The certificates of wonderful cures performed by the Catholicon, have become so numerous as to preclude their insertion in any newspaper .-The unrivalled and very extensive character which it has enjoyed, for the last six years, as a complete renovator, and purifier of the blood and humors, both in hospitals and in private practice, is a substantial basis for its future support. It has obtained its present great distinction by the extraordinary success which has attended in in the healing art, while every avenue and track have been searched in vain for its parallel; its discovery is one of the most sacred boons that can be afforded to the unfortunate martyr of disease, and it is most sincerely hoped that the sympathy of the public will be aroused to the promulgation of its inestimable merits. Proofs of the value of Potter's genuine Catholidon:its healing powers: its usefulness as a general restorer of health: the city of Philadelphir alone could furnish thousands of witnesses, to contradict the base and malicious fabrications which

"These facts speak trumpet tongued'-and cannot be gainsid. It is much to be lamented that there are so many spurious mixtures manufactured in in.itation of this invaluable medecine, some assun ing to possess equal virtue, and vended under the same titles—some have gone to the daring extremity of refilling the old bottles with the labels on; whilst others, to filch the public, have published for their benefit the very certificates
