A NEW DISCOVERY!!!

THE GREATEST AND MOST WONDERFUL IN THE WORLD!!!

SARSAPARILLA LOZENGES,

SIMPLE and Compound, prepared by N. HEREU, Druggist and Physician, superior to all *essences*, *syrups* and *extracts* so named, and to all specialities heretofore known.

I have for a long time and thoroughly investigated the idea of a general therapeutic agent susceptible of being applied to all diseases, the development or morbid principle of which proceeds from an internal cause, either in the blood or in some of the organs.

A careful and uninterrupted analysis of the animal, vegetable and mineral kingdoms had induced the hope that I could bring about such a result, and, thanks to my indefatigable researches, it is now obtained.

I have found in some vegetables the necessary means for this grand idea, which is based upon an oleaginous principle of Sarsaparilla partly known to the public. SUCH IS THE DISCOVERY WHICH I HAVE THIS DAY THE HONOR OF ADVERTISING. The form of Lozenges has been given to it, because its nature precluded the possibility of doing otherwise, and I have divided it into simple and compound Lozenges, in order that they might be given to children as well as adults.

My first experiments were made privately, and remained unknown, until wonderful results had satisfied me that I had succeeded, and that the charge of quackery could not be brought against me.

The attention of physicians and of the public is called to these Lozenges in order that every one may witness the admirable result of the same.

General effects testified to by upwards of a thousand persons: The stomach is cleansed, the blood is purified and renovated by removing all impurities from this precious organ and fluid.

SPECIAL EFFECTS:

1. Prompt and radical cure of all diseases generally.

2. Persons who have used these Lozenges have never had the cholera nor the yellow fever.

MAGNETISM.

M'ME ALLUARD,

FRENCH SOMNAMBULIST,

No. 331, Bourbon Street, Between Ursulines and Hospital.

TREATMENT of all kinds of chronic diseases which ordinary remedies have failed to cure, and especially of desperate cases of nervous affections.

M'me Alluard, for many years under the direction of Dr. Poupard, in France, may be consulted at her residence and calls on patients wherever her services are required.

The direct application of magnetism by Mr. Alluard, assisted by Mme Alluard, has been followed by numerous cures; the fact is unquestionable. Out of a thousand cases of nervous diseases, eight hundred at least are almost instantly cured by this extraordinary SOMNAMBULIST; sufferers should hasten therefore to avail themselves of M'me Alluard's services.

The New Orleans Press have often recorded the radical cure of cases of seventeen years' standing. The "Louisiana Courier," the "Daily Crescent," the "Delta," "True Delta," "National" and "Bee," published in 1855 and 1856, letters from well-known and highly respectable persons, whose testimony cannot be doubted, tendering their heartfelt thanks to M'me Alluard, and fully acknowledging her wonderful success.

The same papers also spoke very highly of the surprising magnetic experiments by M'me Alluard, under the direction of her husband. See the *Courier* of December 17th, 1853, the *Bee* of November 27th, 1854, and the *Crescent* of May 29th, 1856.

It is to be regretted that all the cures effected by M'me Alluard cannot here be stated, but the nature of certain diseases renders this course necessary. The fact, however, is now acknowledged that patients can be permanently cured by M'me Alluard.

A Somnambulist offering such guaranties as these, and who has constantly been successful, is certainly entitled to the confidence of those whom ordinary remedies have failed to cure. Those remedies are powerless in cases of nervous diseases, which are cured by magnetism, as are also in cases of epilepsy, hysteria, fever and ague, bilious and brain fevers, typhoid and malignant fevers, yellow fever, head aches, heartburn, cramp in the stomach, gastritis, gastralgy, palpitation of the heart, fainting, liver complaint, spleen, jaundice, colica, diarrhœa, costiveness, hemorrhoids, hemorrhage, spitting of blood, giddiness, falling of the womb, suppression of the menses, disease in the breast, consumption, pulmonary catarrhs, cutaneous diseases, tetters, itch, wounds, sores, rheumatism, deafness, ophthalmy, inflammation of the eyelids, dislocations, sprains, tapeworm and other worms, &c.

The above diseases are daily cured with the greatest ease by M'me Alluard, and the public is informed that she is the ONLY SOMNAMBULIST who can see, notwithstanding the complete exclusion of light.

