The certificates of wonderful cures performed by the Cathedicon, have become so numerous as o preclude their insertion in any newspaper.-The unrivalled and very extensive character which it has enjoyed, for the last six year ans a complete renovator, and purifier of the blood and humors, both in hospitals and in private pracice, is a substantial basis for its future support. It has obtained its present great distinction by the extraordinary success which has attended it in the healing art, while every avenue and track stand, No. 75, Chartres street have been searched in vain for its parallel; its to No. 7, between Customhouse discovery is one of the most sacred boons that sympathy of the public will be aroused to the promulgation of its inestimable merits. Proofs of the value of Potter's genuine Cutholicon;its healing powers: its usefulness as a general restorer of health: the city of Philadelphia alone could furnish thousands of witnesses, to contradict the base and mulicious fabrications which

daily emanate from the jealous. What, we would ask, can be a stronger proof of its utility, than its success in the Pennsylvania Hospital, Philadelphia Alma House, and the Philidelphia and New-York Penitentiaries, and in other public institutions alike serviceable, where the eminent skill which presides over them had been exhausted in vain. "These facts speak trumpet tongued"—and cannot be gainsaid. It is much to be lamented that there are so many spurious mixtures manufactured in im-# itation of this invaluable medecine, some assuming to passess equal virtue, and vended under the same titles some have gone to the daring extremity of refilling the old buttles with the labels on; whilst others, to filch the public, have published for their benefit the very certificate which the propriator of the Generice Catholica had obtained from those who were cured by his

medicine, of various distressing diseases. Thus has he been assailed in every form by envy, jealousy and fraud; and thereby prevented ding the usefulness of this great and long wished for remedy.
