AYER'S SARSAPARILLA,

A COMPOUND REMEDY, designed to be the most effectual Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous Complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from *Impurity of the Blood.*

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered and overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY **DR. J. C. AYER & CO.,** LOWELL, MASS.
Price $1 per bottle; Six Bottles for $5.

AYER'S CHERRY PECTORAL

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint that it is entirely unnecessary for us to recount the evidence of its virtues wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

AYER'S CATHARTIC PILLS,

FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 Cents per Box; Five Boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

Dr. Mott's CHALYBEATE RESTORATIVE PILLS OF IRON.

An aperient and Stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest medical authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. Innoxious in all maladies in which it has been tried, it has proved absolutely curative in each of the following complaints, viz:

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhea, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of GENERAL DEBILITY, whether the result of acute disease or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible. Invalids so long bed-ridden as to have become forgotten in their own neighborhoods, have suddenly reappeared in the busy world as if just returned from protracted travel in a distant land. Some very signal instances of this kind are attested of female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and that complication of nervous and dyspeptic aversion to air and exercise for which the physician has no name.

In NERVOUS AFFECTIONS of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness, without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for Piles, upon which it also appears to exert a distinct and specific action, by dispersing the local tendency which forms them.

In DYSPEPSIA, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness.*

In unchecked DIARRHŒA, even when advanced to DYSENTERY, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate INCIPIENT CONSUMPTION, this remedy has allayed the alarm of friends and physicians in several very gratifying and interesting instances.

In SCROFULOUS TUBERCULOSIS, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine without any of their well known liabilities.

The attention of females cannot be too confidently invited to this *remedy* and *restorative* in the cases peculiarly affecting them.

In RHEUMATISM, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating pain and reducing the swellings and stiffness of the joints and muscles.

In INTERMITTENT FEVERS it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West will probably be one of high renown and usefulness.

No remedy has ever been discovered in the whole history of medicine which exerts such prompt, happy and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in neat flat metal boxes containing fifty pills, price 50c. per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

L. MILLER'S HAIR INVIGORATOR,

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND
FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing the Hair from turning gray.
FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.
FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.
FOR BEAUTIFYING THE HAIR, imparting to it an unequaled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequaled preparation convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases,* causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, and also where the hair is loosening and thinning, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a *fresh covering of hair.*

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning gray* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue,* giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in *dressing the hair,* which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being

ONLY TWENTY-FIVE CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's Hair inclines to be weak. The use of it lays the foundation for a *good head of hair,* as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child and the future appearance of its hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

Richard's Pectoral Syrup.
THE above celebrated Syrup, well known in the city and in the country for the cure of Whooping Cough and the Spitting of Blood, is also the best remedy for Inflammation of the Throat and Chest, such as Coughs, Colds, Hoarseness, &c. It has been proved, in numerous cases, that by the use of a few spoonfuls when the first symptoms are manifested, the progress of the above complaints was stayed, and a complete cure is brought about in from twelve to twenty-four hours.
The annoying and oft fatal consequences of neglected bad colds ought to be a warning to every one and an inducement to buy RICHARD'S PECTORAL SYRUP, the sale of which has been considerably increasing for years, since experience has so clearly demonstrated its superiority over all other remedies of the kind. LAWS OF HEALTH.

LORD BYRON has expressed, in a few words, the instinctive and universal desire of mankind. He says: "Man's first desire is health; he then wishes for long life." The habits and customs of society, and but too many occupations and pursuits are unfortunately opposed to healthy conditions, regular habits of repose, fresh air, wholesome food and pure water. Of course these great blessings can only be enjoyed by a small portion of the human family, and of that portion too many neglect to turn their golden opportunity to account. In the absence of such opportunities, it becomes necessary to strengthen the system by the use of such hygeian preparations as harmonize with its condition and its requirements.

This task the inhabitants of unhealthy regions of our country have long since discovered. The only question has been, "What shall we use?" To what source shall we look for the means of escaping sickness and extending to its natural limit the lease of life?

It is certified by hundreds of witnesses of the highest standing and respectability in the United States, South and Central America, Mexico, the Empire of Brazil, Islands of the Pacific, and other countries where HOSTETTER'S BITTERS are sold, that they are invaluable as a safeguard against the epidemics and endemics of every climate—a specific for weakness and general debility—a swift and certain cure for Dyspepsia, Liver Complaint, and every species of indigestion—an unfailing remedy for intermittent Fever, Fever and Ague, and all kinds of periodical disorders—a means of immediate relief in Flux, Colics and Cholera maladies—a cure for Costiveness, a mild and safe invigorant and corroborant for delicate females—a good, anti-bilious alterative and tonic preparation for ordinary family purposes—a powerful recuperant after the frame has been reduced and attenuated by sickness—an excellent appetizer as well as a strengthener of the digestive forces—a depurative of the blood and other fluids, and a general household remedy, desirable alike as a corrective and mild cathartic, and an agreeable and wholesome stimulant.

