MAGNETISM.

MADAM ALLIARD,

FRENCH SOMNAMBULIST,

Bourbon Street, No. 331,

Between Ursulines and Hospital streets,

VERY lately in all cases of chronic disease pronounced incurable by ordinary physicians, and especially for Hysteric cases of nervous diseases, epilepsy included.

The cures effected, for the last five years, of nervous somnambulists, by the direct application of magnet on, under the direction of Mr Alliard, assisted by the indications of Mrs. Alliard, are really wonderful.

Among the cases attended to several were of long standing, and those whom the faculty had given up in despair were completely cured by the treatment of Mrs Alliard.

Besides, the press in Louisiana have often chronicled Madame's triumphs.

Mr. Alliard, for the purpose of clearly proving the superior faculties of Mrs. A and putting a stop to the unfair, and unfounded remarks of parties actuated by jealousy, will give, at his residence, sittings of new natural magnetism, notwithstanding the most ridiculous of the eyes.

EXPERIMENTS.

1. The eyes of the Somnambulist will be covered with a thick bandage of white leather and black velvet, which will adhere, by means of English LEAS strings, to the nose and cheeks, and be applied so as to leave no doubt as to a complete occlusion.

2. The light being thus entirely shut out, the Somnambulist will read in the first book handed to her.

3. She will tell the color of stuffs without touching the same.

4. She will point out or move white hair from a black head of hair.

5. She will tell the time marked by the hands of an ordinary watch.

6. She will play cards or dominoes with any one.

7. She will go at a distance various articles to which her attention may be called.

8. She will finally walk in the room and converse freely with those present.

The sittings will take place at Mrs. Alliard's rest house.

Admittance, 50 cents for each person

Mrs. A. calls public purpose, and may be consult on every day. mh30 1y 1w

KEROSENE

NOTICE TO FAMILIES.

THE city papers having recently reported the case of a Coal Oil Lamp explosion in the Fourth District, we think it proper to beg our customers not to confound the present Oil or Carbon Oils in the market (the greatest part of which is adulterated) with KEROSENE, a species of Coal Oil we have alone the right to sell in Louisiana.

Kerosene, which is now manufactured under American and English patents, is entirely free and free from antipathetic of Alcohol, or any volatile oil whatever. It is a new and inoffensive product, ranking between the fixed and the volatile oils, as do all other rock coal oils.

Manufactured by a particular process, thoroughly secured by letters patent, Kerosene is now acknowledged in the United States to be a perfect article and the very substitute for any burning oil whatever, as much for its illuminating power and economy as for its improved color and deodorization.

For sale at Kerosene as have sometimes sold, and we will agate sell, under similar circumstances, other coal oils, but in so doing we will always, as by the past, fully lest these other brands, so as to defeat any adulteration in them, or lorse if they do not contain an excess of benzole, which sometimes passes in the oil while being distilled, and thereby renders it volatile.

ANTI-GOUTY ELIXIR

OF

HIPPOLYTE BRIEUGNE,

INVENTOR OF THE ANTI-RHEUMATISM

Tropical Balm.

THIS now all medical science has had no power to cure the gouty, this terrible disease which has made so many victims all over the earth, and still tears daily so many thousands from their companions to give them up to the most painful sufferings. It is useless to recall to our minds the symptoms of this disease too well known to the numerous sufferers. It suffices to name them to appreciate the value of such a remedy against their return. Such is the effect of the ANTI-GOUTY ELIXIR, which is the result of the laborious searches of M. Hippolyte Brieugne, already known by the discovery of the anti-rheumatismal Tropical Balm, that has had down to this day so great a success. The ANTI-GOUTY ELIXIR, particularly designed for curing the fits of the gout, possesses a power so long great warranted by a long and personal experience of the inventor, and by repeated essays upon its numerous clientele.

The ANTI-GOUTY ELIXIR is easy to take, and its taste is so very disagreeable. It can be taken pure or mixed with two or three spoonfuls of tea or coffee. Its effects are felt after a few hours, whatever may be the intensiveness of the fit. In twelve hours at most the suffering disappear, and all its symptoms vanish away.

