COMMERCIAL.

OFFICE OF THE BEE, Friday Evening, Nov. 25, 1859.

A moderate business has been done in our general market during the past week, the supplies of Western Produce still being restricted by the condition of the upper rivers. In our leading staples, however, the movement has been active, with an advance in the rates for Cotton and Sugar. Tobacco continued very dull, and prices of Flour and Grain have tended in favor of buyers, the latter showing a heavy decline. Provisions of all kinds have been inactive and depressed. Freights have declined, while Exchange has been very firm.

On Monday morning we published the Canada's advices, embracing Liverpool dates to the 2th inst. They reported a firm Cotton market, with sales of 70,000 bales for the week, including 16,000 bales for speculation and export. Fair Orleans being quoted at 8d and Middling Orleans at 7 7-16d. Some authorities quoting an advance of 1-16@⅛d. over these figures. The stock on hand was 417,000 bales, including 308,000 Americas. At Havre Orleans Bas had advanced 1 franc, with sales of 9500 bales during the week.

COTTON.—Arrived since the 18th instant, 73,644 bales. Cleared in the same time for Liverpool 37,664 bales, Grimsby 2905, Havre 7015, Genoa 2979, Barcelona 2820, Bremen 1445, Boston 2638, New York 63, and Baltimore 151 bales; together, 57,483 bales, making an addition to the stock of 16,161 bales, and leaving on hand, including all on shipboard not cleared this day, a stock of 324,103 bales.

The week opened with a very fair demand, and the sales of Saturday embraced 9500 bales at full prices. Subsequently we noticed still more animation in the market, with sales of 43,500 bales during the following three days, mostly at an advance of ⅛c ℔ for the middling and better qualities. Yesterday was a holiday, in observance of which the banks and public offices were closed, but still we noticed a fair demand, and 7500 bales were sold at prices freely up to our previous quotations. To-day some 7,500 bales have changed hands, making a total for the week of 63,000 bales, and the market closes firm at the following quotations:

The market continues very dull, and the sales of the past week have been confined to a few limited parcels, summing up barely 100 hhds. for the week, of which all were on private terms, except 6 hhds. at 5¼ ℔.

DUCONGE'S PECTORAL BALSAMIC SYRUP.

THE virtues of this purely vegetable syrup have been acknowledged for so many years that it is useless now to praise its efficacy for stomach, pulmonary and bowel complaints. Its success has long since been admitted in cases of inveterate cough and asthma, bronchitis, inflammation of the throat, the stomach and the bowels, the spitting of blood and whooping cough.

In inflammatory diseases, such as rheumatism, diarrhoea and dysentery, the above syrup has been of immense benefit, especially in cases of cholerine, which, when neglected, so often degenerates into cholera.

In diseases of the lungs, the most favorable result has been obtained whenever taken in time.

The Pectoral Balsamic Syrup has, over others of the same kind, a precious advantage, for, as it is pleasant to the taste and to the smell, children take it without the least difficulty, and all age, to this particular diet.

Prepared and for sale at the proprietor's manufactory, No. 36 Chartres street.
