AYER'S SARSAPARILLA,

A COMPOUND REMEDY, designed to be the most effective Alterative Medicine, that can be made from the vegetable kingdom. It is a powerful concentrate of Pure Sarsaparilla, so combined with other medicinal ingredients, as to afford an effective antidote for the diseases for which it is recommended. It is believed that such a remedy is wanted by those who suffer from Scrofula in all its forms, and that one which will accomplish their cure cannot, but be welcomed by those who have tried our alleged follow-citizens. Now competently this compound is proved by experience, as many of the worst cases to be found of the following complaints, have been cured by it:

Scrofula and Scrofulous Constitutions, Scrofulous Humors, Glandular Diseases, Tumors, Nodes, Pimples, Tetter, Scald Head, Scaly Eruptions and Scaly Skin, Mercurial Diseases, Dyspepsia, Nausea and Loss of Appetite, Debility, Languor and Lassitude, Erysipelas, Tetter or St. Anthony's Fire, and Indeed, the whole class of complaints arising from the vitiating of the blood.

This compound will be found a great promoter of health, when it is taken to expel the foul humors which foster in the blood at this season of the year. By the timely expulsion of these humors, disorders are stopped in the bud. Nationwide can, by the aid of this remedy, free themselves of the foul corruptions of foul eruptions and ulcerous sores, through which the system is relieved of the load of corruption, and restored to its healthy condition. Purge out the foul humors, and then one which will accomplish their expulsion, will be found in Ayer's Sarsaparilla.

Scrofula, which is the most virulent form of corruption, is so subdued to its thrall by this powerful antidote, that it is an alterative medicine. Choose out the virulent humors, and the disease depending upon them, will soon be cured. Although the skin is pimples, eruptions, or sores, disease is deep seated in the system, and manifests itself in various ways; disease is whenever it is foul, and your feelings will tell you when. Even where no positive disease is felt, people enjoy better health, and live longer, for eliminating the foul humors, the blood becomes healthy, and all is well; but with the position of life disordered, it can not be so healthy health is the better something for one to do, and the great machinery of life is disordered and overthrown.

Scrofula, indeed, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by pretending to cure it, pretty nearly all the drugging has not all the virtue that is claimed for it, but have become humbugs, and consequently, have ceased to be recommended as cures; or, in mentioning them, they are spoken of as therapeutic, or any thing else.

During long years we have been, and are related by large profession, to give a quart of Extract of Sarsaparilla for a dollar, and yet, we have been forced upon the sick, for they not only contain 25lbs. of heavy, inert matter, but cause an injurious effect upon the stomach, bitter and painful disappointment has followed the use of such preparations. Our Sarsaparilla which fed the market, until the mass itself is pretty weighed down, is a concentrate, strong with the position and effect. Still we call it Sarsaparilla, because, we find, and tend to supply such a remedy as shall remove the same complaints, for which the compound is given in, and which we have found, for believing it has virtues which are therapeutic of the complaints, and diseases it is intended to cure. In order to secure their complete eradication from the system, the medicine should be judiciously taken according to directions on the bottle.
