Discovered by the Academy of Medicine of Paris.

Dispensary, No. 2 Boulevard Bonne Nouvelle, Paris.

THE ONLY CURE, of a disease solely, which has resisted all other remedies, viz: Consumption, Chronic Diseases of the Chest, Throat, Lungs, Stomach, Liver, Kidneys, Bladder, Nerves, Bones, Glands, Skin, Ulcers, Tumors, Glandular Swellings, Rheumatism, Neuralgia, Dropsy, Fever and Ague, Dysentery, Diarrhœa, Dysmenorrhœa, Hysteria, Convulsions, Spasms, Palpitation, Sleeplessness, Nervous Affections, Emaciation, Loss of Appetite, Debility, Want of Flesh, Want of Sleep, Want of Strength, Want of Vigor, Want of Spirits, Want of Life, and all those Diseases which Medicine has hitherto proved powerless to cure.

IMPORTANT OBSERVATIONS.

1st. The oil of cod liver, used by Hall, is free from the rancid taste and smell of common cod liver oil, and is, therefore, the only one which can be taken by the most delicate stomachs.

2d. It contains more than double the quantity of iodine, bromine, and other medicinal principles, and is, therefore, the most powerful and active of all the cod liver oils.

3d. It is the only one which has the value of which is demonstrated, the result always being the same, and unequaled in any case, and every time, in the hands of the medical profession, and corroborated by the testimony of the Academy of Medicine, of Paris, and on the 20th December by Mr. Dorvault, Apothecary, Chemist, Professor of the Science of Pharmacy, and of the Academy of Medicine, of Paris, that of its value, and of its superiority over all other cod liver oils, "Hall's Cod Liver Oil" is the only one which, in the hands of Physicians of Paris, has proved beneficial in Consumption, Chronic Diseases of the Chest, Throat, Lungs, Stomach, Liver, Kidneys, Bladder, Nerves, Bones, Glands, Skin, Ulcers, Tumors, Glandular Swellings, Rheumatism, Neuralgia, Dropsy, Fever and Ague, Dysentery, Diarrhœa, Dysmenorrhœa, Hysteria, Convulsions, Spasms, Palpitation, Sleeplessness, Nervous Affections, Emaciation, Loss of Appetite, Want of Flesh, Want of Sleep, Want of Strength, Want of Vigor, Want of Spirits, Want of Life, and those Diseases which Medicine has hitherto proved powerless to cure.
