LIVERPOOL, Jan 5.

The proceedings in our cotton market since last Friday have been on a very limited scale. Buyers have evinced a lukewarmness which no change in circumstances seems adequate to surmount for. One report has been during the present very light, and the stock in the ports at the close of the past year could produce no disappointment, as it nearly accorded with previous calculations. The transactions of late in yarns and goods have certainly been exceedingly unsatisfactory, but this is commonly the case at the season of the year, and the instances, especially for yarns, of which the stock in hand is very moderate, have been such as to give promise, ere long, of extensive operations in those products. However we have a further reduction of fully ½d per lb. to report this week in the value of short staple American descriptions, making the fall in them, according to the sales made, in the last fortnight, 1d per lb; and it is doubtful if importers generally are willing to meet the demand. Other descriptions, though of dull sale, have mostly gone at steady rates, and on our quotations of which we find it scarcely necessary to make any alteration. Speculators have not been at all disposed to purchase, nor have we had any demand from exporters.

Uplands is the only description which has been much in request, and yet the sales have chiefly been at rates quite 1d below what were previously current; and the low and small sales effected of Orleans and Alabama, have been at a like depression. Sea Island has been neglected, and for which, our quotations are therefore nominal. Bengal, Egyptian and East India have been also untried upon, but prices, notwithstanding, have been susceptible of no very obvious decline.

To-day the 20th ult. to the 20th inst., inclusive, the sales reach 12,000 bales, including 2,750 to speculators and exporters, and 1,000 to dealers. The imports in the same time amount to 7,750 bales, viz: 4,500 Egyptian, 2,250 Surat, 500 Sea Island and 500 Pernambuco. The present stock is 179,300, American, 29,000 Brazil, 13,000 Egyptian, 31,000 East India, and 15,000 Pernambuco, West India, &c. A year ago it amounted to 187,000 bags, viz: 93,000 American, 40,000 Brazil, 18,000 Egyptian, 21,000 East India, and 10,000 Pernambuco, West Indies, &c.

LIVERPOOL, Jan 4

Tobacco—The import of the year is 61,0 hhds, of which 1270 were Virginia leaf, 2420 stems, and 2,19 Kentucky leaf and 2000 manufactured. The deliveries in the year 10,213 hhds, of which 6450 were for home consumption, 1642 sent coastwise, 2125 exported, and 2042 to be sent.
