AYER'S
CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

TO CURE A COLD WITH HEADACHE AND SORENESS OF THE BODY, take the CHERRY PECTORAL on going to bed, and wrap up warm, to sweat during the night.

FOR A COLD AND COUGH, take it morning, noon, and evening, according to directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble when they find it can be so readily cured. Persons afflicted with a seated cough, which breaks them of their rest at night, will find, by taking the CHERRY PECTORAL on going to bed, they may be sure of sound, unbroken sleep, and consequently refreshing rest. Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.

From its agreeable effect in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased.

From two eminent Physicians in
FAYETTEVILLE, Tenn., April 16th, 1851.

SIR:—We have given your CHERRY PECTORAL an extensive trial in our practice, and find it to surpass every other remedy we have for curing affections of the respiratory organs.

DRS. DIEMER & HAMPTON.

TO SINGERS AND PUBLIC SPEAKERS this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness in a few hours, and wonderfully increases the power and flexibility of the voice.

ASTHMA is generally much relieved, and often wholly cured by CHERRY PECTORAL. But there are some cases so obstinate as to yield entirely to no medicine. CHERRY PECTORAL will cure them, if they can be cured.

BRONCHITIS, or irritation of the throat and upper portion of the lungs, may be cured by taking CHERRY PECTORAL in small and frequent doses. The uncomfortable oppression is soon relieved.

Rev. Doct. LANSING of Brooklyn, New York, states:
"I have seen the CHERRY PECTORAL cure such cases of Asthma and Bronchitis as leads me to believe it can rarely fail to cure those diseases."

FOR CROUP. Give an emetic of antimony, to be followed by large and frequent doses of the CHERRY PECTORAL, until it subdues the disease. If taken in season, it will not fail to cure.

WHOOPING COUGH may be broken up and soon cured, by the use of CHERRY PECTORAL.

The INFLUENZA is speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious consequences, while their neighbors, without the CHERRY PECTORAL, were suffering from the disease.

SALEM, Ohio, 11th June, 1851.

Doctor J. C. Ayer:—I write to inform you of the truly remarkable effects of your CHERRY PECTORAL in this place, and in my own family. One of my daughters was completely cured in three days of a dreadful WHOOPING COUGH, by taking it. Dr. Means, one of our very best physicians, freely states that he considers it the best remedy we have for pulmonary diseases, and that he has cured more cases of CROUP with it than any other medicine he ever administered.

Our clergyman of the Baptist Church says, that during the run of INFLUENZA here this season, he has seen cures from your medicine, he could scarcely have believed without seeing.

Yours respectfully, J. D. SINCLAIR, Deputy Postmaster.

From the distinguished Professor of Chemistry and Materia Medica, Bowdoin College.

I have found the CHERRY PECTORAL, as its ingredients show, a powerful remedy for colds, and coughs, and pulmonary diseases. PARKER CLEVELAND, M. D.
Brunswick, Maine, Feb. 5, 1847.

DR. VALENTINE MOTT,
The widely celebrated Professor of Surgery in the Medical College, New York City, says:

"It gives me pleasure to certify the value and efficacy of AYER'S CHERRY PECTORAL, which I consider peculiarly adapted to cure diseases of the Throat and Lungs."

Cures of severe diseases upon the Lungs have been effected by Cherry Pectoral in such extreme cases as warrant the belief that a remedy has at length been found that can be depended on to cure the Coughs, Colds and Consumption which carry from our midst thousands every year. It is indeed a medicine to which the afflicted can look with confidence for relief, and they should not fail to avail themselves of it.

STABLER'S
ANODYNE CHERRY EXPECTORANT

IS confidently recommended to Invalids, as unsurpassed by any known preparation, for the cure of COUGHS, HOARSENESS, and other forms of Common Colds, BRONCHITIS, ASTHMA, CROUP, CONSUMPTION in an Early Stage, and for the RELIEF of the Patient even in Advanced Stages of that Fatal Disease.

It combines, in a scientific manner, remedies of long attested value, with others of more recent discovery, and besides its soothing and tonic qualities, acts through the skin gently, and with great efficacy, for the cure of this class of diseases.

STABLER'S
DIARRHŒA CORDIAL

Is a pleasant Mixture, compounded in agreement with the rules of Pharmacy, of therapeutic agents, long known and celebrated for their peculiar efficacy in Curing DIARRHŒA, and similar affections of the system. In its action, it allays NAUSEA and produces a healthy condition of the LIVER, thus removing the cause at the same time that it cures the disease.

