MEDICAL.

DR. S. P. TOWNSEND'S SARSAPARILLA,

WONDER AND BLESSING OF THE AGE

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

THIS extract is put up in quart bottles, it is not a timer drink, but a concentrated extract of sarsaparilla, which cures diseases without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this sarsaparilla over all other medicines is, that it not only cates disease, it invigorates the body. It is one of the very best

SPRING AND SUMMER MEDICINES.

ever known; it not only purifies the whole system and strengthens the person, but it creates new pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past five years more than 100,000 cures of the most desperate character, at least 15,000 of these were considered incurable. It has saved the lives of more than 5000 children during the last past season.

TEN THOUSAND CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr. Townsend's Sarsaparilla is a powerful stimulant, and renovator and invigorator the system given activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

Consumption Cured.

Clearwater, Hampden County, Massachusetts, March 1st, 1848.

Bronchitis Consumption, Lower Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness of the Lungs, Hoarseness, Difficult or Profuse Expectoration, Pain in the Side &c., have been and can be cured.

Spitting Blood.

Dr. Townsend—I verily believe that your Sarsaparrila has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparrila a short time, and there has been a wonderful change wrought in me. I am now able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,
WM. RUSSELL, 55 Catharine st

Rheumatism.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparrila has cured. The most severe and chronic cases are speedily eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assessors in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

Blackwell's Island, Sept 11 1847.

Dr Townsend—Dear Sir: I have a severe attack for nine years with the Rheumatism, considerably of the time I could not walk, sleep, or rest. I tried the most celebrated surgeons of this city, but were entirely useless. I was induced to try your Sarsaparilla, and they have done more good than a thousand dollars worth of good. I can now walk for miles, and I am entirely cured. You are at liberty to use this for the benefit of the afflicted.

JAMES CUMMING.

To Mothers and Married Ladies.

The Extract of Sarsaparilla has been especially prepared in reference to female complaints. Nearly all other medicines are injurious to the system, but this extract, prepared, "Without a Mercury," neglects to take it as it is another preparation, any of the numerous cases of debility, so common to female, to submit at this time of life. They need may be delayed for several years, leaving behind, the Seeds of Disease, which lay dormant, or approaching womanhood, and to regular and healthy action, quickening the blood and all the vital energies. Females, who are troubled with any of the delicate diseases, should use this medicine. It braces the whole system, renews perfect health and strength. Its effects on the system are such, the body cannot so far stimulate the system and produce a subsequent reaction, which is not a matter of most moment, it takes from the system sickness and disease. By using a few bottles of this medicine many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieve the sufferings incident to childbirth ever discovered. It strengthens both the mother and child, relieves pain and disease, increases and enriches the food. How they have been used, in think it indispensable. It is hardly needful both before and after confinement, as it prevents diseases attendant upon childbirth, in continuous pains, cramps, swelling of the feet, dropsical, leucorrhoea, vomiting, pain in the back and points, false pains, hemorrhage, and in regulating the secretions and quickening the circulation so that no pain, or but very little pain, is felt, and it is always safe, and the most delicate and most successful, very few cases require any other medicine, one month a little castor oil or magnesia is useful. Exercise in the open air and light food, with this medicine, will always insure a safe and easy confinement.

Owing to the great success an immense sale of Dr. Townsend's Sarsaparilla, a number of persons who were formerly our agents have commenced making Sarsaparilla, Extracts, Elixirs, Bitters, Extracts to Yellow Dock, etc. They generally put it up in the same shaped bottles, and some of them have stolen and copied our advertisements; they are only worthless imitations, and should be avoided

OFFICE

TRICKS OF QUACKS.

Let Everybody Read This Carefully.

THERE is a Sarsaparilla for sale in the different stores, called old Dr. Jacob Townsend's Sarsaparilla. It is advertised as the original, &c. This is a notorious falsehood. While we concede many of the valuable properties for the sale of this medicine throughout, throughout the country, from any participation in the fraud, we feel it our duty to caution the public against the sale of the manufacture, who unblushingly put forth to the world such notorious falsehoods.

Dr. Townsend has expended over $200,000 the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States, and a greater part of the world, the sale being enormous.

This excited the cupidity of certain unprincipled men, and found a man who has been engaged in peddling cheap publications for a number of years. This man's name is Jacob Townsend. He applied to a number of men to get manufactured a bottle, the use of his name to put up Dr. Townsend's Sarsaparilla, stating the large sales and sums we had expended in advertising, as an inducement to embark in the business. Advertising, as an inducement to Mr. Watrous, Esq., editor of the Jamaica Farmer, who scorned such proposition. Mr. R. L. Jacques, formerly one of the proprietors of McAllister's Ointment, Ralph Posseroy, formerly cashier and financier of the Townsend's Sarsaparilla, Hellebore, New Jersey; John Skillman and Wm. Thompson, under the name of Skillman, Thompson, & Co., have employed this man, and some others, who we understand, to pay him seven dollars per week for the use of his name.

