IN QUART BOTTLES,
For Purifying the Blood, and for the Cure of

SCROFULA, MERCURIAL DISEASES, RHEUMATISM, CUTANEOUS ERUPTIONS, STUBBORN ULCERS, LIVER COMPLAINT, DYSPEPSIA, BRONCHITIS, SALT RHEUM, CONSUMPTION, FEVER SORES, FEMALE COMPLAINTS, ERYSIPELAS, LOSS OF APPETITE, PIMPLES, BILES, GENERAL DEBILITY, &c.

This preparation has now borne the test of over 14 years experience, since its first introduction to public favor, during which time numerous imitations have sprung into existence, founding their claims to the confidence of the community on the curative powers contained in Sarsaparilla Root, the great reputation and extended use of which has been mainly attributable to the many wonderful cures effected by the use of this preparation.—While Sarsaparilla Root forms an important part of its combination; it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. Other preparations imitate it in the style of putting up, and in bearing the name of one of its ingredients, and here ends their resemblance to it. Those needing a remedy and purifier like this, are requested to note where this difference exists, and in making choice of what they will use, not to take any other but that one entitled to their confidence, from the long list of cures it has effected on living witnesses whose testimonials and residences have been published, and who are still bearing daily testimony to its worth.

LIVER COMPLAINT AND SALT RHEUM.
New York, July 27, 1849.

Messrs. A. B. & D. Sands—Gentlemen: Words can but feebly express my feelings, in conveying the pleasing intelligence that my wife is restored to perfect health by the use of your invaluable Sarsaparilla. She was afflicted with a severe cutaneous disease that covered the whole surface of the body, so that it would have been impossible to touch any part that was free from the humor; the head, face and body were covered with scales like those of a fish; the hair fell out in large quantities, and walking caused the most excruciating agonies, as it affected the joints more severely than any other part. She suffered also a long time from an affection of the liver, connected with general debility, and a prostration of the nervous system. Physicians, both in Europe and America, had exhausted the usual remedies, without effecting a cure, or scarcely affording a relief, and the best medical skill was unavailing, until she happily used your Sarsaparilla. The disease was pronounced salt rheum, but her whole system, internally and externally, was altogether deranged, but a complete cure has been the cure, after using the Sarsaparilla for six weeks, and taking, in all, less than one dozen bottles, that she now enjoys better health than for years previous to taking the Sarsaparilla. My object in making this communication is, that all who have suffered as she has, may know where and to whom to apply for relief, (and that not in vain,) as a complete cure will be the result. My wife unites with me in heartfelt thanks; and believe me, gentlemen,

Yours sincerely, FERRIER NAZER.

City and County of New York, ss.—Ferrier Nazer, being duly sworn, doth depose and say, that the foregoing statement, to which he has subscribed his name, is true and accurate, to the best of his knowledge and belief—Sworn and subscribed this 27th day of July, 1849, before me,

C. S. WOODHULL, Mayor.

[Extract from a letter received from a Physician in Maryland.]

Cambridge, Md., Oct. 5th, 1850.

Messrs. Sands:

Gentlemen—My little daughter was afflicted for a long time with Sore Head and Eyes, and by using your Sarsaparilla was perfectly cured; other medicines and Sarsaparilla having failed to relieve her. Having used it and tested its efficacy, I now confidently recommend it in preference to any other, as it seems to possess properties not contained in any other preparation; and I find that purchasers, after they have used it, invariably want the same article again whenever they require a medicine for which this is recommended.

Respectfully yours, J. FLINT, M. D.

Prepared and sold, wholesale and retail by A. B. & D. SANDS, Druggists and Chemists, 100 Fulton street, corner of William, New York. Sold also by Druggists generally throughout the United States and Canada. Price, $1 per bottle; six bottles for $5.

ST. LOUIS INSTITUTION.
DIRECTED BY
MADAME E. DERON,
No. 145 St. Louis street, between Dauphine and Burgundy streets—New Orleans.

SCHOLASTIC YEAR 1851-'52.

THIS Institution which for the last twelve years, has followed a constant career of progress and prosperity, has resumed its usual course of studies since the 1st September.

Madame Deron, formerly a pupil and professor of the "Maison Royale de St. Denis," and a graduate of the University of France, has endeavored to profit by the experience which she has acquired in the United States, to place her Institution in the first rank of educational establishments in America.

Madame Deron, exclusively devoted to her pupils, applies herself not only to the cultivation of the mind, but also to the formation of the heart. She strongly desires that the young Ladies confided to her care may be remarked for all those valuable qualities which constitute a really good education, such as the spirit of order and decorum, amiability of temper and solidity of judgment, mildness of manners and a sympathising disposition, and finally easy grace and reserved elegance of manners. In order to obtain these results, Madame Deron has always employed as auxiliaries both firmness and mildness, the constant use of emulation, and especially rewards for application and regularity in study. She is seconded by her sister-in-law, Mademoiselle J. Deron, who, like herself, has always followed the career of instruction; these two Ladies watch with the greatest zeal over the daily progress of the pupils.