Important to Planters.

We have been informed that the usual practice of planters, in ordering their supplies of our

Dr. McLane's Celebrated Vermifuge,

has been to simply write or order Vermifuge the consequence is, that instead of the genuine Dr McLANE'S VERMIFUGE, they very frequently get one or other of the many worthless preparations called Vermifuge by the public. We therefore beg leave to urge upon the planter the importance and propriety of invariably writing the name in full, and to advise their factors or agents that they will not receive any other than the genuine Dr McLane's Celebrated Vermifuge, prepared by Fleming Bros., Pittsburg, Pa.

We would also advise the same precaution in ordering our Dr McLANE'S CELEBRATED LIVER PILLS. The great popularity of these PILLS as a specific or cure for Liver Complaint, and all the bilious derangements so prevalent in the South, has induced the vendors of many worthless nostrums to claim for their preparations similar medicinal virtues. Be not deceived.

Dr. McLane's Celebrated Liver Pills

Are the original and only reliable remedy for Liver Complaints that has yet been discovered, and we urge the planter and merchant, as he values his own and the health of those depending on him, to be careful in ordering. Take neither Vermifuge nor Liver Pills unless you are sure you are getting the genuine Dr McLANE'S, prepared by

GOUT AND RHEUMATISM

CURED BY THE ANTI-GOUTY WINE OF DR. D'ANDURAN.

Since centuries pathologists have been looking in vain for a remedy of a sure and efficacious search against gout, and acute and chronic Rheumatism. A great many preparations have been tried with more or less success, but none can be obtained such a certain and safe effects as the Anti-Gouty Wine of D'Anduran.

It is not wonderful to see a gouty patient walking on his bed under the most excruciating pains, and once as it were destroyed, limping the following morning. This remedy has been in the practice of Medicine for more than a century.

Suffering from the author himself, gouty to the point that he could not attend to his business, and a few years after, from a rheumatism in the knee, succeeded for a long time in curing himself of the cruel disease. Doctor Cademan officier de santé, Medical Faculty of Montpellier, author of the most recent work on Gout, Rheumatism, &c., &c., proves the efficacy of this wine, and the very agreeable mode of administration. Thus we have adopted the form of Bonbons, which appeared to us the most convenient and agreeable.

With our Bonbons there is no nausea, or rising in the stomach, nor does their use in any way derange the digestive organs, or cause diarrhea, which is the case with Capsules either in Pastes or capsules, recommended by other pretenders.

The use of caustic injections are entirely avoided, as being dangerous, without speaking of the painful cause at the moment, frequently causing swelled testicles and stricture.

Contrary to all other preparations, our Bonbons are composed of fresh water, of something slightly astringent, so as to be taken for several days without the inconvenience of the least inconvenience.

By the advice of several medical men of high reputation we have added a soluble preparation of iron for the cure of anemia, which, of late years, have had their blood impoverished by the long continued use of the Anti-Gouty Wine.

We offer to the public our Bonbons as a certain cure for a disease so hardly too common, and often almost incurable by the means hitherto employed. The cure is rapid, radical, sure, and above all, without injuring the health, or in any way weakening the constitution. We have been successful in a great number of cases, and we are happy to say that our expectations have led us to the discovery of a remedy worthy of the efficacy of the substances we employ, our new and easy mode of administration. Thus we have adopted the form of Bonbons, which appeared to us the most convenient and agreeable.

Each Bonbon contains a certain quantity of the active ingredients, which, by a slow and gradual dissolution, ensures a complete and radical cure.

Our Bonbons are composed of Cubebs, Copaiba, Cantharides, Sandal, Balsam of Tolu, Jasmine and Lime, combined with Sugar, Gum, Starch, and Orange Flower Water, and measuring 12 lines in length, 5 lines in depth on the other side, and 4 lines in depth on the other side, and 4 lines 12 inches on the other side.
