G. BOYER'S INSTITUTION. No. 146 Conti Street, between Dauphine and Burgundy.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. This institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils, extends over all the branches of learning, which are necessary to a useful, polite and finished education, from primary instruction, to the more abstruse studies which are especially the province of a collegiate course. The discipline, which is mild and paternal, is of the most ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from assiduous study, nor from a good education, is conducted with scrupulous care. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

YOUNG LADIES' ACADEMY.

MADAME PARENT has removed her institution to Customhouse st., between Royal and Bourbon, No. 86, the house heretofore occupied by M'me Granet, and is ready to receive boarders, half boarders, and day scholars. There is a very large yard, together with a garden for the young ladies to amuse themselves. The apartments are vast and well aired. There is every advantage and inducement offered to parents, as to the moral and intellectual cultivation of the minds of their daughters. The best Professors are employed. Every branch of a solid and refined education is taught, in both languages; also, accomplishments such as drawing, Painting, Embroidery, &c.

MADAME PARENT would inform the public that she has made permanent engagements with Professor Le Breque and Auchmuty, late (principals of the Franklin High School.) It would be superfluous to add anything respecting the very distinguished talents of those gentlemen, who are already so well known to the community at large. The former has charge of the French language and French literature; the latter, the supervision of the higher English classes and natural sciences.

The Musical department is under the direction of three of the most competent and acknowledged talents in the city.

Professor Allston has the special charge of the Mathematical branches.

Mr. Gonthrel has been engaged as a Teacher of Vocal Music.

For terms apply at the institution. Parents are permitted to visit the institution on Sundays.

Once a week, (Saturday,) between 12 and 1 o'clock, the young ladies assemble in the parlor, in order to acquire those polite and graceful manners so necessary to young persons when they enter society.

DAY AND BOARDING SCHOOL, FOR YOUNG LADIES, Under the Direction of MADAM CHARPAUX,

At the corner of Bayou and Claiborne streets.

THIS SEMINARY, whose existence dates some six years back, has met with a success that proves beyond all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Madam Charpaux will spare no pains to make her Seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city, and the better to consult the health of her pupils, she has had spacious and elevated apartments built on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of Scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short, all the branches of a polite education, will be taught in this Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechism, all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex-artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practise daily under the eyes of the Professor. The study of the notes will precede the instruction of the piano, and Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the Pupils, and improve their singing, on the morning of the last Saturday in every month, there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her Scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer, the classes will open at 8 o'clock, and close at 3. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 3. Re-open at 4, and close at 5½ o'clock, P. M.

GOUBAULT'S ACADEMY, No. 184 Toulouse Street.

THE principal of this Establishment and his wife, not enjoying good health, and having obtained the object of a moderate ambition, intend to renounce their vocation, which they have followed so long; they express their gratitude to the parents of their pupils, and to the public for the encouragement that they have deservedly received.

Mr. and Mrs. GOUBAULT highly recommend to families, Mr. and Mrs. BOURSIER, who will take the direction of the Establishment. They have secured the services of the accomplished Professors attached to the Institution.

From the 1st of September, Mr. and Mrs. BOURSIER will act as assistants to Mr. and Mrs. GOUBAULT, in order to make themselves known and appreciated, and on the 1st of October, the establishment will be entirely under their immediate control.

Families are invited to visit the Establishment which will be completely repaired. s1 tf

Mrs. Le Tellier's Academy.

MRS. LE TELLIER ex Principal Teacher in the Public School, on Burgundy street, First District, will open on Wednesday, September 1st, 1852, an Academy wherein all the branches of a solid education will be taught in the French and English languages, by the best Professors.

Particular instruction is given in needle-work and accomplishments.

The number of boarders who have already been admitted at Mrs. Le Tellier's new establishment, compelled her to open her Academy on Dauphine street, between Ursuline and St. Philip streets, instead of Bourbon street, as previously announced.

This vast edifice contains all that is requisite for the comfort of the pupils. The yard and dormitories are spacious and well ventilated.

The numerous pupils who, for the last ten years have been confided to the care of Mrs. Le Tellier, the greater number of whom are today charming young ladies, lead her to expect the favor of families.

Mrs. Le Tellier is a mother and a friend to her pupils; she spares no trouble for her children, so she treats them, and in both these respects she claims general patronage. au26

ORLEANS HIGH SCHOOL, 58 and 59 Esplanade street, ERASTUS EVERETT, A.M., Principal and Proprietor.

THE Session of 1852-'53 will commence on MONDAY, October 4th. The Principal will maintain for the School its long established reputation for thorough training in all the branches of useful and polite learning. He is glad to be able to announce to the patrons of the School that he has re-engaged the services of Mr. Jeannin as Professor of the higher Mathematics, Mr. Marcas Professor of Spanish and adjunct Professor of French, and Mr. de Tournyers as Prof. of Greek, Latin and French. Mr. Everett will, as heretofore, have charge of all the English classes and a part of the Mathematical classes. The names of the gentlemen composing the corps of instructing officers is a sufficient guaranty that no branch will be neglected. There is an immense advantage in retaining the same Professors from year to year, thus securing that permanency in the system of teaching, without which improvement is impossible.

A. W. Faber's Polygrades Lead Pencils.

BEWARE OF COUNTERFEITS!

THE well established reputation of these Pencils, which have obtained the Prize Medal at the World's Fair, of 1851, in London, as well as in Prussia, Bavaria and Saxony; being also strongly recommended by the royal Academies of Berlin, Munich, and Rome, has induced some unprincipled persons to imitate them, and to sell these imitations, sometimes of a very inferior quality, to the public as genuine. Several parties in this country have already been brought to justice for selling counterfeits. There are others who in order to avoid the law have the stamp on the Pencils slightly changed from A. W. Faber, into W. A. Faber, A. G. Faber, A. W. Faber, A. K. Fabre, A. W. Favre. Be, therefore, careful to examine the stamp. Look for the facsimile of the signature of A. W. Faber on the labels round the dozens.

A. W. Faber's Polygrades Lead Pencils, must exactly graded from 4 to 12 degrees of hardness; put up in dozens, grosses, or in elegant fancy drawing boxes, as well as Carpenter's Pencils, red, white and drawing chalk; Creta Laevis of 12 to 200 different colors and shades, Slate Pencils, India Rubber in Cedar-wood, Lead Points for Pencil-cases, are sold by all the respectable stationers in the whole civilized world.
