DISPENSARY, NO. 28 CUSTOMHOUSE ST.

NEWLY DISCOVERED REMEDIES FOR THE CURE OF ALL PRIVATE DISEASES.

WITHOUT Mercury, hinderance from business or exposure to friends. Cure guaranteed in all cases, when within the power of Remedies. The unparalleled success which has attended these REMEDIES in all parts of the United States and Europe—their many remarkable cures they have effected, which were pronounced incurable by the most eminent physicians, justify me in offering them to the confidence of the unfortunate. The following are some of the diseases termed "Private," and of which these Remedies permanently eradicate, namely: Syphilis, Primary, Secondary, and Tertiary, Strictures, Urethral Discharges, Gleet, Gonorrhea, Nocturnal Emissions, Periodical Affections of Females, however complicated they may be. Diseases of the Back and Loins, Inflammation of the Bladder and Kidneys, Mercurial Affections, Hydrocele, Cancers, Ulcers, Tumors and all Diseases of the Skin.

Dr. JAMES would also call the attention especially of those who have privately and improperly injured themselves in that secret but solitary habit which ruins the body and mind, unfitting them for either business or society, viz: Constitutional Debility or Impotency. The following are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pain in the Head, Dimness of Vision, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervousness, Irritability, Symptoms of Consumption, etc. Mentally, the fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, etc., are some of the evils produced.

All persons afflicted with any of the above symptoms should not fail to call on Dr. JAMES, and be at once restored to perfect health. Let no false delicacy prevent you, but apply immediately, and save yourself from the awful and dreadful consequences of the terrible malady. Weakness of the organs immediately cured and full vigor restored.

My faith in these Remedies is such, that I will make a forfeit of $500 if they do not cure the above diseases in either sex, cheaper, quicker, safer and pleasanter than any other physician in the United States.

Remember 28 Customhouse street, is my number. Hours of attendance from 8 o'clock, A. M., till 9 o'clock, P. M. (except Sundays.) Persons do not meet going in and out of my Dispensary, as I have ten private and separate rooms reserved.

Consultations strictly private and confidential. sel1 1y DR. JAMES, 28 Customhouse st.

MADAM CHARPAUX

THE establishment, whose existence [illegible] some six years back, has met with a success that proves, beyond all cavil, the capacity of those who have [illegible]

Charpaux will spare no pains to make her seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the most healthy ground in the city, and the better to consult the health of her pupils, she has had erected and decorated apartments, [illegible] for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of scholars in the English language. For this purpose, American ladies of acknowledged capacity as teachers, will constantly reside in the Institution.

The English, French, and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechisms all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex-artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the professor. The study of the notes will precede the performance, when Mr. Charpaux will put the pupils through the execution of the regular keys and notes, and this will be attended with no extra charge.

In order to kindle emulation among the pupils, and improve their singing, on the first morning of the last Saturday in every month there will be a musical examination and a distribution afterwards.

Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer the classes will open at 8 o'clock, and close at 3. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 3. Re-open at 4½ and close at 5 o'clock, P. M.

G. BOYER'S INSTITUTION,

No. 160 Conti street, between Dauphin and Burgundy streets.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. This institution is conducted in a large mansion, occupying a fine central position, being well ventilated, and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils, extends over all the branches of learning which are necessary to a useful, polite and finished education: from primary instruction to the more abstruse subjects, which are especially the province of a collegiate course. The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from studious study, nor from a good education, is conducted with solicitude. It is calculated according to the age and character of the students, and intended to give them an accurate idea of duty and good behavior.

DAY AND BOARDING SCHOOL.

UNDER THE DIRECTION OF

MADAME PARENT,

Corner of Rampart and Du Maine streets.

THIS institution occupies one of the best locations in the city with respect to health and many other important advantages. The building is magnificent, the apartments are vast and well ventilated, and are particularly well adapted for classes.

There are four fine dormitories with dressing cabinets; also spacious galleries all through the house; a splendid terrace commanding a most beautiful view of the city as far as the Lake.

The best advantages are offered to parents, as to the moral and intellectual cultivation of the minds of their daughters.

Madame Parent is always present with her pupils; she teaches during the hours of class, and superintends the different divisions. There is a large number of the best professors employed, besides ladies residing in the institution.

Every branch of a solid and refined education is taught in both languages; all accomplishments, such as Drawing, Painting, Dancing, and Embroidery, &c. *The Musical department (including vocal and instrumental) is conducted by four of the most competent and acknowledged talents in the city.*

It would be superfluous to say anything respecting the special attention that is paid to the English, it being Madame Parent's native language. The best guarantee that she can give to the public is that the French young ladies who have been educated by her speak it as fluently as their mother tongue.

For terms, apply at the Institution, where prospectuses can be obtained.

YOUNG LADIES residing at a distance in the different Districts, will be conveyed gratis to and from the Institution. o26

Young Ladies' Literary Institute,

NEW YORK.

MR. & MRS. PAUL ARPIN have opened in New York, 44 Irving Place, near Union Park, a Literary Institute for Young Ladies.

This establishment, organized on an entirely new plan, embraces scientific, literary and artistic studies of all kinds.

The Lectures, which are given by distinguished professors, whose services have been secured, are entirely separate from each other, thus enabling young ladies to select those which suit them best, without being compelled to follow the other lectures.

These lectures form, besides, the most complete and progressive instruction that can be desired. They are divided into three departments:

Literature—French, English, Spanish, Italian and German languages and literature.

Theoretical and practical Elocution in the above languages.

Reading of master-pieces.

Political and literary History.

Science—Elements of the most useful sciences; Geography, Astronomy, Natural History, Chemistry, Physic, &c.

Fine Arts—Vocal and instrumental Music, Composition and Harmony, Drawing and Painting, Dancing, &c., &c.

The building occupied by Mr. and Mrs. ARPIN is located in one of the most elegant and respectable portions of the city of New York. Its immediate neighborhood to Union Park places it in direct communication with the principal lines of railroads and omnibuses passing through the city. The excellent division of apartments for the various lectures, which are given simultaneously, enables moreover Mrs. Arpin to receive a limited number of young ladies desirous of coming to New York for the purpose of completing their education, or spending a few months in that city, under maternal care and with all the advantages of a life at home.

Young ladies thus received by Mrs. Arpin will enjoy the privilege of following the lectures they choose and the right to send, for lessons, for the professors they prefer, even when these professors are not connected with the Institute.

They would not therefore be considered as mere boarders, but as members of the family, and would enjoy all the liberty and comforts they would partake of at home.

For particulars, apply to Mr. or Mrs. BOYER, Conti street, between Dauphin and Burgundy. o31

Important to those using STAR CANDLES.

THE attention of the public is invited to the fact that [illegible] of the Star Candles offered for sale are DEFICIENT IN WEIGHT, so that what is sold for a pound actually weighs but fourteen or fifteen ounces, and packages marked "40 lbs." will short two, three or four pounds to the package or box. This loss does not fall upon the wholesale dealers, who sell packages at the marked weight, but upon the retailers and their customers, who thus pay for about one-tenth more than they receive.

The subscribers have always made their candles full sixteen ounces to the pound, and mark packages at their real weight, which may be ascertained by testing them. As their experience in the business enables them to offer an article equal in quality to any in the market, they solicit the patronage of purchasers who desire to study their own interest, and, at the same time, encourage correct dealing.

PROCTOR & GAMBLE, Cincinnati. The undersigned are sole agents for the above brand of Candles. J. LANDIS & CO., jan14 3m 33 Tchoupitoulas st.
