NEW YORK, March 21.

The Market—Stocks are down another notch, and the state of feeling is bad, though we hear of no new cause of alarm except that the Express from Boston this morning is unfavorable. Very little is doing in merchandize. Some lots of cotton are offered at a great deal to say 8 c., below the rates of last week. Flour is dull. Good Mississippi can be had at 10¾ c. 16c., and Carolines at 12 a 13c. Prices on the Corn Exchange are nominally the same.

BALTIMORE, March 22.

Flour—The market for all descriptions is quite dull and the tendency is downwards. Rich lots of Howard street are making from stores at $9 50. Wagon lots $9 25.

Whiskey—Is without change in price, and we cannot hear to quote the ruling rate for bbls at 24 c. 25c and for hhds 24 c. The wagon price for bbls is 26c exclusive of the barrel. The Susquehanna River is now open, and supplies from that quarter are soon expected.

CINCINNATI, March 20.

Cotton—Arrived since the 16th inst 8265 bales, principally from 531 bales Sea Island, good, to ordinary fine, since some sold to arrive and leaving a stock on hand in store and on the wharf to-day of 7,000 bales, of which 2,000 are Upland and 2,000 bales Sea Island. Since our last report, our receipts coastwise from Liverpool to the 2d January and to the 5th February, have been unprecedentedly large from Havre to the last named date, and in consequence quoting a depreciation in the value of cotton, and increasing difficulties in the monetary affairs of England these, with reported accounts of failures at New Orleans and New York, have made the market here very much duller than any experienced during the present season. The extent of the reduction in the price of Cotton cannot, sales having been made from 1 a 2c. per lb since the prices of last week, during the present dull state of our market we amount from giving quotations, but from the best information we can obtain previous to the receipt of Liverpool advices on the 1st February. The sales of the week although not large, as many sizes are as follows viz: 1 bale at 15¼; 50 at 15 6-8; 100 at 16; 20 at 15½; at 16½; 353 at 16 3-4; 70 at 17 1-4; 148 at 17½; 90 at 17 5-8; 25 at 17¾.

And have received 1 at 18c. The sales of stock amount to 176 bales, as follows viz: 2 at 41 cts; 1 at 8; 6 at 42 7-8 to 50; 45 at 51; 32 at 50; 7 at 51; 32 at 50; 7 at 51; 32 at 50; 7 at 51.

Cotton—The late European accounts received on this last, by a direct arrival at the port, showing a decline on cotton generally, and the unfavorable information of the deranged and unsettled state of our money market, have had a material effect on the Sea Island Cottons which are on a drooping condition and the market closed last evening with a tendency to further decline. Both columns are worth 1 to 2 cents per lb under the rates previously current. The sales of the week are 15,688 bales of which the week ending on Monday 1,910 bales, Tuesday 2,116 bales, Wednesday 1,450 bales, Thursday 1,914 bales, Friday 3,000 bales, Saturday 3,298 bales. Of which only 850 bales are Sea Island, and 14,838 bales Upland. LIVERPOOL, Feb 19.

Cotton—The market was very quiet in the beginning of the week. The large quantities of cotton of all kinds, and which the holders endeavored to effect, has caused a heavier pressure to sell prices, and during the demand somewhat improved toward the end of the week for superior qualities, we reduce our quotations which we quote as follows.

The market was quite easy on the first days of the week. The great quantity of cotton brought forward and pressed upon the market caused a stiff timber demand and notwithstanding we have had a little share of inquiry towards the close, for some sorts prices are still reduced 3-4 a 1-8d per lb upon the Uplands which we quote as follows:—Uplands 7 7-8 a 8 1-4, Mobile, 7 1-8 a 8, Orleans 7 1-4 a 8¼.
