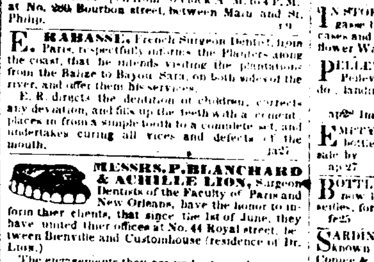
☞ **J. Winer & Co.'s Canadian Vermifuge.**—DEPOT AT BERTRAND AND SIMON—CORNER ROYAL AND BIENVILLE STREETS.—Louisiana is one of the countries most subject to vermicular affections under the most varied and aggravated characters, and although we do not ascribe all diseases of children to this cause, we may advance the fact that convulsions, intermittent fevers which prove fatal when the physician persists to treat fever only, consequently it becomes necessary to expel the worms, which daily invade the digestive tube, and to obtain this result no better remedy can be obtained than Winer's Vermifuge;—it is the only remedy which unites the three following qualities, being anti vermicular, purgative and tonic. n19 ☞

DENTISTRY.



DR. DUPERRON has the honor to inform the citizens of New Orleans that, having **given up his office to DR. COMMUNY,** he trusts that those persons who have heretofore honored him with their confidence, will continue to extend it to his successor, who fully merits it by his talent and capacity.

DR. E. COMMUNY informs the public that his office will be open from 10 o'clock A. M. to 4 P. M. at No. 220 Bourbon street, between Main and St. Philip. [illegible]

E. RABASSE, French Surgeon Dentist, from Paris, respectfully informs the Planters along the coast, that he intends visiting the plantations from the Balize to Bayou Sara, on both sides of the river, and offer them his services.

E. R. directs the dentition of children, corrects any deviation, and fits up the teeth with a cement, places from a simple tooth to a complete set, and undertakes curing all vices and defects of the mouth. [illegible]

MESSRS. P. BLANCHARD & ACHILLE LION, Surgeon Dentists of the Faculty of Paris and New Orleans, have the honor to inform their clients, that since the 1st of June, they have united their offices at No. 44 Royal street, between Bienville and Customhouse (residence of Dr. Lion.)

The engagements they are under towards various institutions, as the Convent of this city, to which they are attached, compel them to absent themselves many days in the course of the month. They have, therefore deemed it expedient to form a Copartnership, as well on their own accounts as on account of their numerous Clients, in order that one of the two may be always in town, ready to receive all persons who may honor them with their confidence. The superiority of their work, and the care and promptitude exhibited by them, induce them to hope for a continuance of the patronage of the public. j9

Dr. PEARSON, Dentist.
Office and residence Baronne street, opposite the State House.

DR. PEARSON invites his friends and all interested to call and examine the improvements in the manufacture of **Artificial Teeth,** particularly the **Block Teeth,** for which he received the first premium at the State Fair.

Persons wishing artificial Teeth inserted, can have it done at my establishment with less delay and upon more reasonable terms than any other in the south.

It has ever been my object to place it in the power of the poor as well as the rich to obtain relief and receive the benefits of dental operations. The great increase of my practice for the last year has compelled me to employ several skilful operators, among whom is an experienced French Dentist, whose services I have procured for a term of years at considerable expense. The Creoles may rely upon finding him always ready to wait upon them—his operations will always be submitted to my examination and approval.

Blocks manufactured for Dentists to suit every variety of case, by furnishing correct models. A supply of every article used by Dentists kept constantly on hand. d3 tf

G. BOYER'S
CLASSICAL AND COMMERCIAL INSTITUTION
No. 148 Conti street,
(between Dauphine and Burgundy streets.)

THIS Institution, the oldest scholastic establishment in New Orleans, is so well known and highly distinguished for the success which has accompanied it ever since its foundation, a considerable number of pupils who have quitted it to enter on the great scene of life having already acquired consideration in the various avocations to which they have devoted themselves.

Boyer's Institution is conducted in one of the largest Mansions in the city, occupying a fine central position, being well ventilated and in other respects perfectly salubrious.

The range of studies which engage the attention of the pupils extends over all the branches of learning which are necessary to a useful, polite and finished education, from primary instruction to the more abstruse subjects which are specially the province of a collegiate course. Discipline is necessary to quicken in the youthful mind a due perception of the duties incumbent on it in its future relations with society, one conspicuous feature of the establishment, being at the same time severe and considerate, whilst the solicitude of the Principal regarding the moral training of the youths committed to his charge, is, though strict, yet paternal.

The English language, daily becoming more and more evident, as of the greatest possible importance to all living in this community, is at Boyer's Institution, attended to with more than ordinary care, the Professors engaged in this branch being gentlemen of undoubted attainments and long accustomed to tuition.