Another Trick

We went to an expense of five hundred dollars to get up a splendid steel engraving for our Label, and it has been a great deal imitated, to distinguish it from all others and prevent mistakes. These men are now getting up a label on steel, with a portrait of old Jacob Townsend, to be public decoy to such unscrupulous and let them remember that none is genuine and original, unless signed with the name of S. P. Townsend, on the outside wrapper, and contains the portrait of Dr. Townsend, their female figure and a view of our factory. The spurious has no factory or female figures.

Dr. Townsend No Physician.

These men also publish that Dr. Townsend is a Physician. This, and other statements, as false, Dr. Townsend attended two of the best medical schools in the country, has studied the different theories of medicine, and practised for the last fifteen years; has experimented several years and expended large sums of money in bringing his medicine to perfection.

Among other recommendations of this article it is warranted to keep sweet in all climates.

Prepared and sold by S. P. TOWNSEND, 165 Fulton street, New York. Price $1. Any one who want the Original and Genuine S. P. Townsend's Sarsaparilla, which has given such universal satisfaction in this city and the last three years, can procure the same of the *Only Agents* for New Orleans.

FOR FEMALES AND MALES,

"Be Not Fruitful and Multiply."

SOLD ONLY AT NO. 59 POYDRAS STREET.

Dr. Lamotte's June Cordial, or Uterine Elixir.

THIS is the only actual remedy ever discovered for impotency, genital debility, nocturnal emissions, and all diseases arising from secret vicious habits, and many of the nostrums recently received, notwithstanding the same complaints are worthless imitations which its unrivalled excellence, fame and popularity have brought into the market. The medical faculty of Europe and the United States are unanimous in their recommendations of the June Cordial, and have not given their sanction in a single instance that has been authenticated to any compound for the same purposes. The nature of the maladies relieved by the June Cordial are generally such as to leave the publication of certificates of cures to be at the discretion, or the proposal, could produce a host of the most conclusive testimony to show that the great reputation that it enjoys was not accidentally obtained, but is firmly based upon its positive, and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offspring, who would not have been so but for this extraordinary preparation. And it is equally potent for the many disorders for which it is recommended. Object on has been naturally made to the price of the June Cordial, because the trash that has been thrown upon the market in opposition to it is sold cheaper; but the fact is, the Cordial cannot be afforded for less, and ought to be much dearer, as many of the ingredients which compose it are among the costliest things in nature, whereas the others are made up of cheap drug, worth but little in money, and less in merit. We warn the reader that the utmost reliance may be placed on the June Cordial in the cure of the maladies mentioned above, and also of those which follow, viz: loss of muscular energy, physical lassitude and general prostration, irritability, and all nervous affections, indigestion, sluggishness of the liver, gleet, or inflammation of the urethra or whites, and flour albus, and every disease in any way connected with the disorder of the generative functions—in all of which it will afford almost immediate relief, and, if used as directed, in almost certain to produce a positive and permanent cure. Persons about to marry, or conscious of any weakness or debility of a certain nature, should take this Cordial, as it will infallibly restore health and vigour in a brief period, and where want of offspring is a cause of regret, it recommends to be had to it, the most beneficial results may be anticipated with confidence. It is of priceless value to those with out offspring. It has taken the place of balm in Italy, and will in all other countries where it may become known.

It also possesses the unrivalled qualities of curing incipient consumption, and I have administered it with great success to patients who have sought our aid in the last stage of the disease, and other health, and the result is that a medicine has been added to the catalogue for the cure of incipient consumption.

To spread wide the blessings of this medicine, I have appointed Messrs. Judson & Co., of the city of New Orleans, my agents for its sale, and now offer to their attention and patronage, and I can assure them that it comes through them, and then sign their name to the paper. ANTONIO LARZETTI.

To Mothers and Married Ladies.

The Extract of Sarsaparilla has been especially prepared in reference to female complaints. Nearly all other medicines are injurious to the system, but this extract prepared, "Without a Mercury," neglects to take it as it is another preparation, any of the numerous cases of debility, so common to female, to submit at this time of life. They need may be delayed for several years, leaving behind, the Seeds of Disease, which lay dormant, or approaching womanhood, and to regular and healthy action, quickening the blood and all the vital energies. Females, who are troubled with any of the delicate diseases, should use this medicine. It braces the whole system, renews perfect health and strength. Its effects on the system are such, the body cannot so far stimulate the system and produce a subsequent reaction, which is not a matter of most moment, it takes from the system sickness and disease. By using a few bottles of this medicine many severe and painful surgical operations may be prevented.

Great Blessing to Mothers and Children.

It is the safest and most effectual medicine for purifying the system, and relieve the sufferings incident to childbirth ever discovered. It strengthens both the mother and child, relieves pain and disease, increases and enriches the food. How they have been used, in think it indispensable. It is hardly needful both before and after confinement, as it prevents diseases attendant upon childbirth, in continuous pains, cramps, swelling of the feet, dropsical, leucorrhoea, vomiting, pain in the back and points, false pains, hemorrhage, and in regulating the secretions and quickening the circulation so that no pain, or but very little pain, is felt, and it is always safe, and the most delicate and most successful, very few cases require any other medicine, one month a little castor oil or magnesia is useful. Exercise in the open air and light food, with this medicine, will always insure a safe and easy confinement.

