The proprietor, in calling the attention of the public to the preparation, does so with a feeling of the utmost confidence in its virtues as a remedy adapted to the disease for which it is recommended.

It is no secret nostrum, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivaled by any similar preparation extant. The testimony in its favor given by the most prominent and well-known physicians and D.D.'s of all parts of the country is conclusive, and a careful perusal of the almanac, published annually by the proprietor, and to be had gratis at any of the agents, cannot but satisfy the most skeptical that the remedy is really deserving the great celebrity it has obtained.

AYER'S CHERRY PECTORAL;

FOR THE CURE OF

Coughs, Colds, Hoarseness, Influenza, Bronchitis, Whooping Cough, Croup, Asthma, Prepared Consumption,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet in the American States, the wonderful cures of pulmonary complaints have made it already known. Nay, how are the benefits of its unrivaled efficacy on this continent without some personal experience of its effects, and fewer yet the communities anywhere which have not among them some living trophy of its power over the subtle and dangerous disease of the throat and lungs. It is the most powerful and decisive remedy we know of for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and most efficacious remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than it cures. Keep it by you, and cute your colds while they are curable, nor neglect them until so long shall an enemy be unknown to cause that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and all know, too, the efficacy of this preparation. We need not do more than to assure the world still made the best it can. We therefore, let no man, publish to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their relief.

Ayer's Cathartic Pills.

The science of Chemistry and Medicine have been taxed their utmost to produce this the most perfect purgative which is known to the lamentable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they are unprecedented by any other antagonist of all ills. They are safe and pleasant to take, but powerful to cure. Their gentle action purges from the vital activities of the body, removes the obstructions of its organs, purify the blood, and expel disease. They purge from the system that which breed and grow distemper, attenuate sluggish or disordered organs into healthy action, and impart healthy tone, with strength, to the whole system. Not only do they cure the every day complaints of every body, but also those of more formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time so harmless, that even the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take, and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not established by a mass of such related position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, and Disorder and Debilitated Appetites which require an evacuant medicine, Scrofula or King's Evil. They also by purifying the blood and stimulating the system, cure such complaints which it would not be supposed they could reach, such as Tetter or Ringworm, Pimples, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of the functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Ayer's Pills, and take nothing else. No other they can give you compares with these in their intrinsic value or curative powers. They are the best the best and there is for them and they should have it.
