GOVERA OR. J. B. DAWSON.

During the prevailing epidemic the BEE. will appear but three times a week, viz: on Tuesday, Thursday and Saturday. Advertisements must be sent before 7 o'clock at night."

When the polls were closed yesterday 918 votes were in. They will be counted this day." No Jacksonian fears the

The battle is over. It the unnk and the printofram have prevniled over the people, nobody one had we have not dome our duty. We are not apprehensive of the result. The people will always true the in this fapublic. Until-another enapsign, we have up our at ed for the use of the indigent sick of this city. I have moute and no longer say to our friends: --- "Let each each

His ademantine coat gird well; and each Pit well his helm; gripe fast his orbed shield." The triumph of Jackson is as certain as false. With his re-election our republican institutions will be re-

stored to their pristine purity. The epidemic is evidently abating, both in malignancy and in the number of its attacks. The weather is now colder; and were it but only clear, the stiff worth wind would blow is away altogether. "Courses griends, cour-

We publish, to-dhy the Act of Nullthration, to South Carolina, We have not sind the comacks,

The most painful apprehensions are f. It for the safety of the packet ship Alabama, hence for New York? The ship Florida, captain Tracy, arrived at one port from New York, reports a ship, supposed to be the Mahama, aground on the Tortugas banks. The hows were on the banks, and the waves were beaking over her stock. Appearances dicated that alle would be totally wrecked.

The New-York papers by yesternay's mail are of the evening of the 24th ult; Philadelphia of the 25th; Wasnit gton of the 25th, and Charleston of the 30th. The Charleston pa ers contain New York dates of the 25th, and Boston of the 24th, brought by the brig Maron-

The Baton Rouge Gazette of the 3deinstant bentions that the health of that village was never better-there being but a single case of sickness within the corporate limits.

lake is crowed to overflowing with fugitive from this city mode and measure of redress:

Be it therefore enacted by the senate and house of

every officer in the state, including the judges of courts, then, and there to take into consideration the severe free is made elective by the people, directly. A supreme arts of the congress of the United States, imposin court, distinct from the district courts, is established; and duties on foreign imports for the protection of domes common law and equity are assigned to separate tribunals. Rither of the judges of the supreme court may sit at miri to determine on the character thereof, and to devise the prins, in case of the death or absence of the circuit judge.

unbmitted to the approval of the people; and that a clause p | p | se of more effectually executing and enforcing the hes been inserted, taking away from the legislature the power of calling another convention for a similar purpose.

The right of one generation to hind posterity to the latest generation, is very questionable. Suppose the people of another also suppose the people of another and were unanimously to residue to make a besting of the several election districts in this state, shall the conventional districts in the conventional d and were unanimously to resolve to make a bostire of this ther giving public notice, as in the cases of election

and were unanimously to resolve to make a baptire of this of the giving public notice, as in the cases of elections new constitution, who could gainest the act? Which is for members of the leg slature, open pulls, and hold elections to the legislature of the constitution in all respects, for delections to the said convention, in all respects, in the volutionary, by some. But for this we care not. We are ready to stand by them; to defend them; and to urge them upon the legislature of Louisiana, if our life besparded until a spin be assembled. The framers of our constitution have tied up our hands with a great variety of restrictions in regard the amendment of our fundaments. cal law, which are of themselves, so far behind the spirit nation, removal from the state, or refusal to qualify, of the age, that they ought not to be longer submitted to any person elected delegate to said convention, the The people must twice demand a revision of the constitu- presiding officer of the said convention shall issue his tion, at the polls, and two successive legislatures must recall the said convention and requiring the managers of elections spond to it, by a vote of two thirds, before agreemention in the evention distinct in which such vacancy may an be called. Thus can a factious minority subjectuate all trappen, after giving du notice thereof, tolopen a poli, the defects and unequalities that found a place in our rade of direct an election to, supply such vacancy, as in recorded the demands of the people, years must be wasted to senseless coronomies before single step towards a reform state shall be stelled by the authority of senseless coronomies before single step towards a reform state shall be stelled to elect, and send to said con

tacky, whose former constitution we have copied, have the entried to the said convention shall be entried to given us the example; the question was put suite prople to example from arrest in going to returning at once—"convention or no convention;" the said ayer a convention was forthwith called; "and the constitution was forthwith called; "and the constitution was smended. Who was aggrieved? Not the people searedly;

The General Charny Committee, request their fellow citizens to make known to them, all persons to distress, who will be relieved with clothing, finels, modicine and pacaniary aid to the extent peresency. The committee brail themselves if this o casion to

wpress their noknowledgement to the public insutu one and the individuals, subscribers, placing a fund mounting to about ten thousand dollars at their distrisol, which it will be their study to dispute in the more edictous manner, and to further this great object, the committees request the favour of united communicasional stating as particular account as possible of the where applying for relief.

