Disasters.

ACCIDENT TO THE STEAMSHIP ALABAMA.—The steamship Alabama, Capt. R W. Foster, bance for Mauritius, via Vera Cruz, left this port on Saturday afternoon, and arrived at the bar on Sunday morning where she remained until Monday, on account of a severe storm from the south east. Capt. Foster then took a pilot on board, and attempting to proceed to sea, was run ashore by the pilot on the middle ground, where the Alabama lay for seven hours exposed to a heavy sea on a very hard bottom. She was considerably wrenched and twisted, which caused her to spring such a leak that it required three pumps to keep her free. The towboat Conqueror went to her assistance and succeeded in getting her off. Capt. Foster thought it prudent to return to the city for repairs.

Prof. A. C. Harry's Tricophorous,
OR, MEDICATED COMPOUND

INFALLIBLE for preserving, invigorating and beautifying the hair, removing the scurf dandruff, and all affections of the scalp, and curing eruptions on the skin, diseases of the hair follicles, nourishing the teguments, and relieving stings, cuts, bruises, sprains, &c. With this preparation there is no such word as "fail." The following testimonials, from medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that for imparting vigor, gloss, luxuriance and curl to the hair, eradicating scurf and dandruff, healing the scalp, curing cutaneous eruptions, stings, &c., and relieving diseases of the skin, the glands and the muscles, it has no equal among the cultivated compounds of science, tested in the public prints, or used in private practice. In cheapness as well as efficacy, Harry's Tricophorous is unrivalled. The immense demand for this article have enabled the Inventor to supply it at retail, at 25 cents per bottle, which is from 50 to 100 per cent, less than the price of any other preparation for the hair now in use. The scientific treatise on the hair and the skin, (embracing valuable directions for the management of the hair, nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The fabulous fears and superstitious notions which constitute the skin, and the hair, which draws its nourishment from this triple envelope, is very close. All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the capillaries which feed the roots to the minute, and impart life to the fibres, the result is scurf, dandruff, shedding of the hair, gravenes, dryness and baldness and the ligament, and entire baldness, as the case may be. Stimulate the skin to healthful action with the Tricophorous, and the topical vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the sub-cutaneous muscles and integuments, the process and the direction are the same. In almost every skin, the muscular fibre, and the glands, that the Tricophorous has its specific action, and in all affections and injury of the skin it is a sovereign remedy.

Sold in large bottles, price 25 cents, at the principal office, 137 Broadway, New York, and by the principal Druggists and Druggists throughout the United States and Canada. jan13-3m
