establishment, founded by Dr. and Mrs. McCauley, whose high reputation has never been questioned, will commence its sixteenth session on the 19th of September.

Mme. ED. LOCQUET, assisted by her sister, Mme. FRANCOIS LOCQUET, with whom she has associated herself, will use her best endeavors to continue to merit the confidence reposed, for so many years, in her predecessors.

Professors of the highest talent are employed in all the branches, both useful and ornamental. Piano, Music, and the study of the Solfege, will be taught exclusively by the Mmes. LOCQUET, whose reputation as professors of music has been so well appreciated by the numerous families who have confided to their care young ladies.

The French language, the native tongue of these ladies, and after the acquirement of which is now indispensable to signed education, is taught with the utmost care and is spoken in the Institution. Young ladies will thus have, in their constant intercourse with three teachers, every facility possible for perfecting themselves in this language.

This establishment is commodious and well ventilated, and has recently been entirely renovated, with the utmost regard to the comfort and health of the pupils.

Mme. LOCQUET respectfully invites parents and families to call and visit her school, where prospectuses, with all other information which may be desired, can be obtained.

Letters of inquiry will be promptly attended to by the Principal.

TO COTTON PLANTERS.

I TAKE pleasure in announcing that Messrs. MANDEVILLE & McILHENNY are my authorized agents in this city to make contracts for the use of MY INVENTION

FOR SPINNING UP THE SEED COTTON ON PLANTATIONS INTO YARNS, AND ALL BUSINESS IN RELATION TO IT.

I will only say here that I make the same capital, the same location, the same steam power, the same expense, very nearly that now bales, gins and bales the cotton. I spin it; that with the addition of machinery costing about one-half what the planter now expends for the first year will be, and which is attended by surplus labor of the plantation, [illegible] MORE THAN DOUBLE THE PLANTER'S NET INCOME.

We spin the best yarns in the world. The danger from fire of the gin-house is immensely reduced, with many other advantages of great value, not the least of which in importance is, that all this is now fully demonstrated by the actual operation of the machine on the plantation of Col. Geo. S. Yerger, near Yazoo City.

Planters desiring more full particulars are referred to my circular, in which are given the reasons in obtaining testimonials.

Applicants for agencies will please address them, in closing testimonials,

GEO. G. HENRY.
