The last egyptian expeditions, not only opened a new outlet for our commerce in the interior of Africe, but they made us acquinted with Balser mof Baby. Phis vegetable balsam is in great esteem and veneration among the savage inhabitants of the country which produces it. Some Europeans, at the service of the Pacha, having penetrated to Sennaer, distributed some of that celebrated remedy on their return to Caira, its effects were so truly wonderful and the cures so rapid that it soon gained an immense reputation. At a late period, the Doctors Barphier and Polivan undertok to road-Sennaer. There, they got acquaired with Baby, African physician, who did not conceal from them any particulars relative to the Balsam, which has since received his name among all foreigners. The good and powerful effects of this remedy fulfilled all expectations it even were beyond all what was reported of them.
