

THE BEE.

PLANTED AND PUBLISHED DAILY BY JEROME BAYON. WEDNESDAY MORNING MAY 23, 1872.

GOVERNOR. J. B. DAWSON.

The communication of "A friend to care and con- sider" cannot be inserted.

The northern mail of yesterday furnished papers from New York of the 8th instant, from Philadelphia of the 8th, and from Washington and Baltimore of the 9th.

The Philadelphia papers of the 8th contain Liverpool dates of the 7th of April, brought by the Moonbeams, arrived at that port. The leading articles of news are, the breaking-out of the cholera in Paris, and the probability of a speedy cessation of British exports, sufficient to carry the reform bill through the house of lords.

The Washington papers bring the congressional proceedings down to the 9th. On the 8th the house was exclusively occupied with the case of Governor Houston, without making any progress, unless indeed it was like the progression of the crab. There are many disgusting features in this case, which induce us to wish that the house had left Mr. Stanbery to his remedy at law.

Two propositions for reducing the tariff to the reduced expenses of the government, after the payment of the public debt, have been submitted to congress; the one by Mr. Clay, in the senate, and the other by the secretary of the treasury, in answer to a joint resolution of both houses.

The Union party now propose a convention of the southern states, with a view to the formation of a southern confederacy, in case the tariff is not so modified as to repudiate the protective principle.

PHILADELPHIA, May 9. LATEST FROM HOLLAND. By the Moonbeams, Capt. Dwyer, which arrived at this port yesterday afternoon, Liverpool papers to the 8th of April, Manchester of the 7th, and London of the 7th have been received, for several of which we are indebted to the editor of the Philadelphia Gazette. They do not appear to contain any articles of much interest. We have selected a few paragraphs for this morning's paper.

THE CHOLERA. LONDON, April 6.—New cases, 47; deaths, 30.—Total, 2187 cases, 1181 deaths. GLASGOW, April 5.—New cases, 13; deaths, 6; remaining, 44. Total, 978 cases; deaths, 340. PALMER, April 4.—New cases, 3; dead 3; remaining, 12.

GREENOCK, April 3.—New cases, 10; deaths, none. Total, 82 cases, deaths 36. CHOLERA AT GOOLE.—We are informed from several sources, that the Cholera has been taken out at the port of Goole, and that several deaths, particularly that of a man from Selby, occurred there on Monday, under such circumstances as to leave no doubt of the pestilence having gained a footing in Yorkshire.—Leeds Intelligencer.

CHOLERA AT ELY.—(From a correspondent.)—There were six new cases yesterday (Sunday). One man named Armstrong, about 40 years of age, who had been working carrying coals on Saturday, died within eight hours, boy, named Mearns, aged 16, who had been at his work on Saturday, was taken about two o'clock in the morning, and died before ten o'clock in the morning, and died on the Sunday—all undisturbed cases of Cholera.—Bury Herald.

THE REFORM BILL. The debate on the second reading of the Reform Bill will be five for Thursday last, has been put off till Monday. Whether it will be carried or not is still a matter of uncertainty, though the probabilities are certainly in favor of a ministerial triumph at this stage of the measure. It is certain that no party will be good authority, that none will be made during the progress of the bill through the committee. Several modifications will be made; and we understand that Lord Grey is disposed to concede liberally to the moderate portion of his opponents.

Mr. Webb, joint editor with Mr. Nash, of the N. Y. Courier & Enquirer, in his answers to interrogatories by the Bank Committee, estimates the income of the Oct. 1831 to Oct. 1832, at \$75,000, and the net profit at from 40 to 50,000, and values his part of the establishment at least 70,000.

SUICIDE.—A young lady in Orange, (Wm. Hatten,) on Thursday morning last, was found dead in her bed, having cut her throat with a razor. She had been living in this city, and was of very respectable connections. The cause is supposed to be insanity, produced by religious excitement. —New Haven (Conn.) Herald.