The locality of the institution well known and appreciated in New Orleans, as one of the most suitable and salubrious in the city, is perfectly well arranged; the class and study rooms and dormitories are spacious and airy, looking over several gardens, and there are besides a handsome yard and a terrace sheltered from the sun and intended for the recreation of the pupils.

The general instruction is given both in French and English; it embraces all the branches which constitute a finished education for young ladies. The English language is the object of especial care, the creole pupils are required in their communications with each other and with their professors to speak the English language exclusively.

Mr. Orton, who has been attached to the Academy from its foundation, devotes a great part of his time to impart to the pupils of the higher classes a thorough knowledge of the English language and literature, the other classes are intrusted to well qualified American governesses.

Madame Deron has reserved to herself the direction of the French classes. She has besides secured the assistance of an excellent Professor of the higher sciences, Monsieur H. Jegou, who divides with Monsieur H. Deron and Mesdames Deron, the care of the French department.

The Spanish language forms a part of the system of study.

With respect to religious instructions M. l'Abbe Tholomeur, whose zeal is so justly appreciated, continues to prepare the pupils for their first communion in the chapel of the institution.

MUSIC.

The study of Music is the object of particular care. Madame Lavillebeuvre, an artist of the highest order is attached to the institution as Professor of the Piano and Harp. A course of Vocal Music by one of the best Professors of the city.

As a means of emulation the institution has adopted monthly musical examinations at which parents are invited to be present.

A Professor of Dancing is attached to the establishment. s30

NEW ORLEANS FEMALE INSTITUTE,
OR,
DAY AND BOARDING SCHOOL,
FOR YOUNG LADIES,
252 CAMP STREET,
Conducted by Mrs. Macaulay.

THIS Institution is under the personal supervision of Mrs. MACAULAY, and the classes advanced in literature, science, and philosophy are under the care of Dr. Macaulay. The most accomplished teachers are employed in giving instructions in the French, Spanish, and Italian languages, also in Drawing and Dancing. The piano, harp, and guitar, as well as vocal music, are taught by professors of the highest grade of qualifications.

There are now eight instructors in the institution, and it is the aim of the Principals to make it, in all respects, such as parents may desire for their daughters. Every care is taken not only to instil pure morals, and promote habits of correct, lady-like deportment in the pupils, but to make them intelligent as well as accomplished, and, consequent ly, fit them for society and future usefulness.

Young ladies from the country, living in the family as boarders, share in the enjoyments, privileges and attentions of daughters, and are uniformly treated, not so much as members of a boarding school, as daughters of an affectionate family.

To the establishment is attached a large and well selected library; and to create a thirst for the acquisition of general knowledge as to the improvements and changes that are continually taking place in the literary, scientific and political worlds, leading Periodicals of a truly valuable character and standard books of reference, are at the command of the young ladies well advanced in school education, for the important purposes of teaching them to acquire useful knowledge for themselves, by means of research and examination.

Monthly reports issued, as to progress and conduct.

A class for the study of the Latin language, will be formed on the first of November, and one on the use of the Globes.

References are made to parents who have had their daughters at the institution for years; and further particulars and circulars can be obtained by applying, personally, or by letters either to Dr. or Mrs. Macaulay. s22

Dr. Ed. Martin's Vermifuge Syrup.
Without any disagreeable Taste or Smell.

THE MELIA AZEDARACH, (Pride of China, Linnaeus' Class X Decandr: Monogyn:—Jussieu, Class XIII, order 11, Meliaceae:—Tournefort, Class XXI, Arbres rosacea,) one of the most beautiful ornaments of our ..., the root of which, for some time past has been, by a few persons, justly reputed the best Vermifuge known, supplies us with the principal agent in the above named remedy.

Having sought, with the greatest care in the bark of the root of this tree, the active principle which produces such excellent results in the various affections of children, we have succeeded in extracting it in its purest state and by combining it with other tonic plants which are nearly all indigenous to Louisiana, have arrived at composing the above VERMIFUGE SYRUP, the efficacity of which is now beyond the shadow of a doubt.

This Syrup, of an agreeable flavor, can be administered without the slightest apprehension to the most delicate children. Its use continued during three days, the doses being given at shorter intervals as the child may be older and stronger, will infallibly expulse all those intestinal worms which are the source of so many diseases, dangerous and often fatal to children.

Some mothers, rendered timorous by the frightful results of the various vermifuges, hitherto employed, have given it to their children, but in doses extremely small; this has, in such cases, rendered the effect incomplete, and might have injured the standing of this remedy, had not several of our most experienced practitioners, by judiciously prescribing it and regulating the doses adapted to the different ages tested and established its excellent virtues.

To avoid debilitating the little patients by too severe a diet, we have modified the doses originally prescribed, in the following manner:

Children 2 to 5 years old, three tea spoonfulls a day, at an interval of from 1 to 2 hours. Above five years old, three table spoonfulls at the same intervals. No nourishment to be given between the first and third dose, nor within an hour after the third.

The Syrup must be administered during three consecutive days. Composed entirely of vegetable extracts, this Vermifuge does not produce any of the pernicious effects which have often followed the use of those hitherto in use.

