SAND'S SARSAPARILLA
IN QUART BOTTLES.

For Purifying the Blood, and for the Cure of *Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt Rheum, Fever Sores, Erysipelas, Pimples, Biles, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.*

In this preparation all the restorative properties of the root are concentrated in their utmost strength and efficacy; but while Sarsaparilla Root forms an important part of its composition, it is at the same time compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation that its remarkable success in the cure of disease depends. It acts simultaneously upon the *stomach* the *circulation* and the *secretions*, and in these three principal avenues of ordinarily the result of three different kinds of medicine, are carried out in this preparation, through the instrumentality of *this one remedial agent*, which gently stimulates while it disinfects and expels from the system the virus of disease; it purifies and tones the same tissue restores their vigor and tone. Many other preparations institute a claim bearing the name of Sarsaparilla, and in some instances resemble ours, being often prepared from worthless and inert roots, and the impression has been created that active properties, and patients in making choice of medicine will use should take no other, but that one called for in Dorat's or Coffin's Sarsaparilla, the long list of cures effected on living witnesses, whose testimonials and residence have been published, and who are still bearing daily testimony to its worth.

Astonishing Cure.

MESSRS. A. B. & D. SANDS: Gentlemen—Having witnessed the most beneficial effects from the use of your Sarsaparilla, it gives me pleasure to send you the following statement in regard to my wife. In the spring of 1846 she took a severe cold, and in a short week of severe suffering the disease settled in her left leg and to the knee joint, which became very much swollen. The swelling was treated by the physicians, and discharged very copiously; after that it was thought an ulcer formed on the leg and had at one time, I believe, We had five different Physicians, but none relieved her much, and the leg was drawed up and contracted; and now that she was able to leave her room, she was a perfect cripple. During this time the bone had exfoliated, and the ulcer had not close after piece after piece came out, of which he has now more than twenty pieces in his possession. Suffering from one half to one and a half inches in length. We had given up all hopes of his recovery, but at this time we commenced using your Sarsaparilla, and with its use his health and appetite began immediately to improve, and at each repeat was the change that less than a dozen bottles effected a perfect cure. With gratitude, I remain truly, yours,

JAMES HALL.

We, the undersigned, neighbors to Mr. Hall, cheerfully subscribe to the facts of the above statement.

The Canadian Remedy which have been recommended as remedies for Worms, but experience has proved all those to be valueless.
