PROCLAMATION,
By Joseph Walker, Governor of the State of Louisiana.

THE uninterrupted blessings of peace, health and prosperity, which we as a people have enjoyed during another year, demand from us a lively expression of gratitude and thankfulness to the Giver of all Good, for the continued favors thus conferred upon us. Wherefore, as the Governor of the State of Louisiana, and in conformity to the request of the several Executives of the different States composing our sacred Union, I deem it meet and proper, to suggest, that THURSDAY, the 27th of November, be set apart and observed as a day of "THANKSGIVING, and prayer to Almighty God," and that the good people of this State suspend on that day, their ordinary business avocations, and together with their fellow citizens from other States, assemble in their usual places of Worship, for the united expression of their homage, and thankfulness to Him who is the author of all temporal and spiritual blessings, and that civil and religious liberty may be continued to us, and to our posterity uninjured, and in due time be extended to all the nations of the earth.

L. S. In testimony whereof, I have hereunto set my hand, and the seal of the State, at the town of Baton Rouge, this 27th of October, A. D. 1851, and of the Independence of the United States the seventy-sixth.

Council of Municipality No. One.
Report presented at the Sitting of Monday, November 17th, 1851.

REPORT OF THE FINANCE COMMITTEE.
The Finance Committee, in accordance with the law which requires that before the Council of Municipality No. One shall determine on the amount of taxes to be assessed, they shall make and publish an estimate exhibiting the probable amount of expenditures, including the amounts necessary for contingent expenses, to be incurred during the current year, which estimates shall be published in the official paper of Municipality No. One, in French and English, during thirty days previous to the meeting when the Council shall decide on the amount of taxes to be assessed—submit to your honorable body the annexed exhibits or statements; and in accordance to standing resolution, notice is hereby given that thirty days after the first publication of the following budget, the Council will proceed to fix and determine on the amount of taxes to be levied on the assessment roll of 1852.

No. 1 presents the probable receipts and expenditures from 1st January up to 31st December, 1852.
No. 2 exhibits the estimates of Surveyor's Department.
No. 3 shows the assets and liabilities of Municipality No. 1.
No. 4 exhibits the amount of taxable property within Municipality No. 1.

In relation to Document No. 1, your Committee begs leave to call your attention to the fact, that there is an estimated excess of expenditures over receipts of $468,785 72 cents to meet which, a tax of 2 5-10 p. c. should be required, but your Committee having every reason to believe that a considerable portion of the floating debt can be funded under the resolution of this Council, passed on the 28th day of April, 1851, authorized by the law of 1847, are of opinion, that a tax of 1½ p. c. shall be sufficient to meet the above mentioned excess, and current expenditures of this Municipality during the year 1852.

Your Committee will observe that the tax now proposed is not as high as the one imposed last year, although it appears so far, the Council imposed a tax of 1½ p. c. for the year 1851, ½ to be collected by the Municipality, and one to be collected by the Board of Liquidators, which Board never collected the same, and is declared unconstitutional, by the Third District Court, and that the tax of 1½ p. c. now proposed is estimated to cover both the expenditures of the current year, and the portion of interest of the old city debt now to be assumed by this Municipality.

Your Committee therefore, recommend the adoption of the following resolution:
Resolved, That a tax of one and one-half per cent be, and is hereby levied on all capital, real estate and slaves within the limits of this Municipality, according to the assessment roll made for the year 1851.

Dr. Ed. Martin's Vermifuge Syrup.
Without any disagreeable Taste or Smell.
THE MELIA AZEDARACH, (Bellis Biplonati, Linnaeus' Class X Decand. Monogyn:—Jussieu, Class XIII, order II, Meliaceae;—Tournefort, Class XXI, Arbres rosacees,) one of the most beautiful ornaments of our forests, the root of which, for some time past has been, by a few persons, justly reputed the best vermifuge known, supplies us with the principal agent in the above named remedy.
Having sought with the greatest care in the bark of the root of this tree, the active principle which produces such excellent results in vermiculous affections of children, we have succeeded in extracting it in its purest state and by combining it with other tonic plants which are nearly all indigenous to Louisiana, have arrived at composing the above VERMIFUGE SYRUP, the efficacity of which is now beyond the shadow of a doubt.
This Syrup, of an agreeable flavor, can be administered without the slightest apprehension to the most delicate children. Its use continued during three days, the doses being given at shorter intervals as the child may be older and stronger, will infallibly expulse all those intestinal worms which are the source of so many diseases, dangerous and often fatal to children.
Some mothers, rendered timorous by the frightful results of the various vermifuges hitherto employed, have given it to their children, but in doses extremely small; this has, in such cases, rendered the effect incomplete, and might have injured the standing of this remedy, had not several of our most experienced practitioners, by judiciously prescribing it and regulating the doses adapted to the different ages tested and established its excellent virtues.
To avoid debilitating the little patients by too severe a diet, we have modified the doses originally prescribed, in the following manner:
Children 2 to 5 years old, three tea spoonfuls a day, at an interval of from 1 to 2 hours. Above five years old, three table spoonfuls at the same intervals. No nourishment to be given between the first and third dose, nor within an hour after the third.
The SYRUP must be administered during three consecutive days. Composed entirely of vegetable extracts, this Vermifuge does not produce any of the pernicious effects which have often followed the use of those hitherto in use.

