certain individual is now preparing and now vending throughout the United States, an imitation of my celebrated Catholicon, purporting to possess the same virtues, and as it is pre-sumed it will be for sale in the city of New Orleans, the public are particularly cautioned a-gainst purchasing it. It is supposed to be similar to the Rob of l'Affecteur, or Syrop de Cousi-nier, which contains corrosive sublimate, and calculated to do much mischief. I trust the unsuspecting will be on their guard against these frauds, and purchase of no other persons but F. P. Proofs of the value of Potter's genuine Catholicon:its healing powers: its usefulness as a general restorer of health: the city of l'hiladelphia alone could furnish thousands of witnesses, to contradict the base and malicious fabrications which daily emanate from the jealous.

What, we would ask, can be a stronger proof of its utility, than its success in the Pennsylvania Hospital, Philadelphia Alms House, and the Philadelphia and New-York Penitentiaries, and in other public institutions alike serviceable, where the eminent skill which presides over them had been exhausted in vain. "These facts speak trumpel tongued' -and cannot be guinsaid. It is much to be lamented that there are so many spurious mixtures manufactured in imitation of this invaluable medecine, some assuming to possess equal virtue, and vended under the same titles—some have gone to the daring extremity of refilling the old bottles with the labels on; whilst others, to filch the public, hav published for their benefit the very certificating which the propriator of the Gennine Cutholico had obtained from those who were cured by hi medicine, of various distressing diseases.

Thus has he been assuiled in every form by envy, jealousy and fraud; and thereby prevented extending the usefulness of this great and long wished for remedy.
