On motion of Mr Sindell, it was ordered that said account be paid upon the completion of the labor.

New Orleans, April 4th, 1844.

Felix Garcia, Esq., President of the Court of Impeachment.

Dear Sir—At the time of giving my testimony before the Court of Impeachment, in the case of Judge Elliott, introducing, by order of the Court, the witness for naturalization, sent to me, by the Clay Club, I reserved to myself the return of these orders, and I understood then, that they were to be returned to me, but as from a conversation yesterday with the Secretary, I apprehend that some difficulty may arise after your adjournment; I deem it proper to request, that you, in the order for your adjournment, for the return of those orders to me, after your adjournment, as they are absolutely necessary to the settlement of the claim of Mr Phillips, for the naturalizations made at Judge Elliott's Court, being the only evidences of my authority for acting in the matter.

I have the honor to be, respectfully, your obt. serv't,
J. GIENNIE.

On motion of Mr Sparrow, the Secretary was authorized to deliver all the original documents used in the trial of Judge Elliott, to the owners or guardians thereof, with the exception of the records and documents belonging to the City Court of Lafayette, until a successor to Judge Elliott be appointed.

On the motion of Mr Downs, Mr Garcia was requested to retain said resignation till further steps be taken by Mr Thibodeaux himself;

And on motion of Mr Downs the Secretary was directed to inform Mr Thibodeaux thereof.

Mr Garcia presented the following Resolution,—

Whereas, by a Resolution adopted on the 25th March, 1844, providing for the payment of the expenses of the Senate, sitting as a Court of Impeachment, it is necessary that the vote of the Senate be taken on those expenses; therefore,

FORMERLY THE LANGER INSTITUTION, DIRECTED BY L. SIRET.
No. 120 Bernards street, on a spacious and airy piece of ground.
MR. LOUIS SIRET, for the last three months Director of this Institution, deems it more proper to inform the friends of the Institution, that he has adopted the Normal Seminary.
He is disposed to preserve, as far as practicable, a family atmosphere in the hot house, a system of instruction which, by its ephemeral results, too frequently encourated in a hurry rather than an economy of time, and the need adopted in large wholesale establishments, to the exclusion of individuality of care, without due regard to the diversity of vocations and capacities.
In the course of studies already begun or about to be begun—a course which each family may pursue just as far as it may wish the pupil to go, the study of the Latin, French, lessons graduated upon all subject pertaining to a primary or secondary course of Elementary instruction:
Grammar, Natural History,
Geography; Street and Latin;
Rhetoric; Literature, &c.
In the space of six or seven years, a complete course of studies may be requisite to ensure the degree of Bachelor of Arts, which constitutes the entrance into the portals of a thorough education. Mr Louis Siret hopes that he may thus be enabled, in some degree, to diminish the evils of a number of years spent in the study of Latin, Greek, and the time and law, by preparing them in advance, according to the programme published by the University of France, for the examination which alone precede their admission to the superior schools.
TERMS:

Elementary Studies 1 year,	96
Primary do 2 do,	96
Secondary do 3 do,	96
Half boarders will pay,	48
Full boarders (washing included),	48

For further information, apply at the Institution, between the hours of study, i. e., from 1 to half past 3 o'clock, P. M.

The proprietors of the High School desire it their duty to offer to the public a guarantee against any connection whatever with an institution advertised to be opened at Mandeville, including to itself the name of the Lycée d'Orléans School. The advertisement relating to this concern was inserted in the newspapers without the knowledge of the undersigned, and continues to be inserted, &c.