By order. RICHARD O. PRITCHARDS Secretary.

nate house, the twenty sixth day of October, in the year of our tord one thousand eight bun, dred and thirty two, and in the fifty seventh year of the independence of the United State of America.

HENRY DEACH President of the H. L. PINCKNEY, President of the Senate? Speaker of the house of representatives.

The respect agreements from Surveys, though they being no startling intelligences tooks with Frances of wars," smouldering, filled state policy would conceal them. The aspect of the contenent is now a most singular and interisting. The balance of power which since the time of Charles V. has been with some mementary deviation, secundously maintained is broken; the holy alliance of decisions and the feeble and tottering frames of superaunitused empires feel a new sud strange agitation swelling annuated empires feel a new pull strange agitation swelling freir veins and urging them they know not whither. All as unsettled and uncertain. The spirit of freedom is abroad; and the monarchs of Europe will know she never has and spirit will woluntarily leave the wretched and oppressed to their totters and their fate. Yet, though determined to strike, they stand like faint-hearted assassing our their vic-tim, each waiting for the other to inflict the first blow.— A mice have been raised, munitious provided, and Russia, russia and Austria, stand upon the eastern borders of usrs liberal Europe with armed Surdes greater than those redom —But since them, times have changed, and empress changed with them. Freedom now is not austained pres changed with them. Freedom now is not sustained by a single changion. All western Europe stends, determined, and eager, conscious as power and confident of victory,—prepared for the coniest. Such is the divided compire of treedom and elevery, knowledge and ignorance over the continent. The advancing spirit of inquiry encladingers the existing institutiona more and more each day; and the despots of Europe can scarce be expected to stand by with tolded arms and see the rising wages of freedom proceeds and from boneath their through their power based, like sand from boneath their through their power based, like sand from boneath their through their power based with revolution, above the nations; said though a dare not predict the moment of explosion, wit it is evilent that they must meet, and that the conflict when it omes, must be such as perhaps time has not seen, nor his dry recorded.

Sir: At a guesting of the board held this day the sum of the hundred dollars was directed to be subscribed or the relief of the sick and poor, and the inclosed is a check for the mount.

Residence of the indigent said store, and being a substantial friend. A man of this character, requires its abstantial friend. A man of this character, it is all falterent and active. Her revolutions are not the substantial pressure of intensity of your content. Active the said sum, and the profession of the dotter.

N. N. WILKINSON, Cash J.

New Orlna's, Nov. 7, 1832.

M. Mencare, Eq.

Chairmen Gen. Charrity Committee.

Sir: At a guesting of the board held this day the sum of the hundred dollars was directed to be subscribed or for relief of the sick and poor, and the inclosed is a check for the mount.

Residence of the indigent said sum, and the present for possible one.

The received in a limited monarchy, France will now try the brilliant but hazardous experiment of republicans into, intoxicates and trastricus france one, but the dollars was directed to be subscribed or for relief of the sick and poor, and the inclosed is a check for the mount.

Resident present for protein for the publicans of the catholic forms of the publicans and the present for problem of the publicans and the protein form of the publicans into, intoxicates and trastricus france. Once warmed by the glow of liberty, she will again proclaim freedom to feed the publicans.

The specific field of the sick and poor, and the inclosed is a check for the mount.

