Orizine contains the alimentary principle par excellence. Physicians prescribe it for the most delicate constitutions, and especially for children, who digest it more easily than anything else; it does not turn sour in the stomach, and is fit for those who are troubled with their teeth, and fortifies debilitated stomachs. Good mothers avoid these evils by using the Orizine, which is easily prepared according to directions.

DR. L. DUPERRON,
DENTIST,

60.......ROYAL STREET.......60

HAS the honor to inform his friends and the public that he has just received a composition for plugging teeth, which possesses peculiar advantages over any hitherto discovered. This composition, invented by Dr. WILCOT, when introduced into the cavity of the tooth, with a light pressure, adheres tenaciously to the inside and immediately becomes as hard as the tooth itself, and, in a short time, assumes in color and polish. Persons whose teeth are black or discolored by other modes of filling, can, by the use of this composition, have their teeth restored to their natural color.

MEDICAL.

Fever and Ague.

[Top of column partly obscured by stamp.] ... This is through the blood into the blood. There it acts as an irritating poison on the internal viscera and excreting organs of the body. The liver becomes torpid, and fails to secrete not only this virus, but also the bile from the blood. Both the virus and the bile accumulate in the circulation, and produce violent constitutional disorder. The spleen, the kidneys and the stomach sympathize with the liver, and become disordered also. Finally, the instinct of our organism, as if in alarm at the danger, makes a violent effort to expel the offending matter by purging the whole of the body in the internal excretories to force them to cast it out. The blood leaves the surface, and rushes to the central organs with congestive violence. This is the CHILL. But in this effort it fails. Then the FEVER follows, in which the blood leaves the central organs and rushes to the surface, as if in another effort to expel the irritating poison through that other great excretory—the skin. In this also it fails, and the system abandons the attempt exhausted, and waits for the recovery of strength to repeat the hopeless effort another day. These are the fits or paroxysms of FEVER AND AGUE. Such constitutional disorder will of course undermine the health, if it is not removed.

We have labored to find, and have found an antidote.

AYER'S AGUE CURE,

which neutralizes this malarious poison in the blood, and stimulates the liver to expel it from the body. As it should, so it does cure this afflicting disorder with perfect certainty. And it does more, or rather does what is of more service to those subject to this infection. If taken in season it expels it from the system as it is absorbed, and thus keeps those who use it free from its attacks; keeps the system in health, although exposed to the disease. Consequently it not only cures, but protects from the great variety of affections which are induced by this malignant influence, such as Remittent Fever, Chill Fever, Dumb or Masked Ague, Periodical Headache or Bilious Headache, Bilious Fevers, Neuralgia, Rheumatism, Gout, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitations, Painful Affections of the Spleen, Hysterics, Cholic, Paralysis and Painful Affections of the Stomach and Bowels, all of which, when arising from this cause, will be found to assume more or less the intermittent type. This "AGUE CURE" removes the cause of these derangements, and cures the disease.

This it accomplishes by stimulating the excretories to expel the virus from the system; and these organs by degrees become habited to do this their office of their own accord. Hence arises what we term acclimatation. Time may accomplish the same end, but often life is not long enough, or is sacrificed in the attempt, while this "AGUE CURE" does it at once, and with safety. We have great reason to believe this is a surer as well as safer remedy for the whole class of diseases which are caused by the miasmatic infection, than any other which has been discovered; and it has still another important advantage to the public, which is that it is cheap as well as good.

To the Ladies.

DISEASES are very often followed by the loss of that finest of all ornaments—the hair—and no better preparation can be used in such cases than P. GAUDIN'S INVIGORATING AND NUTRITIVE POMATUM—Price 50 and 75 cents a bottle.

The particular attention of ladies is called to the above article, which is unequaled for strengthening and beautifying the hair. The same may be said of J. M. HENWELL'S ORIENTAL

P. GAUDIN'S "EAU DE BEAUTE" is also highly spoken of for the skin, which it can in no case injure.

The article can be had at 50 cents, exclusively at the FRANCO-ITALIAN DRUG STORE, corner of Rampart and Barracks streets. mh3

ANTI-GOUTY ELIXIR

OF

HIPPOLYTE BRIEUGNE,

INVENTOR OF THE ANTI-RHEUMATISMA

Tropical Balm.

TILL now all medical science has had no power over the gout, this terrible disease which has now ravaged so many victims all over the earth, and still tears daily so many thousands from their occupations to give them up to the most painful sufferings.

It suffices to recall to our minds the symptoms of this disease to call known to its numerous victims. It sufficed to name them to appreciate the value of such a remedy against their return. Such is the effect of the ANTI-GOUTY ELIXIR, which is the result of the laborious searches of M. HIPPOLYTE BRIEUGNE, already known by the discovery of the anti-rheumatismal TROPICAL BALM, that has had down to this day so great a success. The ANTI-GOUTY ELIXIR, particularly designed for curing the fits of the gout, possesses a power no less great, warranted by a long and personal experience of the inventor, and by repeated essays upon its numerous victims.

