May 25. CLAPIER & MICOUD. SEIDLITZ POWDERS.—The virtues of this ce lebrated preparation, when carefully and faithfully made, are well known; so well as to have created an unprecedented and increasing demand for it, ever since its discovery. The consequence of this immense de mand has been (of late particularly) a hasty careless

ness in its composition; which, if continued, must des-troy its reputation as rapidly as it has been made. Most of the Seidlits Powders, manufactured at the worth, fail (when used here) to produce their salutary effects; and are returned, with complaints, to the seller The subscriber has therefore been compelled to use the only means in his power to remedy the evil; and above suit, june 80.
