PROSPECTUS OF THE NEW ORLEANS PICTORIAL ADVERTISER.

BELIEVING that the growing prosperity of our City, and its increasing trade with the interior and elsewhere, will furnish a guarantee to extensive means of ADVERTISING, we contemplate publishing a book to be styled "The Pictorial Advertiser." It will be something new for this place; a book of advertisements, got up in the most splendid style of the art. It will be printed in different colored inks, and upon different colored papers, and bound in the most beautiful manner. It is our intention to make it as ornamental as possible. Its title page will be graced with a view of New Orleans, an eagle, also a canal, a map, with all the streets and public buildings laid down, which will offer advantages to strangers a ready guide to any part of the city. A portion of the work will be devoted to such matter as may be found useful as a reference.
The plan of "The Pictorial Advertiser" is this—each advertiser will be charged according to the space he may occupy, and the work, after its fronts are each furnished with a copy, to be distributed gratis. It will be placed in all our Hotels and public places, and on board the Steamers and Vessels running regularly to and from our port, and sent to all the principal towns upon the rivers and in the adjacent States, and wherever else opportunity may offer. Its distribution will be guided in a measure by the will of its patrons.
This book will be found to be an advantageous means of advertising—its splendid appearance will excite the curiosity of every one, and consequently it will be much handled and examined, and advertisements that in any other shape would be thrown aside will be sure to be investigated minutely.
Works of a similar description have met with great success in the cities of the North, and why not here? Have we not a wider field of operation for such a medium of advertising? Look at our fleet of steamboats and other vessels, that are continually plying upon our rivers, visiting all parts of the South and West, bringing thousands of purchasers to our city; who, while on their passage, are eager to seize upon and examine every thing that will add to their amusement or information, to beguile their idle hours; and as our book will be found in the cabin of all such vessels, its perusal must be general, and the information it contains widely circulated. It differs in every respect from any other medium of advertising ever before offered to the New Orleans public. Its handsome appearance will always insure an examination of its contents, and when once the examination is commenced the diversity of its colors and ornaments will induce the examiner to continue his researches to the end; and as it will be found in all our Hotels, Boarding Houses, and public places, and in those of the surrounding cities and towns, its influence will operate in the same way upon the multitudes that visit those places.
The work, when completed, will contain some three hundred pages, and it is contemplated to print *two thousand five hundred copies* for distribution.
TERMS.—$20 for a whole page, $12 for a half, $7 for a quarter, and $3 for any smaller space. Those occupying more than one page will be charged $20 for the first and $15 for each additional page. Persons wishing their advertisements in two languages can have the pages facing. Copper plate advertisements and advertisements that have to be folded in, inserted by special agreement. Persons wishing extra copies, can have them at $1 per copy, provided the order is given before the work is commenced. No money will be claimed until the work is completed, and a copy delivered to each advertiser. It will thus be seen, that while the publishers subject themselves to a large outlay, the patrons of the work are secure from any loss through accident or any other cause.
☞ Merchants, and Dealers generally, Professional men and Manufacturers, will be waited upon by a person authorized to contract for advertisements, or they can make the necessary arrangements by application at our office. Those who may be disposed to patronise the work are respectfully requested to prepare and send in their cards or advertisements as promptly as possible.