The ANTI-GOUTY ELIXIR is easy to take, and its taste is in no way disagreeable. It can be taken pure or mixed with two or three spoonfuls of tea or coffee. Its effects are felt after a few hours, whatever may be the intenseness of the fit. In twelve hours at most the sufferings disappear, and all its symptoms vanish away.

For sale at the general depot, in New Orleans, at

J. WRIGHT & CO,
21 and 151 Chartres street.

And in the principal drug stores of the United States. mh13 1y

DAY AND BOARDING SCHOOL FOR YOUNG LADIES,

UNDER THE DIRECTION OF

MADAM CHARPAUX,

At the corner of Bayou and Claiborne streets

THIS SEMINARY, whose existence dates some years back, has met with a success that proves beyond all envil, the capacity of those who have charge of it.

Determined to merit the confidence of parents, Mad. Charpaux will spare no pains to make her seminary equal to the best institutions of the kind in New Orleans, and in order to do this, she has employed the ablest teachers.

Madam Charpaux has purchased a large and airy edifice on one of the highest pieces of ground in the city, and the better to consult the health of her pupils she has had spacious and elevated apartments set out on purpose for school and sleeping rooms, through which there will be a constant circulation of air from many windows.

Great attention will be paid to the improvement of scholars in the English language. For this purpose, American ladies of acknowledged capacity, as teachers, will constantly reside in the Seminary.

The English, French and Spanish languages, geography, arithmetic, and in short all the branches of a polite education, will be taught in the Seminary.

As religion should be the foundation of all sound education, it will be carefully attended to by Madam Charpaux, who will conduct to church and preliminary catechisms all her young ladies who may have their first communion to make.

Music having become a most desirable branch of the education of young ladies, Mr. Charpaux, from the best musical school in Paris, and ex-artist of the Orleans Theatre, will devote all his time to teaching music. All the Scholars, besides their regular lessons, will practice daily under the eyes of the professor. The study of the notes will precede the performances, when Mr. Charpaux will put the pupils through the execution of the regular keys and solve, and this will be attended with no extra charge.

In order to kindle emulation among the pupils and improve their playing, on the morning of the last Saturday in every month there will be a musical examination and a distribution of rewards.

Madam Charpaux, in order to complete the education of her scholars, has opened a class where will be taught all the useful and ornamental branches of needle-work.

During the summer the classes will open at 8 o'clock, and close at 3. Re-open at 4 and close at 6 o'clock, P. M. In winter, they will open at 8½, and close at 3. Re-open at 4½ and close at 6 o'clock P. M.

MME. PARENT'S INSTITUTION,

Corner Royal and Hospital streets.

DAY AND BOARDING SCHOOL FOR YOUNG LADIES.

THIS establishment has been removed to corner Royal and Hospital streets. The building is vast, well ventilated and well distributed for class rooms, dormitories, &c. Madame Parent avails herself of this occasion to thank the numerous families who have so largely patronized her institution, and would assure them that their daughters will receive the same maternal care as heretofore. The long known reputation of her institution is the best guarantee to that effect. The course of study embraces the same system, in both English and French, as that employed in the first class institutions in the North and in Europe. Music, instrumental and vocal, including Solfege, is taught by the most eminent Professors, also Drawing and Painting, Dancing by Professor Vegas.

Madame Parent will remove her institution across the Lake during the summer months, but will keep the school open in the city throughout the year. Finally, there will be nothing wanting to complete a literary as well as moral education, also to excite in the hearts of young persons that pure morality which is the principal object of this institution, combining that only elegance of manner so necessary for young persons. For further information address Madame Parent, Mandeville, until 15th OCTOBER; afterwards in the city at the Institution, where prospectuses can be obtained. oct4

Important to Planters.

We have been informed that the usual practice of planters, in ordering their supplies of our

Dr. McLane's Celebrated Vermifuge,

has been to simply write or order Vermifuge, the consequence is, that instead of the genuine DR. McLANE'S VERMIFUGE, they very frequently get one or other of the many worthless preparations called Vermifuge now before the public. We therefore beg leave to urge upon the planter the importance and propriety of invariably writing the name in full, and to advise their factors or agents that they will not receive any other than the genuine Dr. McLane's Celebrated Vermifuge, prepared by Fleming Bros., Pittsburg, Pa.

We would also advise the same precaution in ordering our DR. McLANE'S CELEBRATED LIVER PILLS. The great popularity of these Pills, as a specific or cure for Liver Complaint, and all the bilious derangements so prevalent in the South, has induced the vendors of many worthless nostrums to claim for their preparations similar medicinal virtues. Be not deceived.

Dr. McLane's Celebrated Liver Pills

Are the original and only reliable remedy for Liver Complaints that has yet been discovered; and we urge the planter and merchant, as he values his own and the health of those depending on him, to be careful in ordering. Take neither Vermifuge nor Liver Pills unless you are sure you are getting the genuine Dr. McLANE'S, prepared by

FLEMING BROS.,
Pittsburg, Pa.

Below we give a list of some of the principal wholesale druggists and dealers in patent medicines in this city, and from whom the genuine Dr. McLane's Celebrated Vermifuge and Liver Pills can always be obtained. They are also sold by all respectable druggists.