Owing to the great success an immense sale of Dr. Townsend's Sarsaparilla, a number of persons who were formerly our agents have commenced making Sarsaparilla, Extracts, Elixirs, Bitters, Extracts to Yellow Dock, etc. They generally put it up in the same shaped bottles, and some of them have stolen and copied our advertisements; they are only worthless imitations, and should be avoided

OFFICE

TRICKS OF QUACKS.

Let Everybody Read This Carefully.

THERE is a Sarsaparilla for sale in the different stores, called old Dr. Jacob Townsend's Sarsaparilla. It is advertised as the original, &c. This is a notorious falsehood. While we concede many of the valuable properties for the sale of this medicine throughout, throughout the country, from any participation in the fraud, we feel it our duty to caution the public against the sale of the manufacture, who unblushingly put forth to the world such notorious falsehoods.

Dr. Townsend has expended over $200,000 the last eight years in advertising his Sarsaparilla, which has obtained a character and reputation throughout the United States, and a greater part of the world, the sale being enormous.

This excited the cupidity of certain unprincipled men, and found a man who has been engaged in peddling cheap publications for a number of years. This man's name is Jacob Townsend. He applied to a number of men to get manufactured a bottle, the use of his name to put up Dr. Townsend's Sarsaparilla, stating the large sales and sums we had expended in advertising, as an inducement to embark in the business. Advertising, as an inducement to Mr. Watrous, Esq., editor of the Jamaica Farmer, who scorned such proposition. Mr. R. L. Jacques, formerly one of the proprietors of McAllister's Ointment, Ralph Posseroy, formerly cashier and financier of the Townsend's Sarsaparilla, Hellebore, New Jersey; John Skillman and Wm. Thompson, under the name of Skillman, Thompson, & Co., have employed this man, and some others, who we understand, to pay him seven dollars per week for the use of his name.

Another Trick

We went to an expense of five hundred dollars to get up a splendid steel engraving for our Label, and it has been a great deal imitated, to distinguish it from all others and prevent mistakes. These men are now getting up a label on steel, with a portrait of old Jacob Townsend, to be public decoy to such unscrupulous and let them remember that none is genuine and original, unless signed with the name of S. P. Townsend, on the outside wrapper, and contains the portrait of Dr. Townsend, their female figure and a view of our factory. The spurious has no factory or female figures.

Dr. Townsend No Physician.

These men also publish that Dr. Townsend is a Physician. This, and other statements, as false, Dr. Townsend attended two of the best medical schools in the country, has studied the different theories of medicine, and practised for the last fifteen years; has experimented several years and expended large sums of money in bringing his medicine to perfection.

Among other recommendations of this article it is warranted to keep sweet in all climates.

Prepared and sold by S. P. TOWNSEND, 165 Fulton street, New York. Price $1. Any one who want the Original and Genuine S. P. Townsend's Sarsaparilla, which has given such universal satisfaction in this city and the last three years, can procure the same of the *Only Agents* for New Orleans.

FOR FEMALES AND MALES,

"Be Not Fruitful and Multiply."

SOLD ONLY AT NO. 59 POYDRAS STREET.

Dr. Lamotte's June Cordial, or Uterine Elixir.

THIS is the only actual remedy ever discovered for impotency, genital debility, nocturnal emissions, and all diseases arising from secret vicious habits, and many of the nostrums recently received, notwithstanding the same complaints are worthless imitations which its unrivalled excellence, fame and popularity have brought into the market. The medical faculty of Europe and the United States are unanimous in their recommendations of the June Cordial, and have not given their sanction in a single instance that has been authenticated to any compound for the same purposes. The nature of the maladies relieved by the June Cordial are generally such as to leave the publication of certificates of cures to be at the discretion, or the proposal, could produce a host of the most conclusive testimony to show that the great reputation that it enjoys was not accidentally obtained, but is firmly based upon its positive, and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offspring, who would not have been so but for this extraordinary preparation. And it is equally potent for the many disorders for which it is recommended. Object on has been naturally made to the price of the June Cordial, because the trash that has been thrown upon the market in opposition to it is sold cheaper; but the fact is, the Cordial cannot be afforded for less, and ought to be much dearer, as many of the ingredients which compose it are among the costliest things in nature, whereas the others are made up of cheap drug, worth but little in money, and less in merit. We warn the reader that the utmost reliance may be placed on the June Cordial in the cure of the maladies mentioned above, and also of those which follow, viz: loss of muscular energy, physical lassitude and general prostration, irritability, and all nervous affections, indigestion, sluggishness of the liver, gleet, or inflammation of the urethra or whites, and flour albus, and every disease in any way connected with the disorder of the generative functions—in all of which it will afford almost immediate relief, and, if used as directed, in almost certain to produce a positive and permanent cure. Persons about to marry, or conscious of any weakness or debility of a
