MEDICAL.

SANDS' SARSAPARILLA, IN QUART BOTTLES,
For Purifying the Blood, and for the Cure of Scrofula, Rheumatism, Stubborn Ulcers, Dyspepsia, Salt-Rheum, Fever Sores, Erysipelas, Pimples, Biles, Mercurial Diseases, Cutaneous Eruptions, Liver Complaint, Bronchitis, Consumption, Female Complaints, Loss of Appetite, General Debility, &c.

IN this preparation are strongly concentrated all the medicinal properties of Sarsaparilla, combined with the most effectual aids, the most salutary productions, the most potent simples of the vegetable kingdom; and the combination is such that one modifies and improves the other, producing a compound differing entirely in its character and properties from any other preparation, and unrivaled in its operation on the system when laboring under disease. The many well authenticated cures of Scrofula of the most malignant character, have given it a wide and deserved celebrity. But it is not alone in Scrofula nor in the class of diseases to which it belongs, that this preparation has been found beneficial. It is a specific in many diseases of the skin, and may be administered with favorable results in all; and it has been so fully tested, not only by patients themselves, but also by Physicians, that it has received their unqualified recommendation and the approbation of the public, and has established on its own merits a reputation for VALUE and EFFICACY far superior to the various compounds bearing the name of Sarsaparilla. The following testimonials are selected from among the multitude of those we are daily receiving; and for further confirmation, the reader is referred to the Family Receipt and Medical Almanac, furnished gratuitously by all our agents.

Important Testimony.
Orford, N. C., June 9th, 1852.

Messrs. A. B. & D. SANDS: Gentlemen,—We have been agents for the sale of your Sarsaparilla for the last fifteen years, and have sold large quantities of it during the time to hundreds of different persons, who have always been pleased with it, and expressed themselves perfectly satisfied as to its effect in curing the various diseases for which it was used. If more proof were necessary to satisfy those who still disbelieve, we could obtain a most any number of certificates in this county and vicinity; but the best proof is, that we sell it to the same families who have used it for the last ten years.

Yours respectfully, R. J. MITCHELL & CO.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Druggists and Chemists, 100 Fulton st., corner of William, New York. Sold also by Druggists generally throughout the United States and Canadas. Price $1 per bottle; six bottles for $5. For sale by Stickles & Co.; J. Wright & Co.; P. P. Ducongé; H. Kennedy; Jarvis & Woodman; and A. Schwab, New Orleans; P. H. McGraw, Natchez; and J. Tucker, Mobile. mr 16-1m

We would respectfully call the attention of the public to the following certificate of the first machine put in operation in this city.

H. M. BARLOW & CO., No. 18 Canal street.

New Orleans, 6 March, 1855.

Messrs H. M. Barlow & Co: In reply to your request, that I would state how I am pleased with "Hollingsworth's Patent Washing Machine," I have to say, that I am very much pleased with it. I have had it in operation about four weeks. I wash about one thousand pieces a day, which I used to do by hand, and which required the *continual labor of four persons*. I now perform the same amount of labor with *one person in five hours*. I am better pleased with it every day that I use it. It answers every purpose that is required in washing, combining perfection in washing, with far less labor and in a much shorter space of time.

COPAL PECTORAL SYRUP.

PRICE, $1 PER BOTTLE. PRICE, $1 PER BOTTLE.

L. GAMOTIS.

New Orleans, corner Bayou and Rampart sts.

THIS Syrup which is the particular study of its author, and in the preparation whereof he devoted all his time, is an indigenous Balm.

Repeated experiments have already demonstrated that its medicinal powers are inferior to none of the compounds of this kind heretofore known and recommended with success in the affections of the lungs. It eases cough, expels readily asthmatic oppressions, oppression arising from the strangulation of the bronchial vessels in case of acute or chronic catarrhs. Colds which have resisted the action of numberless remedies have yielded in its application. It is most beneficial in cases of hooping-cough, retarding and lessening the fits of cough. It has the advantage of being pleasant to the taste and scent, and of thus uniting the useful to the agreeable.

The dose for grown persons must not exceed five large spoonful in 24 hours, and for children 3 to 4 tea spoon full a day at most. For children under 12 months, one-half tea spoon full is sufficient 3 or 4 times a day. It may be taken without mixture or in an infusion of pectoral flowers. mr 29
