Melancholy [illegible] certain antidote for Dropsical [illegible] Henderson, of Natchez, [illegible] suffered intensely last fall from a general decline of health, her feet and legs began to swell, strongly indicating dropsy, and she became so much worse in the course of a few weeks that she was totally confined to her bed. At last, her death was hourly looked forward to by her husband; he made up his mind, as everything else had failed, to try the effect of Ayer's Pills, which his wife commenced using; after four weeks perseverance with them, she was completely cured, having, by means of this medicine, safely passed that dangerous period of woman's existence. These Pills are also a wonderful medicine for young females with obstructions in that health.

Sold at the Establishments of Professor Holloway, New York and London; also by all respectable Druggists and Dealers in Medicines throughout the United States, in pots and boxes, at 25 cents, 62½ cents, and $1 each. To be had wholesale of the principal Drug Houses in the Union.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box and Pot.

AYER'S PILLS.

GOOD MEDICINES.

It is estimated that AYER'S CHERRY PECTORAL AND CATHARTIC PILLS have done more to promote the public health than any other one cause. There can be no question that the Cherry Pectoral has, by its thousand on thousand cures of Colds, Coughs, Asthma, Croup, Influenza, Bronchitis, &c., very much reduced the proportion of deaths from consumptive diseases in this country. The Pills are as good as the Pectoral and will cure more complaints.

Everybody needs more or less purging. Purge the blood from its impurities. Purge the bowels, liver, and the whole visceral system from obstructions. Purge out the diseases which fasten on the body to work its decay. But for disease we should die only of old age. Take antidotes early and thrust it from the system, before it is yet too strong to yield.

Ayer's Pills do thrust out disease, not only while it is weak, but when it has taken a strong hold. Read the astounding statements of those who have been cured by them from dreadful Scrofula, Dropsy, Ulcers, Skin Diseases, Rheumatism, Neuralgia, Dyspepsia, Internal Pains, Bilious Complaints, Heartburn, Headache, Gout, and many less dangerous but still threatening ailments, such as Pimples on the face, Worms, Nervous Irritability, Loss of Appetite, Irregularities, Dizziness in the Head, Colds, Fevers, Dysentery, and, indeed, every variety of complaints for which a Purgative Remedy is required.

These are no random statements, but are authenticated by your own neighbors and your own physicians.

Try them once, and you will never be without them.

Price, 25 cents per box—5 boxes for $1.

Prepared by Dr. J. C. AYER, Chemist, Lowell, Mass., and sold by all respectable Druggists everywhere.

G. BOYER'S INSTITUTION,

No. 148 Conti Street, between Dauphin and Burgundy streets.

MR. G. BOYER, founder of this establishment, the oldest in New Orleans, avails himself of this opportunity to make a new appeal to the confidence of parents. This institution is conducted in a large mansion, occupying a fine central position; being well ventilated, and in other respects perfectly salubrious. The range of studies which engage the attention of the pupils, extends over all the branches of learning which are necessary to a useful, polite and finished education; from primary instruction to the more abstruse subjects, which are especially the province of a collegiate course. The elementary studies are attended to with more than ordinary care, considering the decisive influence which they exercise over the other branches of instruction. Discipline, which must not be separated from assiduous study, nor from a good education, is conducted with solicitude. Young Ladies' Literary Institute, NEW YORK.

MR. & MRS. PAUL ARPIN have opened in New York, 44 Irving Place, near Union Park, a Literary Institute for Young Ladies.

This establishment, organized on an entirely new plan, embraces scientific, literary and artistic studies of all kinds.

The Lectures, which are given by distinguished professors, whose services have been secured, are entirely separate from each other, thus enabling young ladies to select those which suit them best, without being compelled to follow the other lectures.

These lectures form, besides, the most complete and progressive instruction that can be desired. They are divided into three departments:

Literature—French, English, Spanish, Italian and German languages and literature.

Theoretical and practical Elocution, Reading of master-pieces, } in the above languages.

Political and literary History.

Science—Elements of the most useful sciences; Geography, Astronomy, Natural History, Chemistry, Physic, &c.

Fine Arts—Vocal and instrumental Music, Composition and Harmony, Drawing and Painting, Dancing, &c., &c.

The building occupied by Mr. and Mrs. Arpin is located in one of the most elegant and respectable portions of the city of New York. Its immediate neighborhood to Union Park places it in direct communication with the principal lines of railroads and omnibuses passing through the city. The excellent division of apartments for the various lectures, which are given simultaneously, enables moreover Mrs. Arpin to receive a limited number of young ladies desirous of coming to New York for the purpose of completing their education, or spending a few months in that city, under maternal care and with all the advantages of a life at home.

Young ladies thus received by Mrs. Arpin will enjoy the privilege of following the lectures they choose and the right to send, for lessons, for the professors they prefer, even when those professors are not connected with the Institute.

They would not therefore be considered as mere boarders, but as members of the family, and would enjoy all the liberty and comforts they would partake of at home.

For particulars, apply to Mr. or Mrs. BOYER, Conti street, between Dauphin and Burgundy.

AUDUBON COLLEGE, Corner Burgundy and Main streets. Under the management of S. ROUEN.

THE plan of studies comprises the Latin, Greek, Spanish and German Languages, and all the branches of a complete English and French education, viz: Mathematics, Rhetoric, History, Geography, Book-keeping, Penmanship, &c.

Mr. J. N. De Pouilly, architect, is charged with the class of linear drawing applied to buildings, machinery, surveying, with landscape and perspective, without extra charge for the pupils of the College.
