THE splendid Hotel St Louis, being nearly finished in an elegant style, proposals for its lease from the 1st November next, will be received at this office.

Persons desirous of making applications may obtain at all times from the Cashier all the information they may require, and the proposals under seal must be addressed to the President and Directors on or before the 20th August, next.

By order of the Board L. BERNARD,

jy10 Cashier.

For the information of persons in other parts of the United States who might feel inclined to take advantage of this opportunity of securing the use of this splendid establishment it is thought proper to give the following description.

The Hotel forms part of the handsome block of buildings known as the City Exchange and St. Louis Hotel. Previous to its destruction by fire in February, 1840, this edifice was styled the PRIDE OF THE SOUTH, and by its re-establishment it has rather been improved in style and convenience.

There is an entrance in St. Louis street, near the vestibule of the Exchange and Rotunda, and the main entrance is in Royal street through a handsome vestibule with a large winding stair way leading to the upper part of the building.

The second floor is comprised of one large dining room or ordinary 96 feet in length, 40 feet wide and 19 feet high. One ladies dining room or ordinary; and one parlor, each 41 feet by 38 connected by large sliding doors 22 feet wide, two small rooms in the rear, divided by a passage, leading from the ladies rooms above described to the stair way in St. Louis street, also the splendid ball room over the exchange, but which does not form part of the premises to be leased.

The third floor comprises 4 rooms fronting on Royal street, 21 by 21 feet each, 4 setts of rooms, each 19 feet by 16 and 16 by 12, connected by doors, 4 ditto ditto each 18 by 16, and 16 by 12, and two rooms 20 by 14, all intended for families.

The fourth floor besides a front of 100 feet and upwards in Royal street, extends on St. Louis from Royal to Chartres streets, 320 feet, and comprises 61 rooms, 10 by 16 &c.

Besides the above, there are in each of the 3d and 3d floor, one room fronting the yard 22 by 16 feet.

The kitchens and cellars are, in the first floor 84 ft. by 30, and over them on the half floor 11 servants rooms 12 by 10 feet each, with a back stairs leading to all the floors.

Besides other conveniences, such as supply of water and handsome fixtures for gas light &c., there are two large reservoirs in the 4th floor containing one 6 and the other 5000 gallons of water. L. B., Cashier

GUILD'S PATENT COOKING STOVES CALLED "QUEEN OF THE WEST."

THE undersigned, agent for the sale of this article, for the first time introduced to the notice of the New Orleans public, begs leave respectfully to solicit public attention thereto.

He refers to the subjoined flattering testimony as to its economy, neatness and general utility.

We, the subscribers, having used for some time Guild's Patent Cooking Stove, called the Queen of the West, feel no hesitation in giving our unqualified testimony in its favor. For neatness, convenience, economy and general usefulness, we think it surpasses any other cooking apparatus that we have seen in use. It seems to have supplied one great desideratum not heretofore attained—an oven, capacious, and at the same time heated uniformly and equally on every side—and the fire being placed over the oven brings the heat immediately in contact with the boilers, so that it performs all the different offices of boiling, baking, broiling, and heating smoothing irons at the same time, and with the least possible quantity of fuel, and the different sizes manufactured seem calculated to supply the wants of all, from the smallest family to the largest hotels and steamboats.

Having made arrangements with some of the most eminent seed growers in the north for a full supply of seeds of this year's growth, his customers may rely with confidence that a large quantity of fresh seeds will be ready for them by the first of September next.

LIFE INSURANCE. OCEAN INSURANCE COMPANY.—The absence of any institution in this city for insuring lives, and the extravagant rates of premium demanded by the northern and European companies for granting life policies to persons residing in Louisiana, have determined the Board of Directors of this Company to put into operation that clause in their charter which authorizes insurance upon lives, on a scale of premiums which will enable every one who is in receipt of a moderate annual income to secure for those who are dependent on them a comfortable provision in case of their death.

The scale determined on is, as nearly as possible, the average of those adopted by the London offices for insuring lives in England, no addition whatever being made for difference of climate, and by this scale an annual premium of twenty dollars paid by a person 25 years old will secure the payment of one thousand dollars to his assigns should he die within the year—an annual premium of one hundred dollars will secure five thousand dollars—and so on in proportion for any larger amount.

The Company will issue policies for any term from one to seven years, and the premium can be paid quarterly, half yearly or yearly.

Any further information that may be required will be furnished on application to the office No. 45 Camp street, corner of Gravier street.

By order of the Board.

CARROLLTON ACADEMY.—The subscribers have the honor of announcing to the inhabitants of Orleans and Jefferson as well as the adjoining parishes that, on the second of November next, the above institution will be opened, under their superintendence, for the reception of boys, both as boarding and day scholars. They pledge themselves that the most zealous attention shall be devoted to their moral and intellectual improvement.

The local advantages of Carrollton are well known.—They have secured the spacious house owned by Mr. Kohn. The garden and premises are extensive, and the establishment is in every respect admirably adapted for the object they have in view.

As the institution will be strictly preparatory, they propose limiting the age of pupils to twelve years. The advantages of this arrangement, parents will at once appreciate.

Preparations will be made, as early as possible, for receiving girls, both as boarding and day scholars. The same restriction in point of age will apply to both departments.

The academical year will be divided into two sessions; the winter term commencing on the 2d of January and ending on the 30th of June, and the summer term commencing on the 1st of July and ending on the 30th of December.
