HOUSE OF REPRESENTATIVES

[illegible]

The Speaker submitted the report of the Engineer of the State upon the joint resolution requiring the opinion of the State Engineer upon the probable effects of the contemplated Raccourci Cut-off.

On motion of Mr Grafton, said report was referred to the Committee on Internal Improvements.

Mr Morgan of Pointe Coupee, moved that two hundred copies of said report be printed.

Which motion was lost.

The Speaker submitted a communication from B M Patton, soliciting the use of the Hall of the House of Representatives to night, for the purpose of giving before the members of the General Assembly, an exhibition of the attainments of his pupils and the method of instruction pursued in the institution under his charge.

On motion of Mr Read, the request was granted Mr Patton.

The Speaker submitted a report from Mr Robert Bell, Register of the Louisiana Land Office, recommending that an appropriation be made for the contingent expenses of the office.

On motion of Mr Newport, said report was referred to the Committee on Claims.

Mr Kelly submitted a memorial from Mr James Patson, one of the Tobacco Inspectors of the Parish of Orleans, informing the House that a majority of the Tobacco Inspectors have ceased to act with him in an official capacity, and being excluded from exercising any functions as Tobacco Inspector, he has received no emoluments of office since the 1st of September last, and prays that the Legislature will institute a legal enquiry into the matter.

On motion of Mr. Kelly, said memorial was referred to the special committee appointed on the Tobacco Inspection.

On motion of Mr Kelly, the Special Committee appointed to define the qualifications of electors in municipal elections and the qualifications of municipal officers, was permitted to sit during the sessions of the House.

Mr Read, Chairman of the Committee on Contingent Expenses, submitted the following report and resolution, viz

The Committee on Contingent Expenses, to whom was referred the resolution in relation to the expediency of appointing an Assistant Clerk, beg leave to report adversely, but at the same time, would suggest the propriety of electing two additional Enrolling Clerks, one for the French, and one for the English. The necessity of this course will be apparent, when members reflect upon the increased amount of business of the present over any preceding session of the Legislature. The additional expense will be a trifling matter to a great state undergoing a new organization of government, in comparison with the advantage of promptness and precision in the transaction of public business.

If any one of the Clerks already elected or who may hereafter be elected, proves himself incompetent to discharge the duties of the trust reposed, your committee have no hesitation in recommending an immediate dismissal.

The following resolution is offered for the consideration of the House.

Resolved, That two additional Enrolling Clerks, one for the French and one for the English, be elected by this House.

All of which is respectfully submitted.

Signed, A. READ, Chairman

Mr Phelps moved to amend the resolution so as to leave the selection of the two Enrolling Clerks to the Speaker and Chief Clerk, instead of an election by the House.

Which motion was lost.

Mr Vason moved to postpone the whole matter, which motion was lost.

On motion of Mr Read, the rules of debate were suspended.

On motion of Mr Griffin, the House proceeded to the election of two Enrolling Clerks.

Eighty nine members present.

Mr Welham, nominated Mr Sillé.

Mr Farrar,		Bertus.
Mr Ogden,		Egan.
Mr Fortier,		Wickoff.
Mr Derbes,		Meymer.
Mr Hicky,		Hirky.

Bertus	31
Eastin	34
Wikoff	43

Mr Plauche, on behalf of the Committee appointed to examine the accounts of the Treasurer, submitted the following Report

To the Honorable the Senate and House of Representatives of the State of Louisiana

The Joint Committee appointed by your honorable body to examine the books and accounts of the State Treasurer, have the honor to report that they have discharged the duties imposed on them by carefully examining and comparing the vouchers with the books kept by that officer, and your Committee take great pleasure in stating that they find the annual accounts of the State Treasurer perfectly correct and satisfactory, and in every particular, agreeing with the printed Report placed before the members of the Legislature. Your Committee would respectfully call the attention of the Legislature to the amount of worthless paper now in the hands of the State Treasurer, in the shape of protested notes, claims on defaulting officer, &c., which serves no other purpose than to lumber the books of the office and to keep that department involved in endless and unprofitable litigation; your Committee would further recommend that immediate steps be taken to prosecute criminally, (since the year 1845) all defaulting officers who have neglected to comply with the provisions of said law, and all of whom have been duly notified.

(Signed) J. J. PLAUDHEN,
of the House Committee,
(Signed) S. F. MARKS, Chairman
of the Senate Committee.

On motion of Mr Farrar, said Report was adopted.