DYSPEPSIA.
OF CHRONIC INDIGESTION, is the most painful and the most difficult to cure. It originates in a loss of tone in the stomach, or rather in the fibrous muscular lining of that organ, which becomes irritable and feeble, and cannot secrete in sufficient quantity the gastric juices, which should dissolve the food. Dyspepsia is usually accompanied with more or less inflammation of the membrane which coats the interior of the stomach, and always with a diseased irritability of the whole digestive operations.

Constipation or Costiveness
Is not unfrequently a concomitant of Dyspepsia, although it sometimes exists independently of any serious derangement of the digestive functions. It is generally accompanied by headache or a feeling of fulness in the head and a partial obscuration of the memory, and of the mental perceptions generally. As indigestion proceeds from a want of tone in the stomach, so Costiveness, in many cases, proceeds from a lack of sensitiveness in the mucous membrane which lines the intestines. The moderate cathartic action of Hostetter's Stomach Bitters is just what is required under such circumstances, and it is believed that any case of casual or habitual Constipation may be readily and radically cured by a bottle or two of the Bitters; or if taken occasionally by persons of costive habit, they will prevent the recurrence of this annoying complaint.

LIVER COMPLAINTS
and bilious diseases proceed either from want of activity in the liver, by which the flow of bile is reduced below the quality required by nature to qualify the blood, or from inflammation causing an overflow of the bilious secretion into the stomach and bowels, or from a sympathetic derangement of the liver, consequent upon some disorder of the stomach.

In ordinary Liver Complaint the sufferer has an intermitting appetite, sometimes eating voraciously, and again loathing the sight of food, is drowsy, languid, disinclined to business, melancholy, and experiences a sensation of weariness and faintness, accompanied by violent palpitation of the heart, after the most trifling exertion. The irritation created by suppressed bile also frequently causes a hard, dry cough, known as the Liver Cough, together with nausea and vomiting. Space will not permit us to go into all the symptoms of Liver Complaint. Our object here is to point out the true preventive and remedy. Let persons who are of bilious habits, or who reside where bilious complaints are common, fortify their system, in advance, with Hostetter's Celebrated Stomach Bitters, which, acting through the stomach upon the liver, will ensure protection as an important organ in vigorous health.

FEVERS
have been divided into two classes, malarious and contagious; but there can be little doubt that all epidemic fevers are caused and propagated by malaria or bad air. It has been denied that Typhus and Scarlet fevers are malarious diseases, but this is a mere assumption unsupported by proof. All the epidemic fevers unquestionably proceed from miasma or gaseous poison evaporated in the air by local causes. The theory that Cholera, Yellow Fever and other epidemics are propagated by contagion, is every day losing ground. [illegible] It is a well known fact, that wherever the causes are [illegible] Fever and Ague and bilious remittent fever are sure to get into the "clearing." There is reason to believe that the vegetable deposits of ages are suddenly unveiled to the sun, and from decomposed leaves and other animal matter, rises a steam, not only for the farmer's rope, but a pestilential for the farmer's family—there goes up a noisome exhalation pregnant with disease and death.

The best evidence of the popularity of
HOSTETTER'S STOMACH BITTERS,
and their successful introduction everywhere, is the disposition frequently manifested to produce counterfeits. This one occasioned the proprietors much trouble and inconvenience, as it has placed themselves they've been compelled to greatly change their label, whose exclusive business it is to ruin out imposition and counterfeits. [illegible] Our new label, which [illegible] have found it impossible to imitate, is thus far effectual in preventing the counterfeiting of it, but with their new label they will doubtless be more successful in protecting the public as well as themselves. [illegible] and purchasers should see that the genuine is found upon the present, and which will be understood by the dealers—the use of the new cover of the adoption of the new one.

Hostetter's Celebrated Stomach Bitters.
A specific for Dyspepsia, Diarrhea, Dysentery, General Debility, Cholic and Fever, Liver Complaint, Bilious Remittent Fevers and the pains and weaknesses which creep upon us into old age. For those ailments to which invited a trial and a verdict. The trial has come off, the verdict has been rendered, and the Bitters are today the most popular remedy. [illegible] It lives and continues to thrive and increase in popularity with cures equal [illegible] The dyspeptic demands it as the only help; the victim of diarrhea or dysentery believes in it, the bilious sufferer dare not yet go without it [illegible] Both sexes, all ages, all classes regard it as the most wonderful invigorant ever compounded. Hence the enormous demand.
