It will be seen, upon reference to our columns, that meeting of adopted citizens has been held in New-York to take into consideration the recent conduct of the apostate I.r. McNeven. This looks well, and speak volumes for the uncere and honorable feelings of our adopted brothren. The resolutions adopted are atrang and vigorous, such as the oc-

THE MARCH OF LIBERTY .- Over this imposing caption, the gion Mercantile indulges the belief that the moment is not stant "when the people rising in their might will sweep away every vestige of despotient from the land." This amon is predicated upon the recent foreign intelligence, luch represents that there exists in the military despotic Accoments of Denmark, Sweden and Norway, a spirit among the rising generation tending to republicanism, which has created great alarm. Indeed a great Scandavian Republic, embracing the three kingdoms, is seriously spoken of.

Two daily papers are published, one in Boston and the ever in Portland, and sold at the moderate price of one at a piece! They have no yearly subscribers, but are hawked about the streets like other "notions." One or two of a similar character have been assatished in New-York. By the

It will be seen that our distinguished supresentative, Mr. Pinckney, has submitted to the consideration of congress, several exterething subjects, in some of which the citizens of Charieston are peculiarly sentenced. We are happy to find that the acrangements for the comfort of our seamen are so advanced, that by the enactment of the bill he has introduced, the Marine Hospital and that entire establishment will be finally completed. To our Mechanics, to our Merchant: to all of our citizens, the establishment of a Naval Hepot is of immenses concern. What a contrast in our fieling, to have fifteen or twenty Sloops of War of the dimensions of the "Natches," built in Charleston, victualed and Stitch and sent to protect the commerce of the Union instead of having these vessels prepared abroad, and sent to blockale our city. We have also been informed from a respectable source, that Mr. Pinckney has been empowered by the Committee to report a Bill for the regulation of our ritale with Cuba and Posto Rico, by the interposition of construction tomage and impost duties, an Spanish ships, and Spanish produce imported in them. A successful arming ment of this point, is highly important to many of the Merchants of Charleston, who are concerned in the commerce of these Islands.—Charleston Mercury.