The valuable Medicines above named have recently been introduced, with the approval of a number of the Medical Profession in the City of Baltimore and elsewhere, and in practice have succeeded most admirably in curing the diseases for which they are recommended. They are offered to the Country Practitioner, as medicines which are in all respects prepared upon a pure and scientific basis [illegible] of the most learned and judicious Physicians, and strictly in conformity with the rules of Pharmacy, and as we especially approve the practice of [illegible] that the City Physician may have [illegible] readily as [illegible] prescriptions compounded by a practical Pharmaceutist.

See the descriptive Pamphlets, to be had gratis of all who have the Medicines for sale, containing recommendations from Doctors Martin, Buitzell, Addison, Payne, Handy, Love, &c.

Doct. S. B. Martin says, "I do not hesitate to recommend your Diarrhœa Cordial and Anodyne Cherry Expectorant."

Doct. John Addison says, "It gives me much pleasure to add my testimony to that of others, in favor of the extraordinary efficacy of your Diarrhœa Cordial," &c., and of the Expectorant, "I have no hesitation in recommending it as a most valuable medicine," &c.

Doct. E. A. Payne says he has used the Diarrhœa Cordial in his practice with the happiest effect, and believes it one of the most convenient and efficient combinations ever offered to our profession.

Doct. E. D. Handy writes, "I have administered your Anodyne Expectorant, in several cases of Bronchial affection, with the most happy results, and from a knowledge of its admirable effects, I can with the greatest confidence recommend it," &c.

Doct. W. S. Love writes to us that he has administered the Expectorant to his wife, who has had the Bronchitis for fourteen years, and that she is fast recovering from her long standing malady. It has in a few weeks done her more good than all the remedies she has heretofore used under able medical counsel.

NEWMAN [illegible] of the best Apothecaries and Pharmaceutists in the city of Baltimore write, "We are satisfied the preparations known as Stabler's Anodyne Cherry Expectorant and Stabler's Diarrhœa Cordial are medicines of great value and very efficient for the relief of those affections for which they are recommended; they are by the evidence of skill and care in their preparation and style of putting up, and we take pleasure in recommending them."

TWENTY-SEVEN of the most respectable Merchants residents of Maryland, Virginia and North Carolina, who have sold and also used these medicines themselves, say, "From our own experience and that of our customers, we do confidently recommend them Pro Bono Publico. We have never known any remedies used for the diseases for which they are prescribed, to be so efficient and to give such entire satisfaction to all."

The above evidence of recommendation from members of the Medical Faculty, Pharmaceutists of high standing, and Merchants of the first respectability, it should be sufficient to satisfy all, that this Cherry Expectorant, on trial by the afflicted, and that they are of a different stamp and class from the "Quackery" and "Cure Alls" so much imposed upon the public.

SANDS' SARSAPARILLA.
In Quart Bottles.

For Purifying the Blood, and for the Cure of
Scrofula, Mercurial Diseases, Rheumatism, Cutaneous Eruptions, Stubborn Ulcers, Liver Complaint, Dyspepsia, Bronchitis, Salt Rheum, Consumption, Fever Sores, Female Complaints, Erysipelas, Loss of Appetite, Pimples, Biles, General Debility, &c.

THIS preparation has now borne the test of over 14 years experience, since its first introduction to public favor, during which time numerous imitations have sprung into existence, founding their claims to the confidence of the community on the curative powers contained in Sarsaparilla Root, the great reputation and extended use of which has been mainly attributable to the many wonderful cures effected by the use of this preparation. While Sarsaparilla Root forms an important part of its combination, it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its preparation, that its remarkable success in the cure of disease depends. Other preparations imitate it in the style of putting up, and in bearing the name of one of its ingredients, and here ends their resemblance to it. Those needing a remedy and purifier like this, are requested to note where this difference exists, and in making choice of what they will use, not to take any other but one entitled to their confidence, from the long list of cures it has effected in the witnesses, whose testimonials and residences have been published, and who are still bearing daily testimony to its worth.

Astonishing Cure.

New Orleans, La., Sept. 22, 1852.