Residence of the publicans of the catholic field of the publicans of the catho and even Italy on her side, and the result will be an eman

dipated world! Whereve the spell of rel gious domination has fallen upon a people, a species of national death to po; has succeeded. Thus has it been with spain and Por ugals. Liberty and light may irradiate around them, but likesome glens in and light may irradiate around them, but increasing grouns in the Andes that are dark at mid-day, no ray can enlighten them. They may change their government, but cannot their condition. Their voluntary lot is higotry and degra-dation, and it is matter of little moment whether, one tyrant or another oppresses them

WEST WARD HO! An Earthquake .- While the arguments of the broad torn were gatter ngdrift wood along the shore, fining-ord, accompanied by capt. Sam, stroiled to the corfine of the Great Plairie, as it is called, which extends for many miles from the burders of the Mississippi. As they stood admiring the rolling expanse of vapor which a: d noiseless solitude, a distant combling sound cought their attention for a moment, and it a moment, and it a moment beginning again, apparently nearer than before. It was succeeded by a vasi cloud of dust, which all at once obscured the air, and hid from their

coning." cried captain Sam, suiting the action to the But he had scarcely spoken when the earth opened That mathe 1st of December next will be opened But he had scarcely spoken when the earth opened between them, and they stood rocking to and fro, on either side a yawning chasm. The ground rose in waves, like the sea in a storm; the vast trees that skirted the hare precincion of the endless plain, nedded and struck their high heads nogether with a crash, and lashed each other with their list limbs; the earth burst its strong ribs, and sore and spite into ravines; the waters burst through their look, and while they will pay \$3; and those who study engish or latin the waters burst through their bounds, and while they will pay \$5; and those who study english or latin the waters burst through their bounds, and while they will pay \$5. formed now lakes, or forced themselves into new channels in some places, in others they left targe spaces high and dry. Anon the waves of the firm fixed earth subsided for a moment, and she in trempling and mixering as in the paroxysm of an some.

During this annualing interval, Rainsfield and ma-comparion rose from the ground, were they had been thrown by the resistless force of the vibrit ins, and for stingtively sought refige they kies vines whither. The emphanimade towards the river, as being his natural element, while the other climbed one of the tony trees that skirted the bounds of the interminable plain, from the earth, second stringuling to free themselves from the fetters of introde inflows to take. He had scarce by done this, when again the same appairing masses approached from another quarter, and again the firm set the Worker marklets. arth egan to heave and cort stack into a sea of waves that begind to approach from a distance, gathering strength, and sising higher and higher, until they barst, scattering vast volumes of water and sand high in the air, and a axing the ground scamed with deep chasms. which the traveller stiff attracys with astonishment an ismay. In a few moments into a diff rent element, a d to become an ocean, large portion of the district around was covered with the vators, and the tree on which R-ingford had sought o foge stood rocking to and fro in the midst of them. - Darkness, or et less an obscurity, like that of a total clipse of the sun, came over the world; and such wes came and sought refuge in the bosom of the young man, where it lay quiet and teme in the treace of terror. | suit. He could feel its little heart best against bis own, and The communion of sympathy between him and themantting flutterer was not tinsoching in this terrible hoor.
Casting his eye towards the town of New Madrid,

he brheld the houses tottering and tumbling to pieces, and the people fleeing to and fro in all the desperation of overwhelming terror. Turning to the Mississippi. he suddenty observed it in one particular spot boil up. and overflow its backs, carrying bosts and every thing that flo ted on its surface far over into the fields, where they were it is perfect wrecks. May, it spared neither the living nor the dead, for all at once he saw the little graveyard of the vill ge, with its mouldeing bines and quiet inhabitants, lefted, as it were, from its resting nor 8 F. BUISSON. P. Clerk. place, and hurled into the torrent, where it and they were scattered, never to be associated again in time

n eternity...
It looked like the last agony of expiring naturef the Omnipotent had resigned his empire of the uni verse, and luft the rebul elements to atruggle for masfery.

A BACKWOODSNAN .- Nurtured among the nountains of his native state, free as the air he breath d, ho grew up tall and straight, and hardy as the trees of the promeral forests, where he passed most of his ignorant or vulgar; and his feelings, by some strang reak of nature, on combination of circumstances, par took of the character of a gentleman in more ways that

In his person, Bushfield was one of those rare are timens of men, the united product of pure air, whole ome exercise, warlike habits and perfect freedom of oody and mind. He was upwards of six feet h gh, per feerly straight and without an ounce of superfluous fiesh in his whole composition. There was a singular ease, one might almost call it gracefulness in his carriege; and his dress, which consisted of a buck-kin hunting shirt, a raccoon skim cap and leggings, was highly pi turesque. There was nothing verger or dowdy in his a pearance or address, which was that of a man who haved himself equal to his fellow men in any circum tances or situativ on that called for the exercise of man v viger or daring enterprize.