Mr Vason, on behalf of that Committee appointed to revise the Rules for the government of the House submitted the following Report:

(The Committee to whom was referred the Rules adopted, pro tempore, for conducting the business in this House, for the purpose of revising the same and of reporting thereupon, respectfully Report that they have carefully collated said Rules with the Rules and Regulations adopted by other Legislative bodies, and particularly with the Standing Rules and Orders for conducting business in the House of Representatives of the United States, and have found them so gently substantially the same, that the Committee have concluded to alter or change but a few of the existing rules, and to report for adoption but a few new ones. The Committee therefore recommend for adoption the following Rules and Orders for conducting business in this House.

The Committee respectfully recommend the adoption of the foregoing Rules and Orders for the conducting of the business of this House, and that copies thereof in the English and French languages be ordered to be printed for the use of the members of this House.

(Signed) W. J. VASON,
ARMAND PILIE,
LOUIS TEXADA.

Mr Farrar submitted the following additional section, and the same was adopted:

"In event, that the Committee of the Whole at any sitting, shall fail to rise, in order to complete the amendment proposed on the bill or resolution under consideration, or desire to postpone the consideration thereof, may on motion at any time made in the committee, rise, report "Progress" and leave to sit again, generally or at a day certain."

Mr Farrar moved to amend the 99th Rule as reported, by striking out the following words, viz—

"The names of those who do not attend, shall be entered on the journal, and they shall receive no salary for that day, unless excused by the House."

BY WRITING MASTERS EXAMINERS

PENMANSHIP.

MESSRS. DOLBEAR have opened their Writing Academy, No. 15 Camp street, where a NEAT AND RAPID BUSINESS STYLE may be learned with ease and certainty.

As Messrs. D are confident that every person may learn to write a good hand during an hour and a half, they will not charge until their pupils are satisfied with their progress—nor do they lose one hour of time without extra charge; and that their writing is for every business purpose. They believe if their system were universally adopted, it would prevent so much loss of time and money in the unsuccessful attempt to learn by the tedious plan pursued in most schools and colleges. A few specimens of penmanship will convince any person that it is absurd, to be four or five years in writing a tolerable hand, when by twenty days effort, any person may be enabled to write a good business hand.

The following opinion of the Principal of the Nashville Institute, was given after witnessing the success in about three hundred pupils. Men of intelligence in different parts of the United States, who have examined Dolbear's system, all express the same opinion. It then becomes a question with parents and others interested in the cause of education, whether it should not be submitted for a plan by which for one or two weeks after years of application.

"The faults are not in the teachers, but in the system taught of calling the attention to a system, that teachers are satisfied that the common method of teaching Penmanship is so imperfect as to be almost a useless waste of time, and that no one can be a successful teacher of everything at once."

Penmanship, like Arithmetic, should be taught according to fixed principles, and then the success will be in proportion to the adherence to those principles.

Messrs. D. requires persons to call and examine their system of teaching.

Nashville, Nov. 22, 1845.

*Messrs. Dolbear—*GENTLEMEN: I deem it my duty to express my opinion of your system of Penmanship, from what I observed during your recent examination in this Institute. I have watched closely, both your method of imparting instruction, and the advancement of the pupils. I am gratified to find, that by your system, the manner of the pupils is taught at a time. It is the *only* system, which I have seen, successfully adopted to public school purposes. I cheerfully recommend it to Teachers, Superintendents, and Trustees in general, to be appreciated and adopted. I remain, &c. &c.

Nashville, Dec. 22, 1845.

Having been invited by the Messrs. Dolbear, Teachers of Penmanship in this city, we have carefully examined their system, and the specimen of improvement made by their pupils, which we prepared to say that the system is *scientific and much superior* to any other we have seen; that the improvement of their pupils is very rapid and we therefore take pleasure in recommending them to the favorable attention of the public.

Given at the Hermitage, this 23rd day of October, 1845.

ANDREW JACKSON

NASHVILLE, Sept. 29, 1845

Messrs. Dolbear.—Having had a fair opportunity of examining your system of Penmanship, and having seen the wonderful and rapid improvement of your pupils in my school, I consider it but just to say, that I believe it to be the best system of Penmanship, and have seen, I feel assured, your rapid improvement of your pupils in my school, I consider it but just to say, that I believe it to be the best system of Penmanship, and have seen, I feel assured, your rapid improvement of your pupils in my school. Yours, &c.

WASHINGTON CITY, June 28, 1845

Sir.—Considering a good hand writing to be not only an accomplishment, but a means of success to every man engaged in business, I gladly avail myself of your obliging offer to improve the chirography of the age.