Persons desirous of witnessing this phenomenon are invited to call at the residence of M'me A., and agree on the time for magnetic experiments. No one will be deceived.

Admittance, 50 cents.

M'me Alluard may be consulted daily.

CONSTIPATION

is the sources of the *gravest evils* which can afflict the human race, since besides engendering *diseases specially affecting* the intestinal canal, it obstructs the circulation in the lower portion of the body, causes the blood to flow towards the upper extremities, and predisposes to Apoplexy and Epilepsy, which are frequently *fatal consequences* of this injurious habit. The employment of purgatives to remove *constipation* has long since been abandoned by the medical faculty, as their action depends upon an *irritation of the bowels*, and thus procure temporary relief by exciting subsequent *phlegmatism* inflammation of the mucous membrane of the intestines, peritonitis, weakness, loss of appetite and even paralysis, and, so to speak, vexication of the intestine. Consequently the sole remedy used by *distinguished physicians* and which is administered usefully and without danger, for the removal of *constipation* is

The testimony of almost all the distinguished families and most widely-known savants in the country would be given in his favor, if called for, but he prefers stating merely the following facts:

Mr. C. DUHAMEL offers to persons in want of Spectacles, Rock Crystal, Periscopic Glasses, (Webster pebbles) the best that can be manufactured, at $4 a pair, without the frame. The quality of these Glasses, called, by some, Scotch Pebbles, Brazilian Pebbles, Arkansas Pebbles, &c., does not vary according to the country whence they come, but according to the purity and clearness of the stone whence they are drawn—to the regularity of the curve and the finish imparted to them by a skillful artist. In this respect, Duhamel's glasses are inferior to no other glasses.

The prices are invariably as follows:

A pair of rock crystal glasses, with frame

Gold frame, $17 to $22.
Steel frame, $5 to 8.
Silver frame, $6 to 10.
The glasses only, $4.

Fine ordinary spectacle glasses, $1 a pair.

Fine Periscopic Glasses, concave and convex, $2 50 a pair.

A pair of steel spectacles, with fine ordinary glasses, $1 50 to 2 50 a pair, according to the quality of the frame.

A pair of gold spectacles, with the ordinary glasses, $7 to 12.

All fancy spectacle frames are offered at very moderate terms.

Mr. D. begs leave to remark that, in his opinion, and in the opinion of many competent and experienced persons in the line, rock crystal glasses are superior to one properly cut to fine glasses properly manufactured. They are harder, and their surface remains smooth much longer, but are not better than others as far as the preservation of the sight is concerned.

Mr. D. is agent for Dunbordes' Steam gauges. Owners of steam workshops and others are invited to try them; they are perfect in every respect, and are offered on reasonable terms.

Also on hand, the following, and many other instruments:

Theodolites; Surveyors' Compasses; Levels; Pocket Compasses; Graphometers; Transits and other Mathematical Instruments; Telescopes; Barometers; Thermometers; Liquor Gaugers; Hydrometers; Gauges; Hygrometers; Weights and Scales; Microscopes; Polyoramas; Dioramas; Stereoscopes; Views, &c. for Magic Lanterns; Pneumatic; Electric and Electro-magnetic Instruments, Phantasmagorias, and a large assortment of double Opera Glasses. dec18

IMPORTANT TO COTTON PLANTERS

By which their Incomes must be Doubled.

THE undersigned has invented and obtained letters patent from the United States for the arrangement and combination of machinery for conveying Seed Cotton into Yarns by one continuous process, from the Gin through the preparation and spinning machinery, until it is ready for shipment or weaving. The saving of COTTON WASTE will be at least Ten Per Cent.; and as I combine in my arrangement the machinery to press the cotton into bales, or no baling at all, and those to open and clean the cotton, which are very destructive in their operation on the fibre, but are indispensable to those of baling and opening as separate manufactures, my Yarns will be stronger, will command advanced prices, and they will distance all competition in any market.

The undersigned is prepared to dispose of privileges of the said patent; and Planters will be informed as to terms, with complete instructions how to use it, how to obtain the best machinery, and all other necessary particulars, on application addressed to me here, or on consultation with me at my rooms, corner Front and Dauphin streets, up stairs.
