THE BEE

PRINTED AND PUBLISHED DAILT BY
J. BAYON.

NEW-URLEANS, FRIDAY MORNING, FEBRUARY 3, 1832.

The hotly contested canvass, for a member of House of Representatives, resulted in Mr. Marigby's election by a majority of 180 votes. The whol

of the diurnal mail to this city. The new steamer cified latitudes and places, will. I trust, enable mination, we have been assured and believe that the objections but the bitterest party present as the carriage. The transport is so plish, by their combined profit, as object which have raised against first livingston were broughted at a state of the carried and fully investigated, and that the cumregulated as to allow the mail to arrive, delays ex-

ries. At twenty minutes past two, King William entered, took his seat upon the throne, and delivered the speech, which will be found in catence in I never can sanction any interference with the our columns. Nothing indicative of abatement of egittmate exercise of those rights which secure

By reaction it preduced some distur- may be endangered." bances at Aix; but they were happily subdued and express brought information in London that the Duke of Orleans, and Marshal Soult, the Minister arrived this morning, contain a few additional of Was, entered syons on the old of December a-mid the universal ecclamations of the inhabitants.

LONDON, Dec. 7. Frankfort and other German papers reached us to-day, but we see very little in them worth attention. Under the head of Vienna, there are some apeculations as to the course which will be pursued by the Emperor of Russia towards Peland, but they seem to rest on no other foundation than surmise

means of securing internal peace and order, the bust of the King, which had been placed there, which alone seem wanting to raise a country tranquillity, however, was soon restand. Chalera Morbus to Smynad. blessed by Providence with so many natural advantages, to a state of the greatest prospecity.

"The conduct of the Portiguese Government, and the repeated injuries to distinct my subjects have been exposed, hereofferevented a necessal of the distinct relations with that kingless. The state of a country so long unitative with the kingless. The state of a country so long unitative with the kingless, The state of a country so long unitative with the kingless in this city, having, in all probability, been subjected to minimal allignment and the state of a country so long unitative with this lay the ties of a most intimate allignment and the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a country so long unitative with the state of a long and the state of a long and the state of a long and the state of the

"My Lords and Gentlem.

"The scenes of violate that offirege which have occurred in the city of Briefol, and in some other places, have caused me the deepest affliction. The authority of the him must be vindicated by the punishment afferences which have pendered so extensive a destruction of property, and so melancholy a loss of life. I think it right to direct your attention to the best means of immunit, in the two latter cases, as the report states. "precising little regard, except as indicenting the progressive development of the guidence." The Parliament of England was opened on the to direct your attention to the best means of improving the designation of the kingdom in the more effected protection of the public peace the progressive development of the gold the more effected protection of the public peace. region." The profit of the enpure coinage, for the last years will exceed \$10,000. The whole expense of the mint, for the past year, will in confiduence not amount to more than \$23,000.

to a few persons in this country, and they make the most of their secret. The following method, which is simple, and may be useful to some of our readers, while a mailtimes of expression, and an exhortation with all regular government, and are equally optomoderation, prays at once the safetimesed to the spirit and to the provisions of the and unreserved sincerity of this satisfactory many faithful subjects to second my determinate by my faithful subjects to second my determinate by my faithful subjects to second my determinate by my faithful subjects to second my determinate many faithful subjects to second my then take the filings or fine dust of any metal which it is desired to initiate, and apply this, when mixed with the isinglass, to the article with a hair pencil.

Boston Patriot.

Application has been made to me, relative to the introduction of slaves into the state of Texas—and at the same time the copy of a transition of the states of Coatalia and Texas," (printed by W. E. Woodruff, Little Bock, Arkansas Territory.) has been forwarded to me, in order to call my attention to the following note, added, I presume, by the printer, to article 46th: "By a supreme decem, dated reptember 29, 1829, slavery is abolished within the Mexican republic—but after disc representations were made, to the introduction of slaves into the state of Texspeculations as to the common specific to the Emperor of Russia towards Poland, but they seem to reat on no other foundation than summise. One journal says, that it is very probable that the the Poles will recover the independence promised to them by the Treaty of Vienage. An article, displaced to the provisional Gore, nament of Greece, on confit confict a general amnety. An article, dated from the Danube, contradicts the report of a reduction liaving beginned in the Austrian army, and says military establishment is on the same footing as it was last year.

London, Dec. 6.

OPENING OF PARLIAMENT.

Shortly after two o'clock this afternoon the king proceeded in state to the House of Lords. On nis Majesty's taking his place on the throne, the Usher of the Black Rod was directed to summon the Commons.

The Speaker, attended by a great number of Members, unade his appearance in a few minutes of the advanced guard of the treaspect of the Summon the Commons.