Ι Σ Φ

A SURE AND SAFE REMEDY FOR SICK HEADACHE, CHILLS AND FEVER, JAUNDICE, Dyspepsia, Chronic Diarrhoea, Sea Sickness, Cholera, and Cholera Infantum, and restore a healthy action to the Liver, without a particle of Calomel, Mercury, Quinine or Morphine entering into their compound. They do not purport to be a remedy for all manner of diseases that flesh is heir to, but experience warrants us in saying the above they will positively cure. They will also correct all derangements of the Stomach, and relieve from those aches and pains throughout the system commonly called Rheumatic. It is an excellent remedy for the GRAVEL, and as a VERMIFUGE or WORM Medicine there is none better.

GOURAUD'S
ITALIAN MEDICATED SOAP.

LANGUAGE is powerless to set forth one tithe of its wonderful properties, but the high meed of public approbation has so decidedly and unchangeably stamped the superiority of this remarkable Soap, that to doubt its efficacy in the eradication of tan, freckles, sunburn, sallowness, pimples, ringworm, obstinate old sores, salt rheum, worms in the skin, and other cutaneous disfigurements, is to imply a doubt of the existence of truth itself. It is, besides, the very best shaving Compound ever used.

Equally famous is Gouraud's Poudre Subtile, for eradicating superfluous hair from any part of the body.

Gouraud's Hair Restorative, or Circassian Gloss, is a beautiful preparation for the hair, preventing its falling out, increasing its growth, and making wiry, harsh hair, soft, silky and glossy. Trial bottles, 25 cents each.

Gouraud's Liquid Hair Dye will instantly change red or gray hair to a beautiful brown or black.

Gouraud's Liquid Rouge is a superb article for giving a rose stain to pale lips and cheeks, defying detection by rubbing.

Gouraud's Lily White is an unrivaled production for rough, flushed, sluggish complexions.

Dr. Felix Gouraud's preparations can only be had genuine at his sole agent,

"CONSUMPTION."
RUSHTON, CLARK & CO'S CELEBRATED GENUINE MEDICINAL COD LIVER OIL.

THIS valuable remedy, introduced by us to the notice of the Medical Profession, but little more than two years since, has, during that short period, advanced more rapidly in the public estimation than any remedy yet discovered for this dread destroyer of the human race. It has been used with the most signal and gratifying success, even in cases considered hopeless, and in the late reports of the New York and Pennsylvania Hospitals, on its use, it is spoken of as being more valuable than any remedy yet discovered for Consumption and Pulmonary Affections, and it has the great advantage over all other remedies, that instead of reducing, it increases the strength and flesh of the patient, thus enabling Nature to co-operate with the remedy, and overcome the disease.

Owing to the purity and superior quality of the Oil of our manufacture having given it a popularity over all others, several persons have copied the shape and style of our bottle, in order to palm off inferior quality and adulterated Oil, and as the article, unless pure, is, in most cases, worse than useless, we would call particular attention to our Signature, which is over the cork of each bottle, without which it is not genuine. Be particular and enquire for Rushton, Clark & Co's Cod Liver Oil, and see that the Signature is over the cork.

For sale by N Jarvis & Co; J Wright & Co, Sickles & Co; Randolph & Pope, and by Druggists generally, where pamphlets may be had gratis, giving the history and use of the oil. o26 3m

PROCLAMATION,
By Joseph Walker, Governor of the State of Louisiana.

THE uninterrupted blessings of peace, health and prosperity, which we as a people have enjoyed during another year, demand from us a lively expression of gratitude and thankfulness to the Giver of all Good, for the continued favors thus conferred upon us. Wherefore, as the Governor of the State of Louisiana, and in conformity to the request of the several Executives of the different States composing our sacred Union, I deem it meet and proper, to suggest, that THURSDAY, the 27th of November, be set apart and observed as a day of "Thanksgiving and prayer to Almighty God," and that the good people of this State suspend on that day, their ordinary business avocations, and together with their fellow citizens from other States, assemble in their usual places of Worship, for the united expression of their homage, and thankfulness to Him who is the author of all temporal and spiritual blessings, and that civil and religious liberty may be continued to us, and to our posterity unimpaired, and in due time be extended to all the nations of the earth.

L. S. In testimony whereof, I have hereunto set my hand, and the seal of the State, at the town of Baton Rouge, this 27th of October, A. D. 1851, and of the Independence of the United States the seventy-sixth.

By the Governor, JOSEPH WALKER.

Pittsburg Coal.

THE subscribers in offering to their customers and the public, their present and future stock of PITTSBURG COAL, assure them that it shall always be of the best quality that comes to this market, pure and unmixed with inferior coals, as their whole supplies are derived but from one mine, and bituminous coals not obtained from the mines of A. Millar & Co, on the Monongahela river.

N. B.—We do not deal in the Treadwater Coal, and our customers may therefore have no fear of this or inferior Ohio river coals being mixed with their supplies, or palmed on them for Pittsburg coal, and we guarantee our carts to hold full ten barrels of the standard measure of the State. Orders received 99 Gravier street, near St. Charles street, or at our depot, 86 Triton Walk.