Messrs. A. B. & D. Sands:—Gentlemen—Having received so much benefit from the use of your Sarsaparilla, I cannot refrain from adding my testimonial to those you have already received. For about six years I suffered much from Disease of the Lungs, which at times caused me to expectorate. I was attended by one of the most celebrated physicians of New Orleans, who finally declared my case hopeless, and I had only to wait for death. After this one of my friends, who had used your invaluable Sarsaparilla, advised me to try it. I procured six bottles from your agents in this city, which I took with decided benefit, and after using it [illegible] three months, I was radically cured [illegible] very truly.

ORLEANS HIGH SCHOOL,
NO. 58 AND 60 ESPLANADE STREET.
Erastus Everett, A. M.,
Principal and Proprietor.

THIS Institution, for the education of young gentlemen, was opened in April, 1843, by Mr. Everett in company with other Professors, and soon secured for itself a place among the best Seminaries in the South.

The buildings and play-grounds have been carefully adapted to all the necessities of a Day School.

The various branches of knowledge are taught by Mr. Everett and a corps of Assistant Professors, selected with a view to good character, sound learning and experience in teaching.

The English classes are taught by Mr. EVERETT solely, and he will give, as heretofore, all diligence in imparting to the Students of the School an accurate knowledge of the language of the land. To the higher classes is given, in connection with Rhetoric, a course of English and French Literature.

The course of study embraces the Grammar and Literature of the Greek, Latin, English, French and Spanish Languages, History, Geography, Rhetoric, Versification, Logic, Political Economy, Moral Philosophy, Book-keeping, Arithmetic, Algebra, Geometry, Trigonometry, Natural Philosophy, and Chemistry.

As the Modern Languages, (particularly the English and the French,) and the higher mathematics receive very special attention, the School offers singular advantages to boys designed for mercantile pursuits.

Parents are invited to visit the institution where they may obtain Prospectuses. m26

YOUNG LADIES' ACADEMY.

MADAME PARENT has removed her institution to Customhouse st., between Royal and Bourbon, No. 86, the house heretofore occupied by M'me. Granet, and is ready to receive boarders, half boarders, and day scholars. There is a very large yard, together with a garden for the pupils to amuse themselves. The apartments are vast and well aired. There is every advantage and inducement offered to parents, as to the moral and intellectual cultivation of the minds of their daughters. The best Professors are employed. Every branch of a solid and refined education is taught, in both languages; also, accomplishments such as drawing, Painting, Embroidery, &c.

MADAME PARENT would inform the public that she has made permanent engagements with Professors Le Beaque and Auchmuty, late (principals of the Franklin High School.) It would be superfluous to add anything respecting the very distinguished talents of these gentlemen, who are already so long known to the community at large. The former has charge of the French language and French literature; the latter, the supervision of the higher English classes and natural sciences.

The Musical department is under the direction of three of the most competent and acknowledged talents in the city.

Professor Allston has the special charge of the Mathematical branches.

Mr. Cambrel has been engaged as a Teacher of Vocal Music.

For terms apply at the institution. Parents are permitted to visit this institution on Sundays.

Once a week, (Thursday,) between 12 and 1 o'clock, the young ladies assemble in the parlor, in order to acquire those polite and graceful manners so necessary to young persons when they enter society.

COLLEGE.
St. Ann Street, facing the Place d'Armes, Old "Congo" Square, under the direction of
MR. AIGOU,
Master of Arts and Mathematical Sciences.

Encouraged by the kindness and patronage of several families of standing, I have determined to open a College, occupying to pleasure for their children, the same advantages as those offered by Colleges in New Orleans, where a thorough education is essential. For the purpose of obtaining the object for which this College is founded, I have secured the co-operation of able Professors, who will superintend the branches of Instruction, taught in English and others in French; these two languages being indispensable. A good education should comprise the training of the heart as well as that of the mind; the Professors will, therefore, have a proper care and [illegible] children.

Religion, the most essential part of education, will receive the necessary attention.

The College, fronting the Public Square, (old "Congo" Square) possesses all the advantages of a healthy location, and parents are cordially invited to visit and examine it.

With a view to foster the emulation of the students, the first day of each month will be devoted to a Literary Soiree, at which recitations in the several languages will take place, and the distribution of the several prizes earned during the month, will be made to the students.

In order to place, as much as possible, children of the same age, a Primary School is attached to the College, in a separate building, under able teachers.

PRIMARY SCHOOL—Branches of Instruction.—Reading, Writing, Arithmetic, English, French, Geography, and History of the United States.

