Nashville, July 14. INDIAN. TREATY .- A letter received from General Gaines announces the agreeable intelligence that a satisfactory arrangement has been made with the several Indian tribes in Missouri, and that they will, peaceably and contentedly, remove to the territory assigned for them. All the rumors therefore, about war and bloodshed among them, which have been blazoned in capitals in some of the papers, are totally unfounded, and the General is entitled to great credit for his forb arance, perseverance, and dis cretion in the management of this difficult and hazardous negotiation. The slightest imprudence on his part might have kindled a serious flame and led to a scene of carvage awfully deolating.-But all has been amicably settled without loss of life or irritation of feeling. The particulars of the Treaty will be given hereafter. Gen. Gaines is expected to return to his family in this town in a few days .- . Vational Banner.
