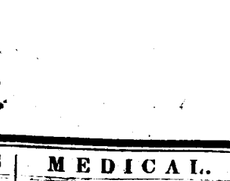
MEDICAL.



Holloway's Pills for the Cure of Liver Complaints, and Indigestion.—Mr. Gomis, chemist Yeovil, states, in a letter to Professor Holloway, that a lady residing in that town had been a severe sufferer from Liver complaint and indigestion for a very long period, that her medical attendant had informed her he could do nothing to relieve her, and that she could not survive many months, but not being satisfied with this opinion, she commenced taking Holloway's Pills, and the excellent medicine was the means of saving her life; in about a month they restored her to perfect health and strength.

CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind, than the contribution of Chemistry to the Healing Art. A vast trial in its virtues throughout this broad country, has proven beyond a doubt, that no medicine, or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish the proofs of the cures effected by its use, but we would present the following as one of the proofs of these statements.

ROCK HILL, (Somerset Co.) N. J., July 31, 1852.

DR. J. C. AYER—Sir: Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of high commendation and praise by those who have used it, and I know of some cases where the best they can say of it, is not too much for the good it has done. I take pleasure in adding my testimony, because I know that I am giving to my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me

Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you, if you wish it.

Windsor, C. W., June 26, 1852.

DR. J. C. AYER—Sir: This may certify that I have used your CHERRY PECTORAL for nearly three years, and it is my sincere belief that I should have been in my grave ere this, had it not for it. It has cured me of a dangerous affection of the lungs, and no over-state my convictions when I tell you it is a priceless remedy.

Yours, very respectfully,

D. A. MCCLELLAN, Attorney at Law.

Wilkshire, In. Sept. 2, 1851.

Dr. J. C. AYER—My dear Sir: Your medicine is much approved by all who have used it here, and its composition is such as to insure safety and its reputation. Invariably recommend it for pulmonary affections, as the safest and surest of all.

I am your friend,

THAD. STREATER, M. D.

WINER'S CANADIAN VERMIFUGE

A CERTAIN REMEDY FOR WORMS.

IT IS A FACT, established beyond the shadow of a doubt, by the experience and testimony of the most eminent physicians, more than ten thousand of the diseases with which children are afflicted are caused by Worms, and thousands of children are annually from those diseases, when the cause is either unknown, or improperly treated, have to sink into the grave. Various are the preparations which have been recommended for the destruction of Worms, and thousands of dollars are annually expended in the search, but it has proved them all more or less ineffectual; the end, however, has at length been attained, and a remedy found which has never failed to destroy Worms wherever they have existed, and which is supported by the testimony of the most eminent physicians and other prominent individuals in the country. The remedy is

THE Hydromagen is a valuable discovery for protecting the feet from the damp or cold, and therefore a preventative of many fatal complaints, *without injuring whatever* The Hydromagen is in the form of a sole, and worn inside the boot or shoe, its *medicated* character is a powerful antidote to disease.

For Gentlemen, it will be found agreeable, warm, and healthy, to wear in the coldest or rainiest weather, as the heat generated by the friction of the Hydromagen is imparted. Ladies may wear the lightest pointed shoes in the most inclement weather with impunity, while Consumptive, or predisposed among the young of our country, may be thwarted by their *general adoption*. Thus, the entirely *superseds over shoes* as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not durable as wear to pedestrians in dry weather, like India rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being a mere thin slice of cork pressed, peculiarly placed inside, does not increase the size of the boot, or cause any inconvenience to the wearer. To Children they are extremely valuable, as they may engage in exercise without discomfort and healthy effects. Their expense is exceedingly small, and their duration; besides, those *kills much* diminished thereby.

As the Hydromagen is becoming more known, its sale increasing to an almost incredible extent,—Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburgh, and Berlin, our sales reached 1,739,450 pairs of Cork Soles. This year the number will far surpass that.

PURE VEGETABLE EXTRACT

DR. MORSE'S INVIGORATING CORDIAL,

OR PECTORAL IN MEDICINE!

Sanctioned by Eminent Physicians of Life Long Standing!

Dr. Morse's Invigorating Elixir or Cordial,

AT FIRST the preparation attributed to Professor Morse's Invigorating Elixir or Cordial were deemed fabulous. The pay its effect produced would not believe the simple and it. Since truths announced by the discoverer. But facts, undeniable facts, attested by witnesses of the highest classes and character, are now triumphing over all doubts. Incredulity is overthrown by a mass of testimony which is perfectly irresistible.

The Elixir remedies, in all cases, the deplorable evils arising from a slower or abuse of the various organs, which make up the wonderful machine called man. It restores to full vigor every delicate function connected with this mysterious compound agency of mind and matter, necessary to the reproduction of human life. To persons of feeble or shattered frame, or deficient in vital power, it is recommended as the only means of effectually restoring health, which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. In bodily diseases are not confined to either sex, or to any age. The feeble girl, the ailing wife, the listless, nervous youth, the overworked man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will find the invigorating and permanent relief from the use of this inexhaustible reservoir. To those who have physical weakness, so paralyzed, it will prove a complete and unfailing remedy, and in cases of terrible debility. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even such despair. The Elixir deals with disease in a scientific, without a random manner, and will not only remove the disorder itself, but

REBUILD THE BROKEN CONSTITUTION.

The derangement of the system, leading to nervous disease, and the forms of nervous disease itself, are the most difficult to cure of any diseases. Nervous debility, or the weakness of the system, is the most prevalent form of disease, and the most difficult to cure
