To Cotton Planters.

I TAKE pleasure in announcing that Messrs. MANDEVILLE & McILHENNY are my authorized agents in this city to make contracts for the use of

MY INVENTION

[illegible] SPINNING OF THE SEED COTTON OF PLANTATIONS INTO YARNS, AND ALL BUSINESS IN RELATION TO IT.

I will only say here that I make the same capital, the same location, the same steam power, the same hands do very nearly that more rations, gins and bales of cotton, to spin it; that, with the addition of machinery costing about half what the increased value of the yarns the first year will be, and which is operated by surplus labor of the plantation, in little [illegible] to 16, women, and old men inefficient as field hands, I DOUBLE, OR MORE THAN DOUBLE, THE PLANTER'S NET INCOME.

We spin the best yarns in the world. The danger from fire of the gin house is immensely reduced, with many other advantages of great value. And [illegible] of great importance is, that all this is fully demonstrated by its successful daily operation on the plantation of Col Geo. S. Yerger, near Yazoo [illegible].

Planters desiring more full particulars are referred to my agents, as above.

Applicants for agencies will please address them, enclosing testimonials.

OFFICE OF THE BEE.
FRIDAY EVENING, Nov. 11 1859

A good demand still prevails in the Cotton market, but in other articles we have had only a limited business to report during the past week. Sugar and Molasses have arrived rather more freely, but operations are still of a moderate character, and the former has further declined. Flour has advanced, and Grain has brought full prices. Provisions of most descriptions have been firm, though lard has declined. Freights continue in good request, without any alteration of moment in the rates. Exchange has been heavy and drooping.

We this morning published the Hungarian's accounts, embracing Liverpool dates to the 2d instant, the Asia, with advices to the 29th ultimo, not having arrived. The Hungarian reports sales of 30,000 bales Cotton during the three days, with a considerable advance in prices for the fair and middling grades, and quotes Middling Orleans at 7 7-16d, and Middling Uplands at 6 15-16d, the market closing with a continued advancing tendency. The sales included 7000 bales for export and speculation.

COTTON.—Arrived since the 4th instant, 72,742 bales. Cleared in the same time for Liverpool 42,535 bales, Fleetwood 1586, Havre 11,322, Barcelona 1798, Bremen 381, Antwerp 2150, Vera Cruz 821, New York 1513, Boston 3020, and Providence, R. I., 3444 bales; together, 71,810 bales, making an addition to the stock of 932 bales, and leaving on hand, including all on shipboard not cleared this day, a stock of 282,918 bales.

The Cotton market has presented a firm and buoyant appearance during the greater part of the past week, buyers having come forward freely and paid full prices for most qualities, especially for the middling grades and good clean descriptions. The sales of the week have amounted to about 65,000 bales, of which 12,000 were taken on Saturday, 12,000 on Monday, 12,500 on Tuesday, 12,500 on Wednesday, 7000 yesterday, and 9,000 to-day, the market closing at the range of our quotations, as follow:

GOUT AND RHEUMATISM

CURED BY THE ANTI-GOUTY WINE OF DR. D'ANDURAN.

Some centuries pathologists have been looking in vain for a remedy of a durable efficacious action against gout, and acute, and chronic Rheumatism. A great many preparations have been used with more or less success, but none ever obtained so speedy and safe effects as the Anti-Gouty Wine of D'Anduran.

It is not wonderful to see a gouty patient writhing on his bed under the most excruciating torture, and at once, as it were, delivered of his pains by the use of this remedy? Such, however, is the positive truth.

Suffering from the gout for fifteen years, so much so that he could not attend to his sick list, the author set himself to study specially arthritic diseases, and after a series of experiments on himself, succeeded to compose a remedy which cured him of this cruel malady. Doctor D'Anduran offered his preparation to the Medical Faculty; a large number of physicians, both in France and abroad, submitted it to the severe test of experience, and obtained wonderful results. Thousands of certificates attest its power.

My object was not only to alleviate pains from the gout, says Dr. D'Anduran, but to destroy even the germs of the disease. All the writers and my own experience demonstrate that gout comes after suppressed perspiration, irritation of the intestines, &c. My remedy is not against these various stages of the disease. It has been found that gouty patients experience a great alteration of the cutaneous, urinary and intestinal secretions. The Anti-Gouty Wine is at the same time a purgative, sudorific and diuretic; it destroys alterations in the bile; the urine is modified immediately, and a chemical analysis can prove it, so much so that the uric acid which it contains will sometimes be doubled in proportionate quantities for the patients who use the Anti-Gouty Wine.

Suppressed perspiration being one of the most efficient causes of gouty and rheumatic affections, this remedy, acting as a sudorific, will modify and reopen perspiration, which in most cases is constantly stopped.

During treatment, patients need not subject themselves to any particular diet; they are expected to be temperate, but without any excess of privation.

Every bottle bears a label with the author's signature, and is delivered with a treatise showing the method of using it. Also signed by Dr. D'Anduran, all others are counterfeit. The bottle is enclosed in a pasteboard box, wrapped up in a label bearing the author's stamp. Price 18 francs.

CONSULATE OF THE UNITED STATES OF AMERICA.

This 31st day of November, 1858, I, the undersigned, EDWARD B. BUCHANAN, Consul for the United States of America, for the port and county of La Rochelle, (France) certify by these presents that ALEXIS D'ANDURAN, a physician of this city, has exhibited to me certificates recommending his method for the cure of gout and rheumatism. These certificates emanate from persons well known to me, and attest that his curative method and remedy are applied for these diseases in the hospitals.

I must also add, at Dr. D'Anduran's request, that I have heard trustworthy persons mentioning numerous cases of remarkable cures obtained by the use of his ANTI-GOUTY WINE.

Given under my hand, and sealed with my seal of office at La Rochelle, the day and year above stated, and the 83th year of the independence of the United States.

EDWARD B. BUCHANAN.

DIAPALMOUS PLASTER OF CAMPHORATED ACONITE.

After gouty pains, there remains in the articulations a weakness and torpor which it takes a long time to dispel; to effect a complete cure, use this diapalmous plaster, also composed by Dr. D'Anduran; it will give tone and strength to all weak parts, and produce a most excellent effect. This plaster is also recommended in all irritations of the chest, bladder, &c. Price of the roll, 25 cents.
