PURE VEGETABLE EXTRACT
DR. MOSES'
INVIGORATING CORDIAL,
A PERSPIRATION IN MEDICINE!
Health Restored and Life Lengthened!
—BY—

Dr. Moses's Invigorating Elixir or Cordial.

AT FIRST sight the medicine attributed to Professor Moses's Invigorating Elixir or Cordial were startling, fabulous. The cures made, the dead not could not believe the simple and bland tribute announced by the discoverer. But now, undeniable facts, attested by testimony of the highest character and authority, are now triumphing over all doubts. Incredulity is overthrown by a force of testimony which is perfectly irresistible.

The Elixir remedies, in all cases, the deplorable evils arising from a misuse or abuse of the various organs, which make up the wonderfu mechanism called man. It restores to full vigor every delicate function connected with that mysterious combination of spirit of matter and mind, necessary to the reproduction of human life. To preserve it from premature frame, to delicately to the power, it is necessary to have the only means of communicating that energy which is necessary to the proper working out of all the natural appetites, as well as the higher mentalattributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the sickly wife, the shattered, enervated youth, be overworn man of business, the victim of nervous prostration, the individual suffering from general debility, or from the weakness of a single organ, will find immediate and permanent relief from the use of this invigorating preparation. To those who have predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible calamity. There are many persons who have so united with their constitutions, that they think themselves incapable of the use of medicine. Let such read the testimony, others cedes and to be in error, and be enabled to convince and gratifying life health; the opposite consequently irregular, being attended with suffering