GOURAUD'S ITALIAN MEDICATED SOAP.
LANGUAGE is powerless to set forth one tithe of its wonderful properties, but the high meed of public approbation has so decidedly and unchangeably stamped the superiority of this remarkable Soap, that to doubt its efficacy in the eradication of tan, freckles, sunburn, salt rheum, pimples, ringworm, obstinate old sores, salt rheum, worms in the skin, and other cutaneous disfigurements, is to imply a doubt of the existence of truth itself. It is, besides, the very best shaving Compound ever used.
Equally famous is Gouraud's Poudre Subtile, for eradicating superfluous hair from any part of the body.
Gouraud's Hair Restorative, or Circassian Gloss, is a beautiful preparation for the hair, preventing its falling out, increasing its growth, and making wiry, harsh hair, soft, easy and and glossy. Trial bottles, 25 cents each.
Gouraud's Liquid Hair Dye will instantly change red or gray hair to a beautiful brown or black.
Gouraud's Liquid Rouge is a superb article for giving a rose stain to pale lips and cheeks, defying detection by rubbing.

RUSHTON, CLARK & CO.'S CELEBRATED GENUINE MEDICINAL COD LIVER OIL.
THIS valuable remedy, introduced by us to the notice of the Medical Profession, but little more than two years since, has, during that short period advanced more rapidly in the public estimation than any remedy yet discovered for this dread destroyer of the human race. It has been used with the most signal and gratifying success, even in cases considered hopeless, and in the late reports of the New York and Pennsylvania Hospitals, on its use, it is spoken of as being more valuable than any remedy yet discovered for Consumption and Pulmonary Affections, and it has the great advantage over all other remedies that instead of reducing it increases the strength and flesh of the patient, thus enabling Nature to co-operate with the remedy, and overcome the disease.
Owing to the purity and superior quality of the Oil of our manufacture having given it a popularity over all others, several persons have copied the shape and style of our bottle in order to palm off inferior quality and adulterated Oil, and as the article, unless pure, is in most cases, worse than useless, we would call particular attention to our Signature, which is over the cork of each bottle, without which it is not genuine. Be particular and enquire for Rushton, Clark & Co's Cod Liver Oil, and see that the Signature is over the cork.
For sale by N Jarvis & Co, J Wright & Co, Bickles & Co, Randolph & Pope, and by Druggists generally, where pamphlets may be had gratis giving the history and use of the oil. o26 3m

IN QUART BOTTLES,
For Purifying the Blood, and for the Cure of
SCROFULA, MERCURIAL DISEASES, RHEUMATISM, CUTANEOUS ERUPTIONS, STUBBORN ULCERS, LIVER COMPLAINT, DYSPEPSIA, BRONCHITIS, SALT RHEUM, CONSUMPTION, FEVER SORES, FEMALE COMPLAINTS, ERYSIPELAS, LOSS OF APPETITE, PIMPLES, BILES, GENERAL DEBILITY, &c.

This preparation has now borne the test of over 14 years experience, since its first introduction to public favor, during which time numerous imitations have sprung into existence, founding their claims to the confidence of the community on the curative powers contained in Sarsaparilla Root, the great reputation and extended use of which has been mainly attributable to the many wonderful cures effected by the use of this preparation.—While Sarsaparilla Root forms an important part of its combination, it is, at the same time, compounded with other vegetable remedies of great power and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. Other preparations imitate it in the style of putting up, and in bearing the name of one of its ingredients, and there ends their resemblance to it. Those needing a remedy and purifier like this, are requested to note where this difference exists, and in making choice of what they will use, not to take any other but that one entitled to their confidence, from the long list of cures it has effected on living witnesses, whose testimonials and residences have been published, and who are still bearing daily testimony to its worth.

LIVER COMPLAINT AND SALT RHEUM.
New York, July 27, 1849.
Messrs. A. B. & D. Sands—Gentlemen—Words can but feebly express my feelings, in conveying the pleasing intelligence that my wife is restored to perfect health by the use of your invaluable Sarsaparilla. She was afflicted with a severe cutaneous disease that covered the whole surface of the body, so that it would have been impossible to touch any part that was free from the humor; the head, face and body were covered with scales like those of a fish; the hair fell out in large quantities and walking caused the most excruciating agony, as it affected the joints more severely than any other part. She suffered also a long time from an affection of the liver, connected with general debility, and a prostration of the nervous system. Physicians, both in Europe and America, had exhausted the usual remedies, without effecting a cure, or scarcely affording a relief; and the best medical skill was unavailing, until she happily used your Sarsaparilla. The disease was pronounced salt rheum, but her whole system, internally and externally, was altogether deranged; but so complete has been the cure, after using the Sarsaparilla for six weeks, and taking, in all, less than one dozen bottles, that she now enjoys better health than for years previous to taking the Sarsaparilla. My object in making this communication is, that all who have suffered as she has, may know where and to whom to apply for relief, (and that not in vain,) as a complete cure will be the result. My wife unites with me in heartfelt thanks; and believe me, gentlemen,
Yours sincerely, FERRIER NAZER.

City and County of New York, ss.—Ferrier Nazer, being duly sworn, doth depose and say, that the foregoing statement, to which he has subscribed his name, is true and accurate, to the best of his knowledge and belief.—Sworn and subscribed this 27th day of July, 1849, before me,
C. S. WOODHULL, Mayor.

[Extract from a letter received from a Physician in Maryland.]
CAMBRIDGE, Md., Oct. 5th, 1850.
Messrs. Sands—Gentlemen—My little daughter was afflicted for a long time with Sore Head and Eyes, and by using your Sarsaparilla was perfectly cured. other medicines and Sarsaparilla having failed to relieve her. Having used it and tested its efficacy, I now confidently recommend it in preference to any other, as it seems to possess properties not contained in any other preparation; and I find that purchasers, after they have used it, invariably want the same article again whenever they require a medicine for which this is recommended.
Respectfully yours, J. FLINT, M. D.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Druggists and Chemists, 100 Fulton street, corner of William, New York. Sold also by Druggists generally throughout the United States and Canada. Price, $1 per bottle; six bottles for $5.