COLLEGE—Branches of Instruction.—Writing, Book-keeping, English, French, Greek, Latin, History, Geography, Physical and Natural Sciences and Mathematics. Such accomplishments as Music, Fencing, and Drawing will be charged separately.

Price of [illegible] per Month [illegible] and Eight Dollars.

Hours of Tuition—From 8 o'clock in the morning to 3 in the afternoon.

EVENING CLASS—This class will be open from 7 to 9 o'ck. Young men will there be taught English, French, Writing, Arithmetic and Book-keeping, by the best masters.

Price—Four Dollars. mh19

ST. LOUIS INSTITUTION.
DIRECTED BY
Madame E. Deron,
No. 145 St. Louis street, between Dauphine and Burgundy streets, New Orleans.
SCHOLASTIC YEAR, 1851-1852.

THIS Institution which for the last twelve years, has followed a constant career of progress and prosperity, has resumed its usual course of studies since the first of September.

Madame Deron, formerly a pupil and professor of the "Maison Royale of St. Denis," and a graduate of the University of France, has undertaken to profit by the experience which she has acquired in the United States, to place her Institution in the first rank of educational establishments in America.

Madame Deron, exclusively devoted to her pupils, applies herself not only to the cultivation of the mind, but also to the formation of the heart. She strongly desires that the young ladies confided to her care, may be [illegible] of all those valuable qualities which constitute a really good education, such as the spirit of order and decorum, amiability of temper, and nobility of purpose; accomplished manners and a sympathizing disposition, and finally, easy grace and reserved elegance of manners. In order to obtain these results, Madame Deron has always employed an assiduous both firmness and mildness, the constant use of emulation, and especially, reward for application and regularity in study. She is seconded by her sister-in-law, Mademoiselle Deron, who, like herself, has always followed the career of instruction, under whose [illegible] watch with the greatest zeal over the daily progress of the pupils.

The locality of the institution well known and appreciated in New Orleans, is, as one of the most suitable and healthy in the city. It is perfectly well arranged; the class and study rooms, and dormitories are spacious and airy, looking over several gardens, and there are besides a handsome yard and a very extensive garden, to [illegible] the pupils sheltered from the sun and intended for the recreation of the pupils.

The general instruction is given both in French and English (in conformity with the manners of the country), and the English department is so organized as to give to the pupils the same advantages as those who are [illegible] in the United States. The English language is the object of special care, the Creole population requiring an English teacher [illegible].

Mr. Orion, who has been attached to the Academy from its foundation, devotes a great part of his time to impart to the pupils of the higher classes, a thorough knowledge of the English language and literature, the other classes are entrusted to well qualified American governesses.

Madame Deron has reserved to herself the direction of the French classes. She has besides secured the assistance of an excellent Professor of the higher classes, Monsieur H. Jagou, who divides with Monsieur H. Deron and Madame Deron, the care of the instruction of the French department.

The Spanish language forms a part of the system of study.

With respect to religious instruction M. l'Abbe Thelot [illegible] who is so justly appreciated, continues to impart to those young ladies who are destined to make their first communion in the chapel of the institution.

MUSIC.

The study of Music is the object of particular care. Madame Leufroy, an artist of the highest merit, is attached to the institution as Professor of the Piano and Harp. A course of Vocal Music by one of the best Professors of the city.

As a means of emulation, the institution has adopted monthly musical examinations at which parents are invited to assist.

A Professor of Dancing is attached to the establishment.

DAY AND BOARDING SCHOOL
FOR YOUNG LADIES,
Under the Direction of
MADAME CHARPAUX,
At the corner of Bayou and Claiborne streets
Third Municipality.

THIS SEMINARY, whose existence dates some years back, has met with a success that proves beyond all cavil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Madame Charpaux will spare no pains to make her Seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madame Charpaux has purchased a large and airy edifice, one of the highest parts of ground in the city, and the better to consult the health of her pupils, she has had spacious and elevated apartments built on purpose for school and dormitory rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of Scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short, all the branches of a polite education, will be taught in this Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechisms all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex-artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the Professor. The study of the notes will precede the performances, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the Pupils, and improve their singing, on the morning of the last Saturday in every month, there will be a musical examination and a distribution of rewards.

Madame Charpaux, in order to complete the education of her Scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer, the classes will open at 8 o'clock, and close at 3. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 3. Re-open at 4, and close at 5½ o'clock, P. M.
