MEMORANDA

On the 17th inst, at daybreak, a few miles below Natchez, the steamer Macedonia, from this port for St Louis, was discovered to be on fire; she was then run up to Vanchie opposite Natchez, where her passengers (numbering about forty) landed, and the boat after burning to the waters edge sank. Boat and cargo (the latter in part) are lost, but the passengers lost most of their baggage; the cargo consisted of 9,000 sacks salt.

BATHS, BATHS.

FIRST MUNICIPALITY STEAM FERRY FLOATING BATHS!

THE public is informed that this establishment will be opened for the season on Sunday, May 19th, 1844, on the other side of the river, within a few yards of the landing of the Ferry of the Municipality. The accommodations offered to the bathing community are such as have never been equalled by any similar establishment in this city.

The dimensions of the bathing room, or basin, are: 140 feet in length by 40 feet in breadth, with a depth of water of from 4 to 15 feet; 10 feet of the bottom of it is of a sufficient depth for almost any number of swimmers—such bather will be furnished with a pair of drawers free of cost, &c.

There are two spacious promenades decks extending over the whole basin, covered in with awning, which will afford the agreeable resort to the bathers and the public at large, thus being supplied with a fine and all kinds of refreshments. It is deemed necessary to observe that the ancient Ferry boat, on the Ferry Basin, secures the double advantage of a rapid current of water, un relied by any contact with the impurities of the city and of the shipping.

The Steam Ferry boats will run from day light until 9 o'clock at night, and as long after as there are bather, making a stoppage during the night only.

Tickets will be sold at the Bathing Establishment for the term of 12 months—as also for one year and half—the bath will cost but 50cts. Boy's tickets 10 cts. The promenade decks are open to the public free of charge.
