MEDICAL.

SANDS SARSAPARILLA
SQUARE BOTTLES.
For Purifying the Blood, and for the Cure of *Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt-Rheum, Fever Sores, Erysipelas, Pimples, Boils, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.*

In this preparation are strongly concentrated all the medicinal properties of Sarsaparilla, combined with the most efficacious aids, the most salutary productions, the most potent simples of the vegetable kingdom; and the combination is such that one medicine improves the other; producing a compound differing entirely in its character and properties from any other preparation, and survived in its operation on the system when laboring under disease. The many well authenticated cures of certain of the most malignant character, have given it a wide and deserved celebrity. But it is not alone in Scrofula nor in the diseases of the blood to which it belongs, that this preparation has been found beneficial. It is especially in many diseases of the skin, and may be adduced with favorable results in all, which it has been so fully tested, not only by patients themselves, but also by Physicians, that it has received their unanimous recommendation, and the approbation of the public; and has established on its own merits a reputation for vaunts and efficacy far superior to the various compounds bearing the name of Sarsaparilla.

Astonishing Cure.

New Orleans, La., Sept. 23, 1852.
MESSRS. A. B. & D. SANDS: Gentlemen—Having received so much benefit from the use of your Sarsaparilla, I cannot refrain from adding my testimonial to those you have already received.
