CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than the contribution of Chemistry to the Healing Art. A vast trial of its virtue throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous affections of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following—and refer the reader to any Agent in Alabama, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proofs of these statements.

Rock Hill, (Somerset Co.) N. J., July 21, 1852.

Dr. J. C. AYER—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unbounded praise by those who have used it, and I know it is my duty to recommend it to the sick wherever the best can say of it, is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving to my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me

Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you, if you wish.

Windsor, C. W., June 26, 1852.

J. C. AYER—Sir: This may certify that I have used your Cherry Pectoral for upwards of one year and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overrate my convictions when I tell you it is a priceless remedy.

Yours, very respectfully,

H. A. McCULLIN, Attorney at Law.

Wilmington, Pa., September 26, 1850.

DR. J. C. AYER—My dear Sir: Your medicine is highly approved by those who have used it here, and its reputation has spread so far and so fast that its reputation has fully recommended itself to public notice. As a decided and speedy cure for Consumption, Bronchitis, Asthma, Wheezing, Cough, and other affections of the Lungs, which strike at the foundation of life, it is the best medicine we can give our patients, and the continual changes of our climate make it invaluable to us.

The Pectoral is simply a chemically prepared medicine, containing no alcohol or other intoxicating liquor, while it has grown in many countries to the position of a household word.

To demonstrate these facts, enquire of any Druggist in your vicinity, and he will acknowledge the beneficial effects of wearing the Protector, by hundreds, who bear testimony to its wonderful powers, in the prevention and cure of the various diseases and derangements, to which the delicate formation of woman render her liable.

A PHENOMENON IN MEDICINE!

Dr. Morse's Invigorating Elixir or Cordial.

AT FIRST the properties attributed to Professor M. Morse's Invigorating Elixir or Cordial were deemed fabulous. Incredulity is overthrown by a mass of testimony which is perfectly irresistible.

MEDICAL.

HIGHLY IMPORTANT DISCOVERY!

Infallible Preservative against

VIRULENT FEVER.

Prophylactic Vaccination.

WM. HUMBOLDT, Medical Doctor and Surgeon of the Universities of Vienna, Berlin, Heidelberg, Montpellier and Paris, Member of several Medical and Scientific Institutes of Europe and America, offers his discovery to the unacclimated, and begs to remind them that very many are daily carried off by this terrible malady.

An arduous and profound study of this disease in different parts of America, and especially in New-Orleans, suggested to me the idea of an attempt toward the discovery of a preservative. Under the impression of this idea I have made numerous experiments, during several years, on more than two thousand persons; and I have acted at last the means of preventing this terrible disease.

The Medical Faculty generally agreed by learned Doctors, that yellow fever is an endemic sickness, confined during a certain season of the year, by the influence of certain climates, the action of vegetable matter and mind, necessary to the reproduction of human life. To prevent the malignant fever, and deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the process of life, and to the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the debilitated, enervated youth, he overworn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will find immediate and permanent relief from the use of this invaluable remedy. To those who have predisposition to paralysis, it will prove a complete and sure safeguard against that terrible malady. There are many, perhaps, who have so tried with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with diseases in toto, without reference to causes, and will not only remove the disease, but restore the vital energy.

REBUILD THE BROKEN CONSTITUTION.

The derangement of the system, leading to nervous diseases, and the nervous complaints of the sexes, are so numerous, that it would require a volume to enumerate the maladies for which this preparation is a specific. A few, however, may be mentioned, viz.—neuralgia, tic doloreaux, headache, incipient paralysis, hysteria, palpitation, nervous hypochondriac affections, muscular debility, tremors, flatulency, prickling sensation in the feet, numbness, memory impaired, weakness of the limbs, indigestion, nervous fatigue after exercise, broken sleep and terrifying dreams, inability to remain in one place or position, weakness of the procreative organs, nervous incontinency, melancholy, monomania, fear alone, shaking at the stomach, female irregularities, a chronic tendency to miscarriage, consolation, and all complaints growing out of a free indulgence of the passions, and the ravages that follow, whether from organic causes, beyond the reach of medicine.

Wherever the organs to be acted upon are free from malformation or structural disease, it is averred that

MORSE'S INVIGORATING ELIXIR

will replace weakness with strength, incapacity with efficiency, irregularity with uniformity and natural activity, and this not only without hazard or restriction, but with a happy effect on the general organization. Bear in mind that all maladies, however slight or severe, finish with the nervous system, and that the gratification of the nerve of motion and sensation is physical death. Bear in mind, that for every kind of nervous disease the Elixir Cordial is the only reliable preparation known.

CURE OF NERVOUS DISEASES.

No language can convey an adequate idea of the immediate, and almost miraculous change which it occasions in the diseased, debilitated and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness—the strong and relaxed organization is at once braced, invigorated and built up. The mental and physical symptoms of nervous disease disappear together under its influence. Nor is the effect temporary, on the contrary the relief is permanent—for the Cordial properties of the medicine reach the constitution itself, and restore it to its normal condition.

LOSS OF MEMORY.

Confusion, giddiness, rush of blood to the head palpitation, fickle, irritable, weakness of the heart, tremblings, cold feet, loss of energy, dimness of sight, general prostration, irritability, nervousness, inability to sleep, diseases incident to females, decay of the reproductive functions, hysteria, mesmeromania, and delirium, are the results of indulgence, or the consequences of the ravages of disease, which the Elixir Cordial is adapted to remove, especially painful menstruation. The Cordial is a sure remedy for Dysentery.

1st. It cures the worst cases of Diarrhoea.
2d. It cures Nitrous Oxide effects of Dysentery.
3d. It cures California or Mexican Diarrhoea.
4th. It relieves the severest Colic.
5th. It cures Bilious Diarrhoea.
6th. It cures Cholera Infantum.
7th. It cures Bowel Mortification.
8th. It relieves Pain in Back and Loins.
9th. It counteracts Nervousness and Despondency.
10th. It restores irregularities.
11th. It relieves gloomy and hysterical Feelings.
12th. It is an admirable Tonic.
