AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fever, indeed for the whole class of diseases originating in biliary derangements, caused by the malaria of miasmatic countries.

NO cure has ever been offered for by the medical world of the American people that a surpassed sale equal to Fever and Ague. Such a remedy is needed in order, with a perfect certainty, to meet the wants of the people, and not only the best remedy ever yet discovered for this disease, but one that is as sure as anything.

This which protects from or prevents this disease must be of immense service in the communities where it prevails. Experience has proved that the best means for such cases is to avoid the most risk to violent attacks of the Fever and Ague. The Ague cake, or enlarged spleen of Fever and Ague, from the system and prevents the development of the disease. It takes no more than a few days to remove the Ague cake, and not only the best remedy ever yet discovered for this disease, but one that is as sure as anything.

DAY AND BOARDING SCHOOL

FOR YOUNG LADIES,

Under the direction of

MRS. CHARPAUX

At the corner of BAYOU and CLAIBORNE streets.

THIS Seminary, whose existence dates some twelve years back, has met with a success that proves, beyond all such the capacity of those who have charge of it.

Determined to merit the confidence of parents, Mrs. Charpaux has spared no pains to place her establishment equal to the best institutions of the kind in New Orleans, and in order to do this, she has engaged the ablest teachers.

Madame Charpaux has purchased a large and airy dwelling, adjoining her present residence, for the use of the pupils, and the ladies to occupy the length of her pupils, she has had spacious and elevated apartments built on purpose for their accommodation, and has arranged the house in a manner calculated to afford them every comfort.

These alterations have caused to be required, are good and sufficient to yield, and will be ready for the reception of pupils on the French Department, Monday, February 1st.

The English and French languages, Geography, Arithmetic, Grammar, Rhetoric, Ancient and Modern History, Mythology, Astronomy, Natural Philosophy, Chemistry, Drawing, Painting, Dancing, Music, Embroidery, Tapestry, Cotillons, Mottoes, Hosiery, Fancy Work, Flowers, Fruits, Birds, Shells, Minerals, Fossils, Geology, Mineralogy, Botany, Physiology, Hygiene, Moral Philosophy, Natural Philosophy, Chemistry, Astronomy, Geometry, Algebra, Trigonometry, Mathematics, Physics
