MISCELLANY. The Sea Serpent.—This monster made his first appearance this season at Boubay on Sunday last. He was seen again on Tuesday by two gentlemen at a distance of about sixty feet, and afterwards by ten or twelve citizens of Boubay as he passed and re-passed several times about 150 feet distant from them. He is described by the Editor of the Wisconsin Journal, who was on the spot, as from 150 to 200 feet in length, of a brown colour on the back and a yellow brown on the belly. He moved with an undulating motion, like a leech or blood sucker, which gave to his back the appearance of the lampre described by those who have previously seen him.
